Yaheetech 36-inch Multi-Level Cat Tree Instruction Manual

Model: YT-00097853-36

1. SAFETY INSTRUCTIONS

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- **Placement:** Place the cat tree on a flat, stable surface to prevent wobbling or tipping.
- **Anti-Toppling Feature:** Utilize the included anti-toppling band to secure the cat tree to a wall. This significantly enhances stability and safety, especially for active or multiple cats.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Loose parts can compromise stability.
- **Damage:** If any part of the cat tree becomes damaged, discontinue use immediately and contact customer support for replacement parts or guidance.
- **Children and Pets:** Supervise children around the cat tree to ensure safe interaction. This product is designed for feline use only.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. Refer to the assembly diagram for visual identification of parts.

Image 2.1: Exploded view of the Yaheetech 36-inch Multi-Level Cat Tree components with key dimensions.

Components:

- Baseboard
- Platforms (various sizes)
- Cat Condos (2 units)
- Scratching Posts (sisal-wrapped)
- Scratching Board
- Dangling Ball Toy
- Hardware Pack (screws, Allen key, anti-toppling kit)
- Instruction Manual

3. ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 15-30 minutes. An Allen key is provided; no additional tools are required.

Your browser does not support the video tag.

Video 3.1: Official Yaheetech video demonstrating the assembly process and features of the cat tree.

1. **Unpack and Identify:** Unpack all components and lay them out. Identify each part by comparing it to the parts list and diagram in the manual.
2. **Assemble Base:** Attach the first set of scratching posts and the lower cat condo to the baseboard using the provided screws and Allen key. Ensure all connections are secure.
3. **Add Middle Platform:** Secure the middle platform to the top of the lower cat condo and the appropriate scratching posts.
4. **Install Upper Condo and Perch:** Attach the upper cat condo and the elevated perch to the remaining posts and platforms.
5. **Attach Accessories:** Secure the scratching board to its designated position. Attach the dangling ball toy to the perch.
6. **Final Check:** Ensure all screws are tightened and the structure is stable.
7. **Secure to Wall:** Use the anti-toppling band to anchor the cat tree to a nearby wall for maximum stability.

Image 3.1: The anti-toppling kit provides enhanced stability and safety when secured to a wall.

4. OPERATING INSTRUCTIONS (USAGE)

The Yaheetech 36-inch Multi-Level Cat Tree offers various features designed for your cat's comfort, play, and exercise.

Image 4.1: Cats utilizing the multi-level structure for resting and observation.

- **Elevated Perch:** The high-edged perch provides a comfortable spot for your cat to rest and observe its surroundings. It is ideal for cats who enjoy being at a higher vantage point.
- **Cozy Condos:** Two enclosed condos offer private, secure spaces for napping, hiding, or simply relaxing. Each condo features dual doors for easy access and escape.
- **Scratching Posts & Board:** The sisal-wrapped scratching posts and dedicated scratching board allow your cat to satisfy its natural urge to scratch, helping to maintain claw health and protect your furniture.
- **Dangling Ball:** The furry ball attached to an elastic band provides an interactive toy for playful engagement. It can be removed or replaced with other toys if desired.
- **Multi-Cat Use:** The multi-level design and various activity zones make this cat tree suitable for households with multiple cats, providing individual spaces and shared play areas.

5. MAINTENANCE

Proper maintenance will extend the life of your Yaheetech Cat Tree.

- **Cleaning:** The plush material is recommended for dry cleaning only. For minor spills or dirt, spot clean with a damp cloth and mild detergent. Avoid excessive moisture.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Sisal Rope:** The sisal scratching areas are designed to withstand scratching. If the sisal rope becomes heavily frayed, it may be replaced or re-wrapped.
- **Structural Integrity:** Periodically check all connections and tighten any loose screws to maintain the tree's stability.

6. TROUBLESHOOTING

If you encounter any issues with your cat tree, refer to the following common solutions:

- **Instability/Wobbling:** Ensure the cat tree is placed on a level surface. Re-tighten all assembly screws. Verify the anti-toppling band is securely attached to both the tree and the wall.
- **Cat Not Using Tree:** Introduce your cat to the tree gradually. Place familiar toys or treats on different levels. Use catnip to attract your cat to the scratching posts and condos.
- **Damaged Parts:** If any part is broken or severely worn, contact Yaheetech customer support for assistance or replacement parts. Do not attempt to repair structural damage with makeshift solutions.

7. SPECIFICATIONS

Image 7.1: Visual representation of the cat tree's specifications.

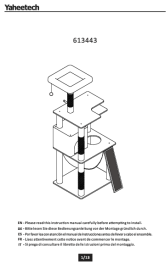

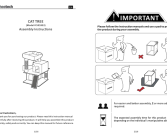

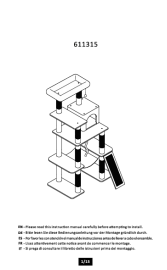

Feature	Detail
Brand	Yaheetech
Model Name	YT-00097853-36
