3. Setup

3.1 Initial Charging

Before first use, ensure the mug is fully charged. Place the mug on the charging coaster and connect the power adapter to a power source. The mug's indicator lights will show charging status.

3.2 Power On/Off

To power on or off, press and hold the button located on the bottom of the mug for 3 seconds. The indicator lights will confirm the status change.

3.3 App Connection

For advanced control, download the Vsitoo app from your smartphone's app store. Ensure your phone's Bluetooth is enabled and follow the in-app instructions to pair your mug. The app allows for customized temperature settings and other features.

4. Operating Instructions

4.1 Temperature Control

- **Auto-Sensing AI:** The mug features a built-in AI sensor that automatically begins heating when it detects liquid, maintaining your last preferred temperature.
- **One-Touch Button:** Press the button on the bottom of the mug to cycle through preset temperature levels (120°F, 130°F, 140°F, 150°F). Each press increases the temperature by 10°F.
- **App Control:** Use the Vsitoo app to precisely set your desired temperature within the range of 120°F to 150°F.

4.2 Safety Features

- **Dry-Boil Protection:** If the mug detects no liquid, it will pause heating and alert you. Heating resumes automatically once refilled.
- **Auto-Off Intelligence:** The mug automatically shuts off after 2 hours of inactivity, extendable to 4 hours via the app, to conserve battery and ensure safety.

5. Maintenance

5.1 Cleaning

The Vsitoo S3 Pro mug is IPX7 waterproof, allowing for easy hand washing. Avoid using abrasive cleaners or scrubbers that could damage the ceramic coating. Do not submerge the charging coaster in water.

5.2 Materials

The mug is crafted with dual-walled 316 stainless steel and features a food-safe ceramic coating. It is BPA-free, ensuring durability and safety.

6. Troubleshooting

- **Mug not heating:** Ensure the mug is powered on and has sufficient battery. Check if there is liquid in the mug. If using the charging coaster, ensure it is properly connected to power.
- **App connectivity issues:** Verify Bluetooth is enabled on your smartphone. Ensure the mug is powered on and within range. Try restarting both the app and the mug.
- **Battery not charging:** Confirm the charging coaster is connected to a working power outlet. Ensure the mug is correctly placed on the coaster.

7. Specifications

Feature	Detail

Capacity	14oz (approx. 410ml)
