Keledz B08D6MMM61

Keledz LED Customizable Glasses

MODEL: B08D6MMM61 - USER MANUAL

1. Introduction

Thank you for choosing the Keledz LED Customizable Glasses. These innovative glasses feature full-color RGB LEDs, allowing for personalized displays controlled via a mobile application. Designed for various events and celebrations, they offer a unique way to express yourself. This manual provides essential information for the safe and effective use of your new LED glasses.

2. Safety Information

- Do not expose the glasses to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping or subjecting the glasses to strong impacts.
- Keep the glasses away from water and liquids. If they become wet, power off immediately and allow them to dry completely before use.
- Use only the provided or a certified USB charging cable.
- Do not attempt to disassemble or modify the glasses. This will void the warranty and may cause damage or injury.
- Ensure the glasses are fully charged before first use.
- While wearing, be aware that visibility may be reduced. Do not wear while driving or operating machinery.

3. Package Contents

Please check the package for the following items:

- Keledz LED Customizable Glasses
- USB Charging Cable
- User Manual (this document)

4. Product Overview

The Keledz LED Customizable Glasses are designed for comfort and versatility, featuring:

- **High Brightness LED Beads:** Equipped with 432 bright LED beads for vibrant displays and low energy consumption, offering approximately 5 hours of battery life on a full charge.
- **Durable Materials:** Constructed with an environmentally friendly ABS ultra-light shell.
- **Comfortable Fit:** Features a nose rest with added silicone for enhanced wearing comfort and an enveloping design that fits the head without excessive pressure.
- **USB Rechargeable:** Conveniently rechargeable via a standard USB port.
- **App Control:** Fully customizable content through a dedicated mobile application, supporting multiple languages.

5. Setup

5.1 Charging the Glasses

Before first use, fully charge your Keledz LED Customizable Glasses. Connect the provided USB charging cable to the charging port on the glasses and plug the other end into a standard USB power source (e.g., computer USB port, USB wall adapter). The charging indicator will show the charging status.

5.2 App Installation

To unlock the full customization features, download the dedicated mobile application. Search for "Shining Glasses" in your smartphone's app store (iOS App Store or Google Play Store) and install it.

5.3 Bluetooth Connection

Follow these steps to connect your glasses to the mobile app via Bluetooth:

1. **Power On Glasses:** Long press the power button on the glasses to turn them on. Ensure your mobile phone's Bluetooth is enabled.
2. **Open App:** Launch the "Shining Glasses" app on your mobile phone and click "Connect Device".
3. **Select Device:** Once the device is successfully connected, you can select the desired mode within the app.

6. Operation

6.1 Power On/Off and Mode Switching

- **Power On/Off:** Long press the power switch button located on the glasses to turn them on or off.
- **Switch Presets:** A single tap on the power switch button will cycle through different pre-programmed patterns or modes without needing the app.

6.2 App Control Modes

After connecting via Bluetooth, the "Shining Glasses" app offers several customization modes:

- **Text Mode:** Input custom text, select static or dynamic display, and choose colors.
- **Animation Mode:** Select from a variety of pre-set animations and pictures (e.g., 22 animations and 20 pictures available).
- **Rhythm Pattern:** Automatically scans and plays local music, synchronizing light effects with the rhythm.
- **Microphone Rhythm Pattern:** Recognizes external sounds via your phone's microphone to control lighting effects.

- **DIY Graffiti Pattern:** Draw various patterns directly in the app to display on the glasses in real-time. Saved DIY designs can be edited later.

Navigate between these modes by sliding up and down or left and right within the app interface.

7. Maintenance

- **Cleaning:** Use a soft, dry cloth to gently wipe the surface of the glasses. Do not use abrasive cleaners or solvents.
- **Storage:** Store the glasses in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. Charge the glasses regularly, even if not in use for extended periods.

8. Troubleshooting

- **Glasses not turning on:**
 - Ensure the glasses are fully charged.
 - Long press the power button for a few seconds to ensure it's not a short press.
- **Cannot connect to the app via Bluetooth:**
 - Make sure the glasses are powered on.
 - Ensure Bluetooth is enabled on your mobile phone.
 - Restart the app and try connecting again.
 - Try restarting your phone and the glasses.
 - Ensure no other devices are actively connected to the glasses.
- **Display issues (e.g., dead pixels, inconsistent lighting):**
 - Ensure the glasses are fully charged.
 - Try resetting the glasses by turning them off and on again.
 - If the issue persists, contact customer support.
- **App is unresponsive or crashes:**
 - Close the app completely and reopen it.
 - Check for app updates in your app store.
 - Ensure your phone's operating system is up to date.

9. Specifications
