## TRUSTECH KPT-1606F

# TRUSTECH 36" Ceramic Tower Space Heater User Manual

MODEL: KPT-1606F

Brand: TRUSTECH

### 1. Setup Instructions

Carefully remove the heater from its packaging. Ensure all components are present and undamaged. Place the heater on a firm, level surface, away from walls, furniture, and curtains to ensure proper airflow and prevent fire hazards. Ensure the power cord is not obstructed or placed under the heater.

*Image: The TRUSTECH 36-inch Ceramic Tower Space Heater, showcasing its sleek design, remote control, and realistic 3D flame effect.*

Connect the power cord to a standard 120 Volt, 12.5 Amp electrical outlet. Do not use extension cords or power strips with this appliance.

## 2. Operating Instructions

The TRUSTECH Ceramic Tower Space Heater offers multiple operating modes and features for optimal comfort.

### Power On/Off

Press the Power button on the digital touch panel or the remote control to turn the heater on or off.

### Heating Modes

Press the 'MODE' button to cycle through the available heating modes:

- **Low (LO):** 1000W heating output.
- **High (HI):** 1500W heating output for rapid warming.
- **ECO Mode:** The heater intelligently adjusts its power consumption (between 1000W and 1500W) to maintain your set temperature, optimizing energy efficiency.

*Image: The TRUSTECH space heater rapidly warms a room to 75°F in seconds using PTC ceramic heating technology.*

### **Thermostat Adjustment**

In ECO Mode, use the '+' and '-' buttons on the control panel or remote to set your desired temperature between 59°F and 95°F.

### **Oscillation Feature**

Press the 'OSC' button on the control panel or remote to activate the 60° oscillation function, distributing warm air widely across the room.

*Image: The heater features 60° widespread oscillation to distribute warm air evenly across a room.*

### **3D Realistic Flame**

Press the 'FLAME' button on the remote control to turn the realistic 3D flame effect on or off. This feature provides visual ambiance and does not produce heat.

### **12-Hour Timer**

Press the 'TIMER' button to set the auto-off timer for up to 12 hours. Each press increases the timer by one hour.

### **Remote Control & Digital Panel**

All functions can be controlled via the included remote control or the intuitive digital touch panel located on the top of the heater.

Image: Control the TRUSTECH space heater conveniently with the included remote control or the digital touch panel on top.

## MULTI-HEATING MODE CHOICE

Maintaining your target temperature while you sleep

*Image: Multiple heating modes, including Low (1000W), High (1500W), and ECO mode, allow for customized comfort.*

### 3. Maintenance

Always unplug the heater from the power outlet and allow it to cool completely before cleaning or storing.

#### Cleaning

Wipe the exterior surfaces of the heater with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure no water enters the interior of the heater.

#### Storage

When not in use, store the heater in a cool, dry place. It is recommended to store it in its original packaging to protect it from dust and damage.

## 4. Troubleshooting

If your heater is not functioning as expected, please refer to the following common issues and solutions:

- **Heater does not turn on:** Ensure the power cord is securely plugged into a working outlet. Check if the power outlet is active.
- **Heater stops working unexpectedly:** The heater may have activated its safety features.
  - **Tip-Over Protection:** If the heater is accidentally knocked over (beyond 45°), it will automatically shut off. Place the heater upright on a stable surface to resume operation.
  - **Overheat Protection:** If the heater overheats, it will automatically shut off. Unplug the heater, allow it to cool for 10-15 minutes, and then plug it back in. Ensure there are no obstructions to the air intake or output vents.
- **Oscillation not working:** Ensure the heater is on a flat, stable surface. If the issue persists, contact customer support.

*Image: The heater is equipped with dual protection features, including tip-over and overheating safeguards, for enhanced safety.*

## 5. Specifications

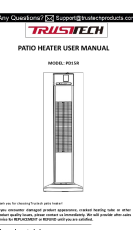

Feature	Detail
Brand	TRUSTECH
Model	KPT-1606F
Color	Black Indoor Space Heater
Form Factor	Tower
Product Dimensions	7.4"D x 7.4"W x 34.76"H
Item Weight	7 pounds
Voltage	120 Volts
Amperage	12.5 Amps
Fuel Type	PTC Ceramic Heating
Heating Coverage	Whole room heating (380 sq-ft to 500 sq-ft)
Min Temperature Setting	59 Degrees Fahrenheit
Max Temperature Setting	95 Degrees Fahrenheit
Number of Speeds	3
Special Feature	Energy Efficient, Portable, Programmable Thermostat, 12H timer, Three heating modes, 3D Realistic Flame, Oscillating, Remote Control
