BePuzzled Turtles Original 3D Crystal Puzzle Instruction Manual

Model: 31086

ABOUT YOUR BEPUZZLED 3D CRYSTAL PUZZLE

The BePuzzled Turtles Original 3D Crystal Puzzle offers a unique and engaging challenge for puzzle enthusiasts. Unlike traditional flat jigsaw puzzles, this product features precision-crafted, translucent, interlocking pieces that form a three-dimensional model of two turtles, one larger and one smaller, in a vibrant green color.

This puzzle is designed to enhance problem-solving, critical thinking, and strategic thinking skills. Once assembled, the finished model serves as a beautiful display piece, adding a touch of elegance to any shelf, desk, or bookcase.

Key Features:

- **3-Dimensional Design:** Consists of interlocking, colorful, 3-dimensional puzzle pieces.
- **Challenging and Rewarding:** Provides a satisfying brain-teasing experience for ages 12 and up.
- **Quality Construction:** Features precision-molded, clear hard plastic pieces ensuring a flawless assembly.
- **Display Piece:** Transforms into a visually stunning art piece upon completion.

WHAT'S INCLUDED

Your BePuzzled Turtles Original 3D Crystal Puzzle package contains the following components:

- 37 Crystal Puzzle Pieces (forming the two turtles)
- Instruction Sheet (visual guide for assembly)

ASSEMBLY INSTRUCTIONS (SETUP)

Assembling your 3D Crystal Puzzle requires patience and attention to detail. While there are no traditional step-by-step written instructions for each piece, the puzzle is designed to be solved by identifying the unique interlocking shapes. Online step-by-step solutions are available if you encounter difficulties.

1. **Unpack Components:** Carefully remove all 37 crystal pieces from the packaging. Lay them out on a clean, flat surface.
2. **Familiarize Yourself with Pieces:** Observe the different shapes and sizes of the translucent pieces. Some pieces form the body, shell, head, and limbs of the turtles.
3. **Identify Key Pieces:** Look for pieces that appear to form the core structure or base of each turtle. Often, the base

pieces are flatter or have distinct connection points.

4. **Begin Interlocking:** Start connecting pieces that clearly fit together. The pieces are designed to interlock securely. Do not force pieces together, as this may cause damage.
5. **Build Layer by Layer:** Many 3D crystal puzzles are built in layers. Identify how pieces stack or connect to form the three-dimensional shape. For the turtles, you will build the body and shell, then attach the head and limbs.
6. **Assemble Both Turtles:** The set includes pieces for both a larger and a smaller green turtle. Assemble them individually.
7. **Final Connections:** Once the main structures are formed, connect any remaining smaller pieces, such as the eyes or small decorative elements, if applicable.

DISPLAY AND CARE (OPERATING & MAINTENANCE)

Once assembled, your 3D Crystal Puzzle is ready for display. No ongoing operation or complex maintenance is required.

- **Display:** Place your completed turtle puzzle on a stable, flat surface where it can be admired. Its translucent nature allows light to pass through, creating a beautiful effect.
- **Cleaning:** To clean, gently wipe the puzzle with a soft, dry cloth. Avoid using abrasive cleaners or excessive moisture, which could dull the finish or damage the plastic.

- **Storage:** If you need to store the puzzle, consider disassembling it carefully and returning the pieces to their original packaging or a secure container to prevent loss or damage.

TROUBLESHOOTING

While assembling the puzzle, you might encounter some common challenges:

Problem	Solution
Pieces do not fit together.	Ensure you are using the correct pieces for that section. The interlocking mechanism is precise. Try rotating the pieces or examining the shape more closely. Refer to online solutions if available.

Problem	Solution
Puzzle is unstable or falls apart.	This indicates that some pieces are not fully interlocked or are in the wrong position. Carefully re-examine the connections and ensure all pieces are securely snapped into place.
Missing a piece.	Thoroughly check your work area and packaging. If a piece is genuinely missing, contact BePuzzled customer support for assistance.

For additional assistance, BePuzzled offers online step-by-step solutions to help advance any Original 3D Crystal Puzzle if you get stuck. Please refer to the manufacturer's website for these resources.
