Abu Garcia MAX-LP-DLC

Abu Garcia Max Digital Line Counter Low Profile Baitcast Reel

Model: MAX-LP-DLC

1. Product Overview

The Abu Garcia Max Digital Line Counter Low Profile Baitcast Reel is designed for precision and durability in various fishing conditions. It features a digital line counter for accurate depth measurement, a robust drag system, and smooth operation.

Image 1: Front view of the Abu Garcia Max Digital Line Counter Low Profile Baitcast Reel, showcasing its compact design and digital display.

2. Setup

2.1 Attaching the Reel to a Rod

1. Place the reel foot into the reel seat on your fishing rod.
2. Tighten the reel seat nut securely to ensure the reel is firmly attached and does not wobble.

2.2 Spooling the Line

Proper line spooling is crucial for optimal reel performance and to prevent tangles. Refer to the video below for a visual guide on how to spool your line correctly and set up the digital line counter.

Your browser does not support the video tag.

Video 1: Detailed instructions on spooling fishing line onto the Abu Garcia Max Digital Line Counter Low Profile Baitcast Reel and initial setup of the digital counter.

2.3 Initial Digital Line Counter Setup

- Press the POWER button to activate the digital display.
- Use the MODE button to cycle through settings such as units (feet/meters) and line diameter.
- Press the RESET button to clear the line counter to zero before beginning to fish.

3. Operating the Reel

3.1 Casting

1. Depress the thumb bar to disengage the spool.
2. Perform your cast. As the lure flies, lightly feather the spool with your thumb to prevent backlashes.
3. Engage the reel by turning the handle or releasing the thumb bar.

3.2 Digital Line Counter Usage

The lighted digital line counter accurately measures the amount of line deployed, which is essential for precise trolling or targeting specific depths.

- The display shows the line out in your selected units (feet or meters).
- To reset the counter, press the RESET button.
- To change display modes or units, press the MODE button.

3.3 Drag Adjustment

The Carbon Fiber Star Drag system allows for precise control over line tension during a fight.

- Turn the star-shaped drag knob clockwise to increase drag tension.
- Turn the star-shaped drag knob counter-clockwise to decrease drag tension.
- Always set your drag before fishing, typically to about one-third of your line's breaking strength.

Image 2: Top view of the reel, highlighting the ergonomic bent handle and the star drag for easy adjustment.

3.4 Anti-Reverse Feature

The instant anti-reverse bearing prevents the handle from moving backward, ensuring solid hooksets and immediate power transfer.

4. Maintenance

4.1 Cleaning

- After each use, especially in saltwater, rinse the reel thoroughly with fresh water. Do not submerge the reel.
- Wipe the reel dry with a soft cloth.
- Remove any visible dirt or debris from the spool, line guide, and other moving parts.

4.2 Lubrication

- Periodically apply a small amount of reel oil to the handle knobs, line roller, and other external moving parts.
- For internal lubrication, it is recommended to have the reel serviced by a qualified technician or refer to detailed service manuals if you are experienced in reel disassembly.

4.3 Storage

- Store the reel in a dry, cool place away from direct sunlight and extreme temperatures.
- Loosen the drag completely before storing to prevent compression of the drag washers.

5. Troubleshooting

- **Digital Counter Not Displaying:** Check battery levels. Ensure the power button has been pressed.
- **Line Tangles/Backlashes:** Ensure proper spooling. Adjust casting technique and thumb control during casts.

Check for damaged line or line guide.

- **Drag Slipping or Sticking:** Clean drag washers. Ensure drag is not overtightened during storage. If issues persist, professional servicing may be required.
- **Handle Stiffness:** Apply a small amount of reel oil to the handle shaft and knobs. Clean any debris around the handle mechanism.

6. Specifications

Feature	Specification
Brand	Abu Garcia
Model Name	MAX-LP-DLC
Hand Orientation	Right Hand
Color	Black
Material	Aluminum (Spool), Stainless Steel (Handle)
Fishing Technique	Casting
Item Weight	0.37 Kilograms (8.6 oz)
Gear Ratio	6.4:1
Line Retrieve Per Turn	26 Inches | 66cm
Bearings	5 (4 ball bearings + 1 instant anti-reverse bearing)
Maximum Drag	20 Pounds | 9.0kg (Carbon Fiber Star Drag)
Mono Capacity (yd/lb)	135/10, 110/12, 80/17
Braid Capacity (yd/lb)	135/20, 105/30, 75/50
Item Dimensions (L x W x H)	6.8"L x 6"W x 4.4"H
UPC	036282967717

7. Warranty Information

This Abu Garcia reel is covered by the manufacturer's warranty. For specific details regarding coverage, duration, and claims, please refer to the warranty documentation included with your purchase or visit the official Abu Garcia website.

Optional Protection Plans

Additional protection plans may be available for purchase to extend coverage beyond the standard manufacturer's warranty. These plans typically offer extended repair or replacement services for a specified period.

- **2-Year Protection Plan:** One-time payment for 24 months of coverage.
- **Complete Protect:** Monthly billing for coverage across multiple eligible purchases.

8. Support

For further assistance, technical support, or to inquire about parts and service, please contact Abu Garcia customer service. You can typically find contact information on the official Abu Garcia website or within the product packaging.

Online resources, including FAQs and additional product guides, may also be available on the manufacturer's website.

Ask a question about this manual
