PRODUCT OVERVIEW

The Driftr earbuds feature an angled housing design for a comfortable fit. Each earbud includes touch controls for managing audio playback and calls, along with a built-in microphone for hands-free communication. The compact charging case provides additional battery life on the go.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB charging cable to the charging port on the case and plug the other end into a USB power source (e.g., computer, wall adapter). The charging indicator light on the case will show charging status. A full charge takes approximately 1 hour for both the earbuds and the case.

2. Easy Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically power on and enter pairing mode.
3. On your device (smartphone, tablet, laptop), go to the Bluetooth settings.
4. Select "Wicked Audio Driftr" from the list of available devices.
5. Once connected, you will hear an audio prompt, and the indicator light on the earbuds will change.

The earbuds are designed for straightforward, no-nonsense pairing in one easy step. After the initial pairing, they will automatically connect to your last paired device when removed from the case.

OPERATING INSTRUCTIONS

Touch Controls

The Driftr earbuds feature intuitive touch controls for various functions:

- **Play/Pause:** Single tap on either earbud.

- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud during an incoming call.
- **Reject Call:** Press and hold on either earbud during an incoming call.
- **Activate Voice Assistant:** Triple tap on either earbud (e.g., Siri, Google Assistant).

Wearing the Earbuds

Insert the earbuds into your ears with the angled housing pointing slightly forward for a secure and comfortable fit. Adjust as needed to ensure optimal sound quality and passive noise cancellation.

MAINTENANCE

To ensure the longevity and optimal performance of your Wicked Audio Driftr earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, always store the earbuds in their charging case to protect them and keep them charged.
- **Avoid Moisture:** The earbuds are not water resistant. Avoid exposure to water, sweat, and high humidity.
- **Temperature:** Do not expose the earbuds or case to extreme temperatures (hot or cold).

TROUBLESHOOTING

If you encounter issues with your Driftr earbuds, try the following solutions:

- **Earbuds not pairing:**
 - Ensure both earbuds are charged.
 - Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid again.
 - On your device, forget "Wicked Audio Driftr" from your Bluetooth settings and attempt to pair again.
- **No sound from one earbud:**
 - Ensure both earbuds are charged and properly seated in the case.
 - Try resetting the earbuds by placing them in the case and then removing them.
- **Earbuds not charging:**
 - Check the charging cable and power source.
 - Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
- **Poor sound quality:**
 - Ensure the earbuds are properly seated in your ears.
 - Check the audio source and volume levels on your device.
 - Move closer to your paired device to avoid interference.
