4. SETUP

The KSW KINGDO Stylus Pen is designed for immediate use without complex setup procedures.

Getting Started:

1. Ensure the stylus is charged (refer to Section 6: Charging).
2. Press the power button on the stylus to turn it on.
3. No drivers or Bluetooth pairing are required. The stylus is ready to use with your compatible Apple iOS device.

5. OPERATING INSTRUCTIONS

The KSW KINGDO Stylus Pen offers precise control for various digital tasks.

Usage:

- The 1.4mm fine tip provides accurate control for detailed work.
- Use the stylus for note-taking, sketching, drawing, and interacting with games or other applications.
- The stylus is designed for a smooth and responsive experience on touchscreens.

6. CHARGING

The KSW KINGDO Stylus Pen features fast charging and extended battery life.

Charging Instructions:

- Connect the included USB-C cable to the stylus and a compatible power source.
- A full charge takes less than 1 hour.
- The stylus can be used for over 10 hours on a single charge.
- It features a 30-minute auto-sleep function when not in use to conserve battery.
- The standby time is approximately 120 days.

CHARGE WITH A USB-C CONNECTOR

You can charge while you write! **5 Mins Charging=10 Hour Working**

Charging Time < 1 Hour 30 Mins Auto Sleep

Working Time > 10 Hours 120 Days Stand-by Time

The KSW KINGDO Stylus Pen connected to a power strip via a USB-C cable, illustrating the charging process. Text indicates '5 Mins Charging = 10 Hour Working', 'Charging Time < 1 Hour', '30 Mins Auto Sleep', 'Working Time > 10 Hours', and '120 Days Stand-by Time'.

7. MAINTENANCE

To ensure optimal performance and longevity of your KSW KINGDO Stylus Pen, follow these maintenance guidelines:

- Keep the stylus tip clean and free from dust or debris. Use a soft, dry cloth for cleaning.
- Store the stylus in its provided carrying bag when not in use to protect the tip and body from damage.
- Avoid dropping the stylus or subjecting it to strong impacts.
- Do not expose the stylus to extreme temperatures or moisture.

8. TROUBLESHOOTING

If you encounter issues with your KSW KINGDO Stylus Pen, refer to the following common solutions:

Stylus is skipping or not registering lines correctly:

- Ensure the stylus tip is securely fastened. If the grey part at the tip is loose, gently screw it back down

tightly.

- Verify that your device's screen is clean and free of smudges or debris that might interfere with touch input.
- Confirm that your device's iOS is updated to version 12.2 or above.
- If using an iPad previously paired with an Apple Pencil, ensure the Apple Pencil is unpaired from your device's Bluetooth settings.

Stylus does not turn on or hold a charge:

- Ensure the stylus is fully charged using the provided USB-C cable.
- Check the charging cable and adapter for any damage. Try a different USB-C cable or power source if available.

Inconsistent writing or drawing performance:

- While the stylus offers precision, very small or rapid strokes might occasionally be missed by some applications. Adjusting writing speed or size may improve recognition.
- Some screen protectors may affect stylus performance. If you experience significant issues, try testing the stylus without a screen protector.
