Kastar NOCAR-1B-LB070-J

Kastar LB-070 Battery and AC Wall Charger Instruction Manual

Model: NOCAR-1B-LB070-J

Introduction

This manual provides essential instructions for the safe and efficient use of your Kastar LB-070 Battery and AC Wall Charger. This product is designed as a replacement and supplementary power solution for compatible Kodak Pixpro cameras. Please read this manual thoroughly before use to ensure optimal performance and longevity of your battery and charger.

Safety Information

WARNING: Make sure you observe the following important battery precautions. Failure to do so can cause batteries to leak, overheat, or explode.

- Do not expose batteries to heat or fire.
- Never try to disassemble, modify, or apply solder to batteries.
- Never short the terminals of the batteries or carry them together with metal objects that can cause shorting.
- Do not tear or remove the outer label of the batteries.
- Charger is for dry location use only.
- To reduce the risk of fire or moisture, do not expose the charger to rain or excessive humidity.
- To reduce the risk of electric shock, do not remove cover (or back plate) of the charger. Refer service to qualified service agent.

Package Contents

Your Kastar LB-070 Battery and AC Wall Charger package includes the following items:

- 1 x Kastar LB-070 Lithium-Ion Battery
- 1 x Kastar AC Wall Charger

Note: Car adapter and European plug are NOT included with this package.

Image: The Kastar LB-070 battery and its dedicated AC wall charger, as included in the package.

Setup

1. Preparing the Charger

1. Locate the foldable flat pin on the back of the AC wall charger.
2. Gently fold out the prongs until they are fully extended and locked into position, ready to be inserted into a standard AC wall outlet.

Image: The Kastar AC wall charger shown with its foldable prongs in both the folded (left) and extended (right) positions for storage and use.

2. Inserting the Battery into the Charger

1. Align the metal contacts of the Kastar LB-070 battery with the corresponding contacts inside the charger slot.
2. Gently slide the battery into the charger until it clicks securely into place. Ensure a firm connection.

Operating

Charging the Battery

1. After inserting the battery, plug the charger into a standard AC 100-240V wall outlet.
2. Observe the LED indicator on the charger:
    - **Red light:** Indicates that the battery is currently charging.
    - **Green light:** Indicates that the battery is fully charged or the charger is in standby mode (no battery inserted or battery removed).
3. Once the LED indicator turns green, the battery is fully charged and ready for use. Disconnect the charger from the wall outlet and remove the battery.

Maintenance

- Keep the battery and charger in a cool, dry place when not in use. Avoid extreme temperatures.
- Clean the contacts of both the battery and charger periodically with a dry, soft cloth to ensure optimal connection.
- Do not expose the charger to water or excessive humidity.
- Store batteries with a partial charge (around 50%) if they will not be used for an extended period to prolong their lifespan.

Troubleshooting

Problem	Possible Cause	Solution
Charger LED does not light up.	No power from outlet; charger not properly plugged in; faulty charger.	Check wall outlet with another device. Ensure charger is fully inserted. If problem persists, contact support.
Battery not charging (LED remains green with battery inserted).	Battery not properly seated; dirty battery/charger contacts; battery is already full.	Re-insert battery firmly. Clean contacts with a dry cloth. Confirm battery is not already fully charged.
Battery drains quickly after charging.	Battery nearing end of lifespan; improper storage.	Consider replacing the battery. Ensure proper storage conditions (cool, dry place, partial charge for long-term storage).

Specifications

Kastar LB-070 Battery

- Battery Type: Lithium-Ion
- Battery Voltage: 7.4V
- Battery Capacity: 1200mAh (8.9Wh)

Kastar AC Wall Charger

- Input: AC 100~240V, 50~60Hz, Max 150mA
- Output: DC 8.4V, 600mA
- Foldable flat pin for easy storage

Physical Dimensions

- Product Dimensions: 2.5 x 2 x 3 inches
- Item Weight: 3.9 ounces
