kapebow BL-XK01

Star Projector User Manual

Model: BL-XK01 | Brand: kapebow

1. INTRODUCTION AND KEY FEATURES

Thank you for choosing the kapebow Star Projector. This device is designed to transform your space with stunning galaxy and star projections, accompanied by high-quality audio. It's perfect for creating a relaxing ambiance, a party atmosphere, or a unique night light for any room.

Figure 1: The kapebow Star Projector in a bedroom setting, showcasing its light projection capabilities and control options.

Key Features:

- **Dynamic Light Effects:** Offers 4 primary colors and 10 distinct light display options, providing bright, beautiful, and vivid projections that cover a large area.
- **Integrated Dual Speaker:** Play your favorite music directly through the projector via Bluetooth or USB connection.
- **Multiple Control Methods:** Easily manage settings using the included remote control, a dedicated smartphone application, or voice commands via Amazon Alexa.
- **Automated Timer Function:** Features built-in 1-hour and 2-hour auto-off timers, with customizable off times available in WiFi mode.
- **Adjustable Brightness:** Four levels of brightness (10%, 40%, 70%, 100%) allow you to tailor the intensity of the projection.
- **Voice Control System:** Synchronize light changes with music beats or hand claps for an interactive experience.

2. PACKAGE CONTENTS

Please check the box for the following items:

- kapebow Star Projector (Model: BL-XK01)
- Remote Control
- USB Power Cable
- User Manual (this document)

Note: A power adapter (5V) is required but may not be included. Please use a compatible USB power adapter.

3. SETUP

3.1 Power Connection

1. Connect the provided USB power cable to the DC 5V input port on the projector.
2. Plug the other end of the USB cable into a compatible 5V USB power adapter (not included) and then into a power outlet.
3. The projector will power on and emit a voice prompt indicating its status.

3.2 Initial Placement

Place the projector on a stable, flat surface. For optimal projection, position it in the center of the room or at a desired angle to cover the ceiling and walls.

3.3 Wi-Fi / App Pairing (for Smart Control)
