Yaheetech 4-Tier Shoe Storage Cabinet User Manual

Model: YT-00097357SR

PRODUCT OVERVIEW

The Yaheetech 4-Tier Shoe Storage Cabinet is a versatile and functional furniture piece designed to organize footwear and small items in various living spaces. Crafted from durable CARB P2 compliant MDF, this cabinet ensures safety and longevity. Its thoughtful design includes adjustable shelves, a convenient drawer, and louvered doors for enhanced ventilation and privacy.

Image: The Yaheetech 4-Tier Shoe Storage Cabinet with its doors open, showcasing multiple pairs of shoes neatly stored on its four tiers. A top drawer is visible, and decorative items are placed on the cabinet's surface.

Key Features:

- **Trustworthy Material:** Constructed from painted CARB P2 compliant MDF, ensuring low harmful emissions and safe use.
- **Ample Storage Space:** Features a 4-layer shelf system and a spacious top drawer for organizing shoes, keys, belts, and other small items.
- **Two Adjustable Tier Partitions:** The first and third shelf partitions can be adjusted or removed to accommodate shoes of various heights, including boots.
- **Louvered Door Design:** Equipped with louvered doors and inset magnetic door stops for improved ventilation and privacy.
- **Practical and Chic Design:** A minimalist design with a classic black finish, suitable for entryways, living rooms, bedrooms, and hallways.
- **Protective Footpads:** Includes anti-scratch footpads to protect your flooring.
- **Anti-Tipping Strap:** For added safety, the cabinet comes with an anti-tipping walk strap.

Safety Information

Please read and understand all safety warnings before assembling or using this product. Failure to follow these

instructions may result in injury or damage to the product.

- Do not exceed the maximum load capacities for each tier, the drawer, and the top of the cabinet. The maximum weight limit for the entire unit is 77 pounds.
- Always attach the anti-tipping walk strap to a wall stud to prevent accidental tipping, especially in households with children or pets.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- Assemble the unit on a soft, clean surface to prevent scratching the finish.
- Do not stand or climb on the cabinet.
- Avoid placing hot items directly on the surface without protection.

SETUP AND ASSEMBLY

This shoe cabinet requires assembly. All necessary tools and hardware are included in the package for your convenience. For detailed step-by-step instructions, please refer to the official installation manual.

Download the Installation Manual: [Yaheetech Shoe Cabinet Installation Manual \(PDF\)](#)

Assembly Tips:

- Identify all parts and hardware before beginning assembly.
- Follow the numbered steps in the manual carefully.
- Do not overtighten screws during initial assembly; tighten fully once all components are aligned.
- It may be helpful to have a second person assist with certain steps, especially when attaching larger panels.

OPERATING INSTRUCTIONS

The Yaheetech Shoe Storage Cabinet is designed for intuitive use and efficient organization.

Using the Shelves:

- Open the louvered doors using the brass-toned handles.
- Place shoes neatly on the four internal shelves.
- The first and third shelf partitions are adjustable. To adjust height, carefully lift the shelf and reposition it into the desired slots. To remove a partition, lift it completely out of the cabinet. This allows for storage of taller items like

boots.

- Close the doors securely; the inset magnetic door stops will keep them shut.

Adjustable Partition

Adjust or remove the partitions to accommodate shoes in different heights

2-Height Adjustment

Remove the Partition

Image: A visual guide demonstrating how the internal shelves of the cabinet can be adjusted to two different heights or completely removed to accommodate various shoe sizes and types, such as boots.

Using the Drawer:

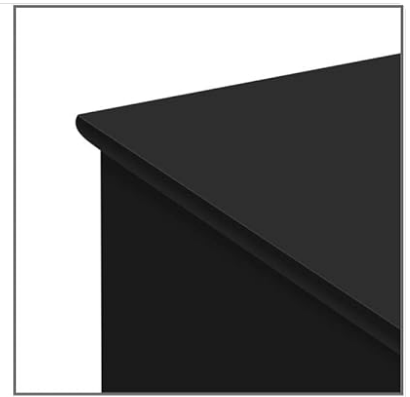

- The top drawer provides additional storage for smaller accessories.
- Pull the drawer handle to open and push to close.
- Ideal for storing keys, wallets, sunglasses, shoe care items, or other small personal belongings.

Image: A close-up view of the top drawer of the shoe cabinet, pulled open to reveal its interior, which is being used to store small items like jewelry, a wallet, and sunglasses, highlighting its utility for accessories.

Louvered Doors:

- The louvered design of the doors promotes air circulation, helping to prevent odors and keep shoes fresh.
- The magnetic attraction on the top and bottom of the doors ensures they remain securely closed when not in use, protecting your privacy and keeping contents out of sight.

MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your Yaheetech Shoe Storage Cabinet.

- **Cleaning:** The veneered surface is scratch- and water-resistant and easy to clean. Wipe down the cabinet regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** In case of spills, wipe them immediately with a dry cloth to prevent water damage.
- **Dusting:** Dust the cabinet periodically with a dry, soft cloth.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Re-tighten if necessary to maintain stability.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources, as this can cause fading or warping.

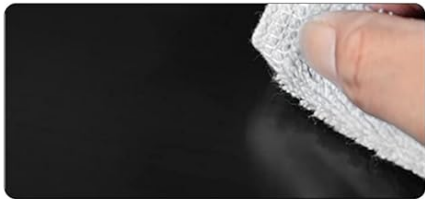

over time.

TROUBLESHOOTING

If you encounter any issues with your Yaheetech Shoe Storage Cabinet, please refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Cabinet feels wobbly or unstable.	Loose fasteners or uneven floor.	Ensure all screws and bolts are securely tightened. If the floor is uneven, use shims under the footpads to level the cabinet. Verify the anti-tipping strap is properly installed.
Doors do not align properly or close smoothly.	Improper hinge alignment or assembly.	Check the hinge installation and adjust if necessary. Ensure the cabinet frame is square. If the issue persists, re-check the assembly steps for the doors and frame.

Problem	Possible Cause	Solution
Drawer is difficult to open or close.	Drawer slides not installed correctly or obstruction.	Verify that the drawer slides are installed correctly and are free of debris. Ensure the drawer is not overloaded. If necessary, re-check the drawer assembly steps.
Missing parts or damaged components.	Manufacturing or shipping error.	Contact Yaheetech customer support immediately for replacement parts. Provide your model number and a description of the missing/damaged item.

SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
