4. MAINTENANCE

4.1 Cleaning

The Satisfyer Double Joy is waterproof (IPX7) and made of medical-grade silicone, making it easy to clean. After each use, clean the device with warm water and a mild, toy-friendly soap or a specialized toy cleaner. Rinse thoroughly and allow it to air dry.

4.2 Storage

Store the device in a clean, dry place away from direct sunlight and extreme temperatures. Avoid storing it with other silicone products to prevent material degradation.

5. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. If it still doesn't turn on, try a different USB power source for charging.
- **App connection issues:**
 - Ensure Bluetooth is enabled on your smartphone.
 - Make sure the device is in pairing mode (LED flashing).
 - Restart both the device and the app.
 - Check if the app is updated to the latest version.
 - If issues persist, try unpairing and re-pairing the device in your phone's Bluetooth settings.
- **Charging problems:** If the device is not charging, verify that the magnetic charging cable is properly connected to both the device and a working USB power source. Inspect the cable for any damage.
- **Buttons changing settings accidentally:** When using the device, ensure your grip does not inadvertently press the control buttons. The Satisfyer Connect App allows you to lock the buttons to prevent accidental changes during use.
