Brightech FL-MX-RW

Brightech Maxwell Modern Shelf Floor Lamp User Manual

MODEL: FL-MX-RW (RUSTIC WOOD)

Brand: Brightech

1. Introduction

Thank you for choosing the Brightech Maxwell Modern Shelf Floor Lamp. This versatile lamp combines ambient lighting with functional storage, making it an ideal addition to various living spaces. Its sleek design and integrated LED lighting provide both illumination and a display solution for books, decorative items, or personal belongings. This manual provides essential information for the safe and efficient use of your new lamp.

2. Important Safety Information

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- **Indoor Use Only:** This lamp is designed for indoor use in dry locations. Do not expose to water or high humidity.
- **Electrical Safety:** Always unplug the lamp from the power outlet before cleaning, changing the light bulb, or performing any maintenance.
- **Proper Bulb:** Use only the specified type and wattage of light bulb. Exceeding the recommended wattage may cause overheating and fire.
- **Cord Care:** Do not place the power cord near heat sources. Do not pull on the cord to unplug the lamp. Always grasp the plug firmly.
- **Stable Placement:** Ensure the lamp is placed on a flat, stable surface to prevent tipping.

3. Package Contents

Verify that all components are present before beginning assembly:

- Lamp Frame with Shelves (disassembled)
- Fabric Shade Panels
- LED Light Bulb (E26, 9.5W, 3000K Warm White)

- Assembly Hardware (screws, connectors, etc.)
- Instruction Manual

4. Setup and Assembly

Assembly is required for this product. Please follow these general steps. Refer to the detailed diagrams included in your physical instruction manual for specific part identification and connection points.

1. Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Assemble the main frame of the lamp by connecting the vertical supports and horizontal shelves using the provided hardware. Ensure all connections are secure.
3. Attach the fabric shade panels to the top section of the lamp frame.
4. Screw the included LED light bulb into the lamp socket. Do not overtighten.
5. Place the lamp in your desired location, ensuring it is stable and the power cord is not pinched or obstructed.

Figure 1: Lamp Dimensions. The lamp stands 63 inches tall, with shelves measuring 10x10 inches and 15 inches of vertical space between them.

5. Operating Instructions

The Brightech Maxwell Shelf Floor Lamp is designed for simple operation and modern integration.

- **Manual Operation:** To turn the lamp on or off, gently pull the metal chain located beneath the top light section.
- **Smart Home Compatibility:** This lamp is compatible with smart outlets (sold separately) that support systems like Alexa, Google Home Assistant, or Apple SmartKit. When connected to a smart outlet, you can control the lamp's on/off function via voice commands or automation routines. (Note: A smart bulb and/or smart outlet is required and sold separately for this feature).
- **Light Bulb:** The lamp includes a 9.5 Watt, 800 lumen, 3,000K warm white LED bulb with an E26 base. This bulb is energy-efficient and designed for long-lasting performance, providing comfortable ambient lighting.

Standing Lamp in Japanese / Asian Inspired Design

6. Maintenance

Regular maintenance will help prolong the life and appearance of your lamp.

- **Cleaning:** Always unplug the lamp before cleaning. Use a soft, dry cloth to dust the frame and shelves. For the fabric shade, a lint roller or a slightly damp cloth can be used carefully. Avoid abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure the lamp is unplugged and the bulb has cooled completely. Unscrew the old bulb and replace it with a new E26 base LED bulb, not exceeding 9.5 watts.
- **Tighten Connections:** Periodically check and tighten any loose screws or connections to maintain the lamp's stability.

7. Troubleshooting

If you encounter any issues with your lamp, refer to the following common problems and solutions:

- **Lamp Does Not Turn On:**

- Check if the power cord is securely plugged into a working outlet.
- Ensure the light bulb is screwed in correctly and is not burnt out. Replace if necessary.
- If using a smart outlet, verify the smart outlet is powered on and configured correctly.

- **Lamp Flickers:**

- Ensure the light bulb is screwed in tightly.
- Try a different light bulb to rule out a faulty bulb.

- **Lamp is Unstable:**

- Check all assembly connections and tighten any loose screws.
- Ensure the lamp is placed on a flat, even surface.

8. Specifications

Feature	Detail
Brand	Brightech
