- **Emptying Dust Bag:** Regularly check and empty the dust collection bag. To remove, detach it from the fan unit, empty the contents, and reattach securely. Replace the bag if it becomes damaged or excessively worn.
- **Fan Grill Cleaning:** Periodically clean the fan grill on the tabletop to prevent blockages and ensure optimal airflow. Use a soft brush or a vacuum cleaner with a brush attachment.
- **Cushion Care:** The wrist cushion can be wiped clean with a damp cloth. For deeper cleaning, use a mild upholstery cleaner as needed.
