En Vogue Collection EV-07 Area Rug User Manual

Model: EV-07 (ASIN: B08DDJNJBX)

Brand: Global Motif Inc

INTRODUCTION

The En Vogue Collection EV-07 area rug is designed to be an essential accent element for various living spaces, including living rooms, dining rooms, and bedrooms. This collection offers a stylish foundation with abstract and transitional motifs, featuring a distressed finish for a lived-in aesthetic. Crafted in Turkey using state-of-the-art technology, the rug provides a soft, durable, and plush pile that helps absorb noise and protects your floors from daily wear and tear.

SETUP

Setting up your En Vogue Collection EV-07 area rug is a straightforward process. Follow these steps for optimal placement:

1. **Unpack the Rug:** Carefully remove the rug from its packaging. Be gentle to avoid damaging the fibers.
2. **Unroll and Flatten:** Unroll the rug in your desired location. It may have temporary creases or curls from packaging. To flatten, reverse roll the rug, or place heavy objects on the corners for a few days. The rug will naturally relax and flatten over time.
3. **Consider a Rug Pad (Optional):** For added comfort, slip resistance, and floor protection, consider placing a suitable rug pad underneath.
4. **Positioning:** Adjust the rug's position to ensure it is centered and aligned as desired within your room.

OPERATING (USAGE GUIDELINES)

The En Vogue Collection EV-07 rug is designed for indoor use. To ensure its longevity and maintain its appearance, consider the following usage guidelines:

- **Placement:** Ideal for living rooms, dining rooms, and bedrooms. Avoid placing in areas with excessive moisture or direct, prolonged sunlight.
- **Traffic Areas:** Rotate the rug periodically (every 3-6 months) to ensure even wear, especially in high-traffic areas.
- **Furniture Protection:** Use furniture pads under heavy furniture legs to prevent indentations and damage to the rug pile.

MAINTENANCE

Proper care and maintenance will extend the life and beauty of your En Vogue Collection EV-07 rug. Adhere to the following instructions:

- **Regular Vacuuming:** Vacuum regularly using a vacuum cleaner without a beater bar, or with the beater bar set to a high pile setting, to remove dirt and dust. Vacuum in the direction of the pile.
- **Spot Cleaning:** For spills and stains, **spot clean only**. Blot spills immediately with a clean, dry cloth. For stubborn stains, use a mild rug cleaner and follow the product's instructions, testing on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals or bleach, as these can damage the rug fibers and colors.
- **Professional Cleaning:** For deep cleaning, it is recommended to consult a professional rug cleaner.
- **Important Safety Information:**
 - Keep away from open flames.
 - Do not expose to direct sunlight for extended periods to prevent fading.
 - Keep away from pets that may damage the pile.

TROUBLESHOOTING

Here are solutions to common issues you might encounter with your area rug:

Problem	Solution
Rug not lying flat / Curling edges	Reverse roll the rug tightly for a day or two. Alternatively, place heavy books or furniture on the affected areas. Over time, the rug will naturally relax. A rug pad can also help.
Shedding	Some shedding is normal, especially with new rugs. Regular, gentle vacuuming will help remove loose fibers. Shedding typically decreases over time.
Fading colors	Ensure the rug is not exposed to direct sunlight for prolonged periods. Rotate the rug periodically to distribute light exposure evenly.
Stains not coming out with spot cleaning	For persistent stains, consult a professional rug cleaning service. Avoid using harsh chemicals that could damage the rug.
