OPERATING INSTRUCTIONS (How to Play)

The objective of the VATOS Wooden Brain Teaser Puzzle Game is to arrange the geometric blocks to complete various puzzle challenges. The game offers 74 progressive difficulty challenges, ranging from basic to master levels.

- 1. Select a Challenge:** Open the instruction guide book and choose a puzzle challenge. Each challenge will show a starting configuration or a target shape to achieve.
- 2. Set Up the Base:** Place the wooden cubes as indicated in the challenge diagram.
- 3. Arrange the Blocks:** Use the geometric puzzle blocks to fill the designated area or construct the specified shape. The goal is to fit all required blocks without any gaps or overlaps.
- 4. Progressive Difficulty:** The guide book provides solutions and hints for each challenge. Begin with easier levels and gradually advance to more complex puzzles as skills improve.

This game encourages players to experiment with different block orientations and placements to solve the puzzles, enhancing spatial reasoning and problem-solving abilities.

MAINTENANCE

To ensure the longevity of your VATOS Wooden Brain Teaser Puzzle Game, follow these maintenance guidelines:

- **Cleaning:** Wipe the wooden blocks and base with a soft, slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood and paint finish.
- **Drying:** Ensure all components are completely dry before storing to prevent warping or mold growth.
- **Storage:** Store the puzzle in a cool, dry place away from direct sunlight and extreme temperatures. Keep all pieces together in their original packaging or a designated container to prevent loss.
- **Inspection:** Periodically inspect the blocks for any signs of wear or damage. Discontinue use if any pieces are broken or splintered to prevent injury.

TROUBLESHOOTING

If you encounter difficulties while playing the puzzle game, consider the following:

- **Difficulty Solving a Puzzle:** Refer to the instruction guide book for hints or solutions. Try breaking down the puzzle into smaller sections or starting with a different piece.
- **Missing Pieces:** Ensure all 13 geometric blocks and 2 wooden cubes are accounted for before starting a puzzle. If a piece is genuinely missing, contact customer support.
- **Blocks Not Fitting:** Double-check the orientation of the blocks. Some puzzles require specific rotations or placements. Ensure you are using the correct blocks for the chosen challenge.
