Vicco Fame-Line Single Built-In Kitchen Unit 140 cm

Vicco Fame-Line Single Built-In Kitchen Unit 140 cm Instruction Manual

Model: Fame-Line Single Built-In Kitchen Unit 140 cm

INTRODUCTION

This manual provides essential information for the safe and efficient setup, operation, and maintenance of your Vicco Fame-Line Single Built-In Kitchen Unit. Please read these instructions carefully before beginning assembly or use, and retain them for future reference.

The Vicco Fame-Line kitchen unit is designed for modern kitchens, featuring high-gloss anthracite finishes, sturdy metal handles, soft-closing hinges, and metal full-extension drawers for enhanced functionality and durability. The unit is constructed from 16mm chipboard with a melamine resin coating and high-quality MDF fronts.

SETUP AND ASSEMBLY

Your Vicco Fame-Line kitchen unit requires assembly. The package includes the kitchen block components, mounting material, and detailed assembly instructions. Please ensure all parts are present before beginning assembly.

1. **Unpacking:** Carefully unpack all components and check against the parts list provided in the separate assembly instructions.
2. **Preparation:** Ensure you have adequate space and the necessary tools for assembly.
3. **Assembly:** Follow the step-by-step assembly instructions provided with your unit. Pay close attention to diagrams and warnings.
4. **Mounting:** This unit is designed for wall mounting. Ensure the wall is suitable for supporting the weight of the unit and its contents. Use appropriate wall anchors and fasteners as per the included instructions.
5. **Adjustments:** Once assembled, adjust the cabinet feet and door hinges for proper alignment and function.

OPERATING INSTRUCTIONS

The Vicco Fame-Line kitchen unit is designed for ease of use and durability.

- **Doors:** The cabinet doors are equipped with soft-closing hinges, allowing them to close gently and silently. Avoid forcing them shut.
- **Drawers:** The drawers feature metal full-extension slides, enabling them to open completely for full access to contents. They also incorporate a soft-closing mechanism.
- **Storage:** Distribute weight evenly within cabinets and drawers. Adhere to the maximum weight capacity of 50 kilograms per unit to prevent damage.

MAINTENANCE

Proper care will ensure the longevity and appearance of your kitchen unit.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaning agent. Avoid harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the high-gloss finish and melamine coating.
- **Spills:** Clean up spills immediately to prevent staining or damage to the material.
- **Hardware:** Periodically check all screws, hinges, and drawer slides for tightness. Tighten any loose fittings to maintain stability and proper function.
- **Avoid Excessive Moisture:** While the unit is designed for kitchen use, avoid prolonged exposure to excessive moisture or steam, which can cause material degradation.

TROUBLESHOOTING

If you encounter issues with your kitchen unit, consider the following common solutions:

- **Doors or Drawers Not Closing Properly:** Check if the unit is level. Adjust the cabinet feet if necessary. Inspect hinges and drawer slides for any obstructions or loose screws. Tighten screws as needed.
- **Wobbly Unit:** Ensure all assembly screws are securely tightened. Verify that the unit is level on the floor and that wall mounting is secure.
- **Scratches or Dents:** Minor scratches on high-gloss surfaces may sometimes be buffed out with specialized furniture polish. For significant damage, contact the manufacturer or a professional for repair options.

SPECIFICATIONS

Feature	Detail
Brand Name	Vicco
Color	charcoal
Material	Composite wood, Metal, Resin, Wood
Item Dimensions (D x W x H)	52D x 140W x 82H centimeters
Mounting Type	Wall Mount
