JEKCA Pomeranian 02S-M01

JEKCA Pomeranian 02S-M01 Building Blocks Instruction Manual

Model: Pomeranian 02S-M01

INTRODUCTION

This manual provides detailed instructions for assembling and maintaining your JEKCA Pomeranian 02S-M01 plastic building block set. This set allows you to construct a detailed Pomeranian dog model using JEKCA's patented interlocking brick-through system, ensuring a sturdy and durable final product. The set contains over 1480 pieces and is recommended for individuals aged 14 years and above.

SAFETY INFORMATION

- **Small Parts:** This product contains small parts and is not suitable for children under 14 years of age due to choking hazards.

- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders within the recommended age range.
- **Proper Disposal:** Dispose of any unused or broken parts responsibly.

PACKAGE CONTENTS

Before beginning assembly, please verify that all the following components are present in your package:

- Plastic Building Bricks (over 1480 pieces)
- Instruction Manual
- Pin Driver
- Pins
- Quick Guide

ASSEMBLY INSTRUCTIONS

The JEKCA building system utilizes a patented interlocking brick-through technology to create sturdy models without the need for glue. Follow these steps carefully for proper assembly:

Step 1: Connecting Bricks

Align the bricks according to the provided instruction manual. Ensure the studs on one brick fit into the holes of another.

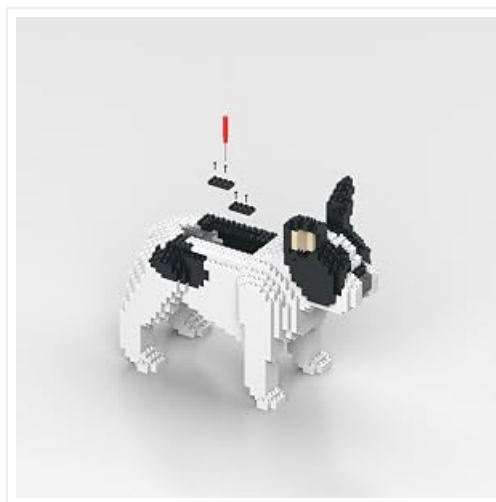

Image: A diagram illustrating the three-step interlocking process: 1. Aligning bricks, 2. Inserting pins, 3. Turning pins with the driver.

Step 2: Inserting Pins

Once bricks are aligned, insert the provided pins through the designated holes. These pins secure the bricks together.

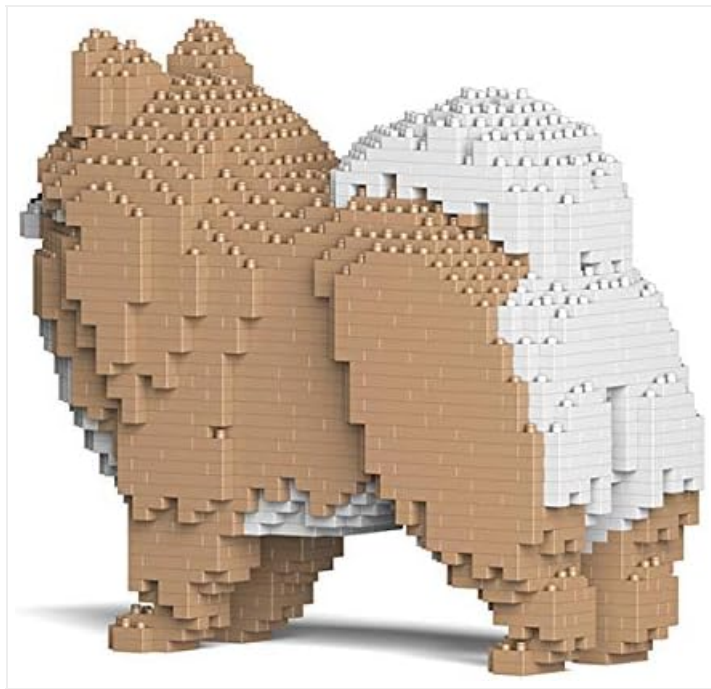

Image: An illustration demonstrating the insertion of a pin into stacked bricks, followed by a 90-degree turn using the pin driver to lock them.

Step 3: Locking Pins with Pin Driver

Use the included pin driver to turn each pin 90 degrees. This action locks the bricks firmly in place, creating a robust structure. Refer to the detailed building manual for specific brick placement and pin locations for your Pomeranian model.

OPERATING INSTRUCTIONS

The JEKCA Pomeranian 02S-M01 is a static display model. Once assembled, no further "operation" is required. The interlocking system ensures the model remains stable and intact for display purposes. Handle the assembled model with care to prevent accidental disassembly, although the patented system is designed for high durability.

MAINTENANCE

- **Cleaning:** To clean the assembled model or individual bricks, gently wipe with a dry, soft cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent material degradation or color fading over time.
- **Disassembly:** If disassembly is required, carefully reverse the pinning process using the pin driver. Avoid forcing bricks apart without first unlocking the pins.

TROUBLESHOOTING

- **Missing Parts:** If you find any missing bricks or components, please contact JEKCA customer support.
- **Difficulty Interlocking Bricks:** Ensure bricks are correctly aligned and pins are fully inserted before attempting to turn them with the pin driver. Do not force pins.
- **Model Instability:** Verify that all pins are correctly inserted and turned 90 degrees to lock the bricks. Refer to the detailed building manual to ensure all sections are properly secured.

SPECIFICATIONS

Feature	Detail
Model Name	Pomeranian 02S-M01
Model Number	ST19PM02-M01
Brand	JEKCA
Material	Plastic
Number of Pieces	1480
Assembled Dimensions (L x W x H)	9.61 x 4.45 x 8.19 inches (24.4 x 11.3 x 20.8 cm)
Weight	1.22 Kilograms
