3. SETUP INSTRUCTIONS

Follow these steps to set up your Zoook Smart Connect 10A Wi-Fi Smart Plug:

1. **Download the Smartlife App:** Search for "Smartlife" in your smartphone's app store (iOS or Android) and download the application.
2. **Register/Log In:** Open the Smartlife App and register a new account or log in if you already have one.
3. **Plug In the Smart Plug:** Insert the Zoook Smart Plug into a standard Type D wall socket.
4. **Enter Pairing Mode:**
 - Ensure the indicator light on the plug is blinking rapidly. If not, press and hold the power button on the plug for approximately 5 seconds until it starts blinking rapidly.
 - *Note:* The rapid blinking indicates the plug is in pairing mode.
5. **Add Device in App:**
 - In the Smartlife App, tap the "+" icon (usually in the top right corner) to add a new device.

- Select "Electrical" then "Socket (Wi-Fi)" or allow the app to auto-scan for devices.
- Confirm that the indicator light is blinking rapidly.

6. Connect to Wi-Fi:

- Enter your 2.4 GHz Wi-Fi network password. *Important:* The smart plug only supports 2.4 GHz Wi-Fi networks. Ensure your phone is connected to a 2.4 GHz network during setup.
- The app will begin connecting to the device. This may take a few moments.

7. **Device Added:** Once successfully connected, you can rename the smart plug for easier identification (e.g., "Living Room Lamp," "Coffee Maker").

Control from Anywhere

Image 3.1: The Smartlife app interface displaying options to add various smart devices, including Wi-Fi sockets, under the "Electrical" category.

4. OPERATING INSTRUCTIONS

4.1 Remote Control via Smartlife App

After successful setup, you can control your smart plug from anywhere using the Smartlife App:

- Open the Smartlife App and select your smart plug from the device list.

- Tap the power icon to turn the connected appliance ON or OFF.
- Access additional features like scheduling, timers, and power monitoring from the device interface.

MOBILE PHONE CONTROL

Control your appliances via mobile app

Image 4.1: A user demonstrating mobile phone control of the smart plug, allowing appliances to be managed remotely.

4.2 Scheduling and Timer Functions

Automate your appliances with schedules and timers:

- In the Smartlife App, select your smart plug.
- Navigate to the "Schedule" or "Timer" section.
- Set specific times for the plug to turn ON or OFF daily or on selected days.
- Use the countdown timer for temporary operations.

Image 4.2: An illustration of a smart home environment where appliances are controlled by a time schedule function, showing a TV turning on at 18:00 and off at 22:00, and a coffee maker turning on at 21:00.

4.3 Voice Control (Alexa & Google Assistant)

Integrate your smart plug with voice assistants for hands-free control:

1. Link Smartlife Account:

- Open the Amazon Alexa app or Google Home app.
- Go to "Skills & Games" (Alexa) or "Works with Google" (Google Home).
- Search for "Smartlife" and enable the skill/service.
- Link your Smartlife account using your Smartlife app credentials.

2. Discover Devices: Once linked, ask Alexa or Google Assistant to "Discover devices."

3. Voice Commands: You can now control your smart plug using voice commands.

- "Alexa, turn on [Device Name]"
- "Hey Google, turn off [Device Name]"
- "Alexa, what is the power consumption of [Device Name]?" (if supported by the voice assistant integration)

Voice Control

Super convenient when your hands are full

5. POWER MONITORING

The Zoook Smart Connect 10A Wi-Fi Smart Plug includes a power meter feature to monitor the energy consumption of connected appliances.

- In the Smartlife App, select your smart plug.
- Look for the "Power Statistics" or "Energy Monitoring" section within the device interface.
- View real-time power usage, daily, weekly, or monthly consumption reports.

6. SAFETY INFORMATION AND MAINTENANCE

6.1 Safety Precautions

- Do not exceed the maximum load current of 10 Amps.
- Do not use in wet environments or near water.
- Do not disassemble or modify the device.
- Keep out of reach of children.

- Ensure the plug is fully inserted into the wall socket.
- This device is designed for indoor use only.

6.2 Maintenance

- Clean the smart plug with a dry, soft cloth. Do not use liquid cleaners.
- Regularly check for any signs of damage or wear.
