

## NJSJ H112

# NJSJ H112 Computer Speakers User Manual

Model: H112 | Brand: NJSJ

## 1. INTRODUCTION

Thank you for choosing the NJSJ H112 Computer Speakers. These 2.0 wired desktop speakers are designed to provide enhanced stereo sound and dynamic RGB lighting for your PC, laptop, and other compatible devices. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your speakers.

## 2. PACKAGE CONTENTS

Please check the package to ensure all items are present:

- 2 × Wired Speakers
- 1 × User Manual

## 3. PRODUCT FEATURES

- **Outstanding Sound Quality:** Equipped with a 10W advanced sound drive unit, delivering full-range 2.0 channel enhanced stereo audio. Ideal for online meetings, video chats, music, audiobooks, gaming, and movies.
- **Automatically Cycle RGB Lights:** Speakers feature RGB cycle lights that automatically change colors during use, enhancing the atmosphere. The lights can be turned on/off via a dedicated switch, but individual color customization is not available.
- **Plug and Play & Broad Compatibility:** Comes with a 5.24 ft USB cable for power and a 3.5mm AUX cable for audio. No drivers are required. Compatible with any device featuring a standard 3.5mm headphone jack, including desktops, laptops, cellphones, tablets, Mac, projectors, monitors, TVs, Echo Dot, Xbox, and PS4.
- **Space-saving Size:** Each speaker measures 4.1 x 3.2 x 3.6 inches (LxWxH), making them compact and suitable for placement under computer screens to maintain a tidy desktop. The cable connecting the right and left speakers is 100cm/39.4 inches.

# DYNAMIC RGB LIGHTING

360° surround light strip, provides automatically  
cycle **RGB** lighting effects

**Tips: the lights can be turned off individually**

## 4. SETUP INSTRUCTIONS

Follow these steps to connect your NJSJ H112 Computer Speakers:

1. **Connect Power:** Insert the USB plug into an available USB port on your computer, laptop, or a 5V/2A USB power adapter.
2. **Connect Audio:** Insert the 3.5mm AUX audio plug into the headphone jack of your computer, laptop, cellphone, or other audio source.
3. **Position Speakers:** Place the speakers on either side of your monitor or device, ensuring the cables are not strained.
4. **Power On:** Use the in-line control box to turn on the speakers.
5. **Adjust Volume:** Adjust the volume using the in-line controller or your device's volume controls.

# PLUG AND PLAY

Support most of the devices that with standard 3.5mm audio jack

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your speakers, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the speaker surfaces. Avoid using abrasive cleaners, solvents, or harsh chemicals.
- **Liquid Exposure:** Keep the speakers away from water and other liquids. Do not immerse them in water.
- **Storage:** Store the speakers in a cool, dry place when not in use. Avoid extreme temperatures.
- **Handling:** Handle the speakers with care. Avoid dropping them or subjecting them to strong impacts.
