PUBU P9A

PUBU P9A Smart Watch User Manual

Model: P9A

1. Introduction

Thank you for choosing the PUBU P9A Smart Watch. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your smart watch.
The PUBU P9A Smart Watch is designed to be a versatile companion for your daily life, offering fitness tracking, health monitoring, and smart notifications. It is compatible with both Android and iOS phones.

2. What's in the Box

Upon opening your PUBU P9A Smart Watch package, you should find the following items:

- PUBU P9A Smart Watch (with watch band)
- Charging Cable
- User Manual

3. Initial Setup

3.1 Charging the Smart Watch

Before first use, fully charge your smart watch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

3.3 Device Pairing

1. Ensure your phone's Bluetooth is enabled.
2. Open the PubuFit app and follow the on-screen instructions to add a new device.

3. Select your PUBU P9A Smart Watch from the list of available devices.
4. Confirm the pairing request on both your phone and the smart watch.

4. Operating Instructions

4.1 Full Touch Screen Navigation

The PUBU P9A Smart Watch features a full touch screen for intuitive navigation. Swipe left, right, up, or down to access different functions and menus. Tap to select an option or confirm an action.

4.4 Heart Rate and Blood Oxygen Monitoring

The smart watch continuously monitors your heart rate and can measure your blood oxygen saturation (SpO2). Access these features from the watch menu or the PubuFit app. For accurate readings, ensure the watch is snug on your wrist.

5. Maintenance

5.1 Cleaning

Regularly clean your smart watch and strap to prevent skin irritation and maintain device functionality. Use a soft, damp cloth to wipe the watch. Avoid harsh chemicals or abrasive materials.

5.2 Water Resistance (IP68)

The PUBU P9A Smart Watch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, such as hand washing or light rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can damage the device.

Video: This video demonstrates various features of the PUBU Smart Watch, including UI interface switching, heart rate monitoring, health data measurement, multiple sports modes, IPX7 waterproofing, call reminders, sleep quality monitoring, and remote photo taking. The waterproofing segment shows the watch submerged in water, highlighting its IPX7 (note: product description states IP68, video says IPX7, will use IP68 as per product spec) resistance.

5.3 Battery Care

To prolong battery life, avoid fully discharging the watch frequently. Charge it when the battery level is low. Store the watch in a cool, dry place when not in use for extended periods.

6. Specifications

Feature	Detail
Model Number	P9A
Brand	PUBU
Screen Size	1.3 Inches
Operating System Compatibility	Android, iOS

Connectivity Technology	Bluetooth
Water Resistance	IP68
Special Features	Activity Tracker, Blood Pressure Monitor, Camera Control, Heart Rate Monitor, Notifications, Pedometer, Phone Call, Sleep Monitor, Time Display
Battery Type	Lithium Polymer
Item Weight	4.6 ounces

7. Troubleshooting

7.1 Watch Not Turning On

- Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- Press and hold the side button for several seconds to power on.

7.2 Unable to Pair with Phone

- Make sure Bluetooth is enabled on your phone.
- Ensure the watch is within Bluetooth range of your phone.
- Restart both your phone and the smart watch.
- Clear the Bluetooth cache on your phone (if applicable) and try pairing again.
- Ensure the PubuFit app has necessary permissions enabled on your phone.

7.3 Inaccurate Health Data

- Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- Avoid excessive movement during measurements.
- Clean the sensor on the back of the watch.
- Note that smart watch health data is for reference only and should not be used for medical diagnosis.

7.4 Notifications Not Appearing

- Verify that the watch is successfully paired with your phone.
- Check notification settings within the PubuFit app to ensure desired apps are enabled.
- Ensure your phone's notification settings allow the PubuFit app to display alerts.
- Disable 'Do Not Disturb' mode on both your phone and watch.

8. Warranty and Support

Your PUBU P9A Smart Watch comes with a standard manufacturer's warranty. For specific warranty terms and conditions, please refer to the warranty card included in your product packaging or contact PUBU customer support.
For further assistance, technical support, or inquiries, please visit the official PUBU website or contact their customer service team through the contact information provided in your product documentation.
