2. SETUP

The Hot Wheels McLaren 720S vehicle requires no assembly. It is ready for use directly out of its packaging.

- **Assembly:** No assembly is required.
- **Batteries:** This vehicle does not require batteries for operation.

Simply remove the vehicle from its packaging to begin use.

3. OPERATING INSTRUCTIONS

The Hot Wheels McLaren 720S operates manually. It is designed for imaginative play and display.

1. **Placement:** Place the vehicle on a smooth, flat surface.
2. **Movement:** Gently push the vehicle forward or backward to make it roll. The wheels are designed for smooth movement.
3. **Display:** For display purposes, position the vehicle on a stable surface away from direct sunlight or extreme temperatures.

Important Safety Note: This product is intended for individuals aged 13 years and older. Keep out of reach of small children due to potential choking hazards from small parts.

4. MAINTENANCE

Proper care will ensure the longevity and appearance of your Hot Wheels McLaren 720S vehicle.

- **Cleaning:** To clean the vehicle, gently wipe it with a soft, dry cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the paint finish and decals.
- **Storage:** Store the vehicle in a cool, dry place, away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause fading of colors.
- **Handling:** Handle the vehicle with care to prevent scratches, dents, or damage to the wheels and axles.

5. TROUBLESHOOTING

This section addresses common minor issues you might encounter with your die-cast vehicle.

Problem	Possible Cause	Solution
Wheels do not roll smoothly.	Debris caught in axles or minor axle bend.	Carefully inspect wheels and axles for any visible debris and remove it. If an axle is bent, gentle straightening may be possible, but avoid excessive force to prevent breakage.
Paint finish appears dull or scratched.	Accumulated dust or surface scratches from handling.	Wipe with a soft, dry cloth. For minor scratches, specialized model car polish may be used with caution, following product instructions.
Vehicle does not sit level.	Slight manufacturing variation or minor deformation.	Ensure the surface it is placed on is perfectly flat. For display, a small shim can be used if necessary.
