

HANWHA HCP-6320HA

Hanwha Techwin HCP-6320HA Full-HD 2MP Analog HD PTZ Dome Camera User Manual

Model: HCP-6320HA | Brand: HANWHA

INTRODUCTION

This manual provides essential instructions for the installation, operation, and maintenance of your Hanwha Techwin HCP-6320HA Full-HD 2MP Analog HD PTZ Dome Camera. Please read this manual thoroughly before using the product to ensure proper and safe operation.

SAFETY INFORMATION

- Installation must be performed by qualified personnel in accordance with all local codes and regulations.
- Ensure the power supply (24V AC) matches the camera's requirements. Disconnect power before any installation or maintenance procedures.
- Do not expose the camera to extreme temperatures, humidity, or corrosive environments beyond its specified operating conditions.
- Avoid direct exposure of the lens to strong light sources, as this may damage the image sensor.
- This product is designed for outdoor use with IP66 weather protection and IK10 vandal resistance.

PACKAGE CONTENTS

Verify that all components are present in your package:

- HCP-6320HA PTZ Dome Camera
- User Guide (this document)
- Mounting hardware (if included in standard package)

PRODUCT OVERVIEW

The Hanwha Techwin HCP-6320HA is a high-performance Full-HD 2MP Analog HD PTZ (Pan-Tilt-Zoom) dome camera designed for outdoor surveillance. It features a powerful 32x optical zoom lens (4.44-

142.6mm), Day & Night functionality with an IR Cut Filter (ICR), Wide Dynamic Range (WDR 120dB), and advanced noise reduction (SSNRIII).

Figure 1: Front view of the Hanwha Techwin HCP-6320HA PTZ Dome Camera. The camera features a white dome housing with a clear protective bubble covering the lens assembly. The "Wisenet" logo is visible on the upper part of the dome.

Key Features

- 2 Megapixel (1920 x 1080) Full HD Resolution
- 1/2.8" CMOS Sensor
- 32x Optical Zoom (4.44 ~ 142.6mm)
- Day & Night (ICR) and Defog functions
- WDR (120dB) and SSNRIII (Digital Noise Reduction)
- High-speed Pan/Tilt: 700°/sec preset speed
- IP66 Weatherproof and IK10 Vandal-Proof ratings
- Analog HD (AHD/TVI/CVI/CVBS selectable) video output
- RS-485 and Coaxitron (Up the Coax) control

SETUP AND INSTALLATION

Mounting the Camera

The HCP-6320HA is designed for wall mounting. Ensure the mounting surface is strong enough to support the camera's weight (approximately 7 lbs) and any associated cabling.

1. Select a suitable mounting location that provides the desired field of view and is within reach of power and video cables.
2. Use the provided mounting template (if applicable) to mark drilling points for the mounting bracket.
3. Drill pilot holes and secure the mounting bracket to the surface using appropriate screws and anchors.

4. Attach the camera to the mounting bracket, ensuring it is firmly secured.

Wiring Connections

The camera requires a 24V AC power supply and uses wired connectivity for video and control.

1. **Power Connection:** Connect the 24V AC power supply to the camera's power input. Ensure correct polarity.
2. **Video Output:** Connect the analog HD video output (BNC connector) to your DVR or video monitoring system. The camera supports various analog HD formats (AHD, TVI, CVI) and CVBS, which can typically be selected via the OSD menu or DIP switches.
3. **Control (Optional):** For PTZ control, connect the RS-485 communication lines (Tx+/Tx-) to your DVR or PTZ controller. Alternatively, Coaxitron (Up the Coax) control can be used if supported by your DVR, eliminating the need for separate RS-485 wiring.

Initial Configuration

After physical installation and wiring, power on the camera. Access the camera's On-Screen Display (OSD) menu via your DVR or controller to configure settings such as video format, PTZ protocols, and image adjustments.

OPERATING THE CAMERA

Pan, Tilt, and Zoom (PTZ) Control

The HCP-6320HA offers precise PTZ control, allowing you to remotely adjust the camera's viewing angle and zoom level.

- **Pan:** Rotate the camera horizontally (360° continuous).
- **Tilt:** Adjust the camera vertically.
- **Zoom:** Use the 32x optical zoom to magnify distant objects.
- **Focus:** The camera typically features auto-focus, but manual focus may be available via the OSD menu.

Preset and Tour Functions

Configure specific camera positions (presets) and sequences of presets (tours) for automated surveillance.

- **Setting Presets:** Move the camera to the desired position, zoom, and focus, then save it as a preset through your DVR or controller interface. The camera supports high-speed preset recall.
- **Running Tours:** Create a tour by linking multiple presets in a specific order and duration.

Image Settings

Adjust various image parameters through the OSD menu to optimize video quality for different lighting conditions.

- **WDR (Wide Dynamic Range):** Improves visibility in scenes with both very bright and very dark areas.
- **Day & Night:** Automatically switches between color (day) and black & white (night) modes, utilizing the IR Cut Filter (ICR).
- **SSNR III:** Reduces digital noise in low-light conditions.
- **Defog:** Enhances image clarity in foggy or hazy environments.

MAINTENANCE

Cleaning

- Regularly clean the camera's dome cover with a soft, damp cloth to remove dust and dirt. Avoid abrasive cleaners.
- Ensure the lens is free from smudges or obstructions for clear image quality.

Firmware Updates

Periodically check the Hanwha Techwin website for firmware updates. Firmware updates can improve performance, add new features, or address security vulnerabilities. Follow the manufacturer's instructions carefully when performing updates.

TROUBLESHOOTING

Common Issues and Solutions

Problem	Possible Cause	Solution
No video output	No power; Incorrect video format; Loose cable connection	Check power supply; Verify video format in OSD; Secure BNC cable
PTZ control not working	Incorrect RS-485 wiring; Wrong PTZ protocol; Incorrect camera ID	Check RS-485 connections (Tx+/Tx-); Configure correct protocol and ID in DVR/controller
Image is blurry	Lens dirty; Focus issue	Clean dome cover and lens; Adjust focus via OSD
Poor image in low light	Day/Night mode not active; SSNRIII disabled	Ensure Day/Night is set to Auto; Enable SSNRIII in OSD

SPECIFICATIONS

Feature	Detail
Model	HCP-6320HA
Image Sensor	1/2.8" 2MP CMOS
Resolution	1920 x 1080 (Full HD)
Frame Rate	30fps
Lens	4.44 ~ 142.6mm (32x Optical Zoom)
Minimum Illumination	Color: 0.2Lux@F1.6, B/W: 0.01Lux@F1.6
Wide Dynamic Range (WDR)	120dB
Digital Noise Reduction	SSNRIII

Feature	Detail
Pan Speed	Preset 700°/sec
Ingress Protection	IP66 Weatherproof
Vandal Resistance	IK10 Vandal Proof
Connectivity	Wired (Analog HD, RS-485, Up the Coax)
Power Supply	24V AC
Dimensions (L x W x H)	9 x 9 x 12 inches (approximate)
Weight	7 pounds (approximate)
Recommended Use	Outdoor Security Surveillance

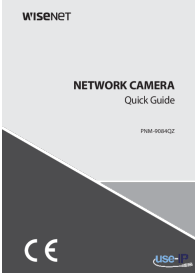

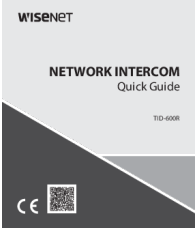

WARRANTY AND SUPPORT

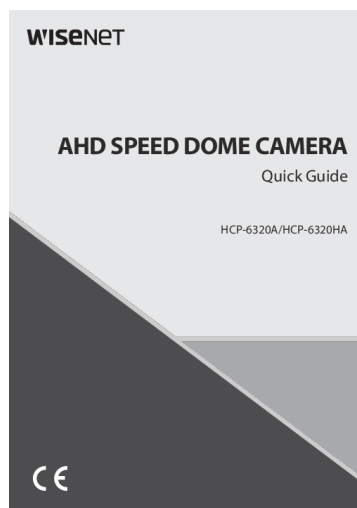

For warranty information and technical support, please refer to the official Hanwha Techwin website or contact your authorized dealer. Keep your purchase receipt for warranty claims.
