

JOOM JU001iT

JOOM 40cm Black Metal Floating Wall Shelf Instruction Manual

Model: JU001iT | Brand: JOOM

1. INTRODUCTION

This manual provides essential information for the safe and effective installation, operation, and maintenance of your JOOM 40cm Black Metal Floating Wall Shelf. Please read these instructions carefully before installation and retain them for future reference.

Safety Information

- Ensure the wall material is suitable for mounting and can support the shelf's weight plus the items placed on it.
- Use appropriate tools and safety gear during installation.
- Do not overload the shelf beyond its maximum weight capacity.
- Keep small parts and hardware away from children.

2. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- 1 x JOOM 40cm Black Metal Floating Wall Shelf
- Mounting Hardware (screws, wall anchors)

3. SPECIFICATIONS

Feature	Detail
Brand	JOOM

Feature	Detail
Model Number	JU001iT

Material	Aluminum
Color	Black
Mounting Type	Wall Mount
Number of Shelves	1
Maximum Weight Capacity	9.07 kg (20 lbs)
Special Feature	Superior Durability and Quality
Finish Type	Painted (Matte Black)
Country of Origin	China

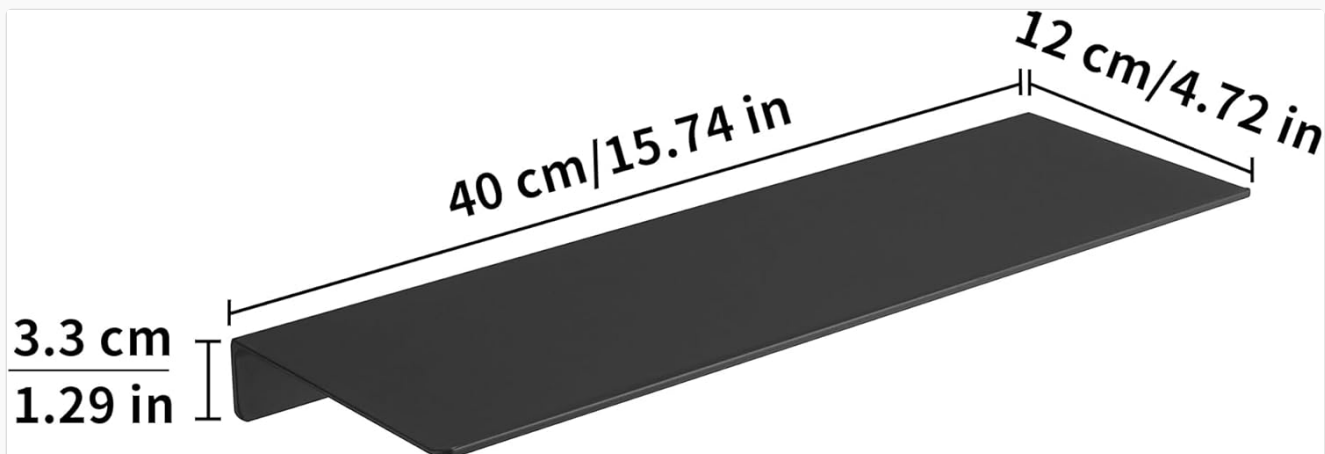

Figure 3.1: Shelf Dimensions. The shelf measures 40 cm in length, 12 cm in depth, and has a front lip height of 3.3 cm.

4. SETUP AND INSTALLATION

The JOOM floating shelf is designed for wall mounting. Follow these steps for secure installation:

- 1. Choose Location:** Select a suitable wall location. Ensure there are no hidden electrical wires or plumbing in the drilling area.
- 2. Mark Drilling Points:** Hold the shelf against the wall at the desired height and use a pencil to mark the positions for the mounting holes. Ensure the marks are level.
- 3. Drill Holes:** Using an appropriate drill bit for your wall type (e.g., wood, drywall, concrete), drill holes at the marked points. The image below illustrates compatibility with different wall types.

Figure 4.1: Marking drilling points on the wall.

Figure 4.2: Drilling holes for mounting.

4. **Insert Wall Anchors:** For drywall or concrete, insert appropriate wall anchors into the drilled holes. For wood studs, anchors may not be necessary.
5. **Mount the Shelf:** Align the shelf's mounting holes with the drilled holes/anchors. Insert the screws through the shelf and into the wall/anchors.
6. **Secure the Shelf:** Tighten the screws until the shelf is firmly secured to the wall. Do not overtighten.

FITS ANY WALL TYPES

5. OPERATING AND USAGE

The JOOM floating wall shelf is designed for versatile storage and display in various settings:

- **Bathroom:** Ideal for organizing toiletries, cosmetics, and small towels.
- **Kitchen:** Suitable for spice jars, small containers, or decorative kitchen items.
- **Office:** Can hold small office supplies, books, or decorative elements.
- **Living Room/Bedroom:** Perfect for displaying small decorative objects, photos, or collectibles.

Always ensure that the total weight of items placed on the shelf does not exceed the maximum weight capacity of 9.07 kg (20 lbs).

6. MAINTENANCE

To maintain the appearance and longevity of your JOOM floating shelf:

- **Cleaning:** Wipe the shelf with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by drying immediately.
- **Water Resistance:** The aluminum construction is resistant to moisture, making it suitable for bathroom environments. However, avoid prolonged exposure to standing water.
- **Inspection:** Periodically check the mounting screws to ensure they remain tight and secure.

7. TROUBLESHOOTING

- **Shelf feels loose after installation:**

Solution: Ensure the mounting screws are fully tightened. If the provided wall anchors do not provide sufficient grip for your specific wall material, consider using alternative, more robust anchors suitable for your wall type

(e.g., heavy-duty drywall anchors for drywall, or concrete-specific anchors for concrete).

- **Shelf is not level:**

Solution: Before drilling, use a spirit level to ensure your marked points are perfectly horizontal. Adjust as necessary.

- **Items slide off the shelf:**

Solution: Ensure the shelf is installed level. Avoid placing items that are unstable or have a high center of gravity near the edge.

8. SUPPORT

If you have any questions, require assistance with installation, or encounter any issues not covered in this manual, please contact JOOM customer service. We are committed to providing support for our products.

Contact information can typically be found on the product packaging or the retailer's website where the product was purchased.
