

Kokoon K1V0W-B-DR2

Kokoon Wireless Headphones User Manual

Model: K1V0W-B-DR2

INTRODUCTION

Welcome to your Kokoon Wireless Headphones. These headphones are designed to provide a sanctuary for relaxation and mindfulness, featuring sensor-enabled technology, active noise cancellation, and an intelligent audio library.

This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Kokoon headphones.

PRODUCT OVERVIEW

The Kokoon Wireless Headphones integrate advanced features for an immersive audio experience tailored for relaxation and sleep.

Key Features

- Sensor-enabled biofeedback (EEG) brainwave tracking
- Active Noise Cancelling (ANC) technology
- Intelligent audio library with adaptive audio
- Enhanced acoustics with 40mm electro-dynamic sound drivers
- Up to 20 hours of battery life
- Washable, detachable, and foldable triple-layer noise protection ear pads

Package Contents

Your Kokoon Wireless Headphones package should include:

- Kokoon Wireless Headphones
- USB Charging Cable
- 3.5mm Audio Cable
- Carrying Case
- Ear Cushions
- Quick Start Guide

SETUP

Charging the Headphones

Before first use, fully charge your Kokoon headphones.

1. Connect the provided USB charging cable to the charging port on the headphones.
2. Connect the other end of the USB cable to a compatible USB power source (e.g., computer USB port, wall adapter).
3. The charging indicator light will illuminate. Once fully charged (approximately 2 hours), the light will change or turn off.
4. A full charge provides up to 20 hours of battery life.

Pairing with Your Device (Bluetooth)

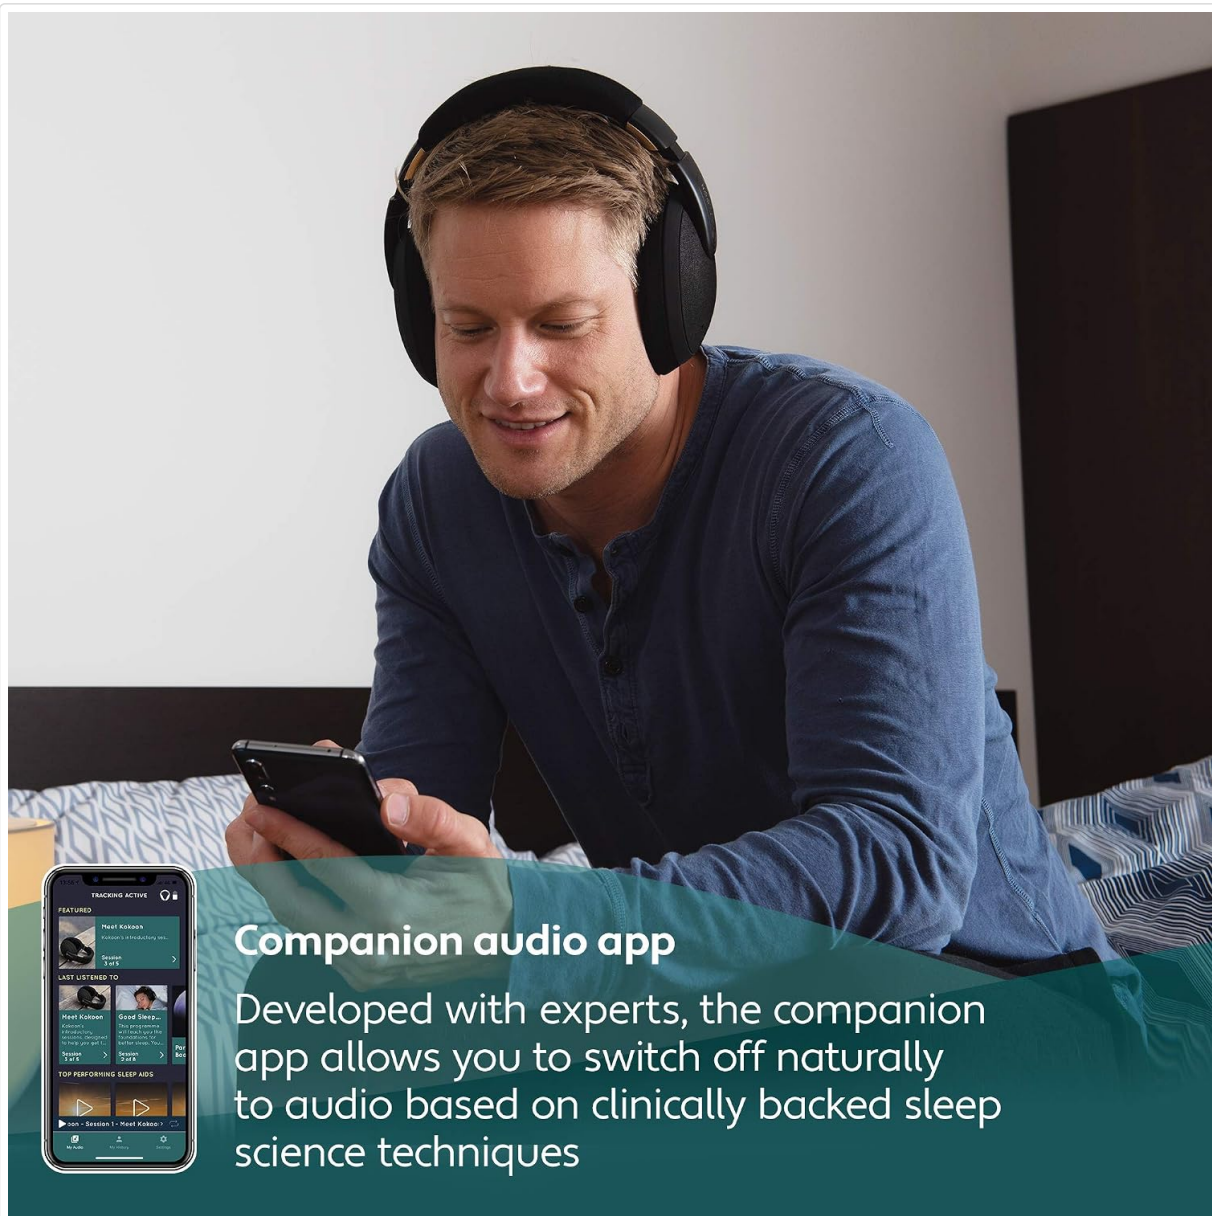

The Kokoon headphones connect wirelessly via Bluetooth.

1. Ensure the headphones are powered off.
2. Press and hold the Power button on the headphones until the indicator light flashes, indicating pairing mode.
3. On your device (smartphone, tablet, computer), go to Bluetooth settings and enable Bluetooth.
4. Select "Kokoon Headphones" from the list of available devices.
5. Once connected, the indicator light on the headphones will stop flashing and remain solid.

Installing the Kokoon App

To unlock the full potential of your Kokoon headphones, download the companion app.

1. Search for "Kokoon" in your device's app store (Apple App Store for iOS, Google Play Store for Android).
2. Download and install the official Kokoon app.
3. Open the app and follow the on-screen instructions to connect your headphones. The app will guide you through initial setup and calibration.

Companion audio app

Developed with experts, the companion app allows you to switch off naturally to audio based on clinically backed sleep science techniques

The Kokoon Relaxation App interface, showing options for meditation, soundscapes, and relaxing music, designed to work with the headphones.

OPERATING YOUR KOKOON HEADPHONES

Basic Controls

The headphones feature intuitive controls for power, volume, and playback.

Control	Function
Power Button	Press and hold to power on/off. Press and hold for pairing mode.
Volume Up/Down	Adjust audio volume.
Multi-function Button	Play/Pause audio, Answer/End calls (if supported by device).

Active Noise Cancellation (ANC)

The Kokoon headphones feature active noise cancellation to reduce ambient sounds.

- ANC is automatically engaged when the headphones are powered on.
- The ANC technology works in conjunction with the physical noise isolation of the ear pads to create a quiet environment.

Using the Kokoon App

The Kokoon app is central to the headphone's advanced features.

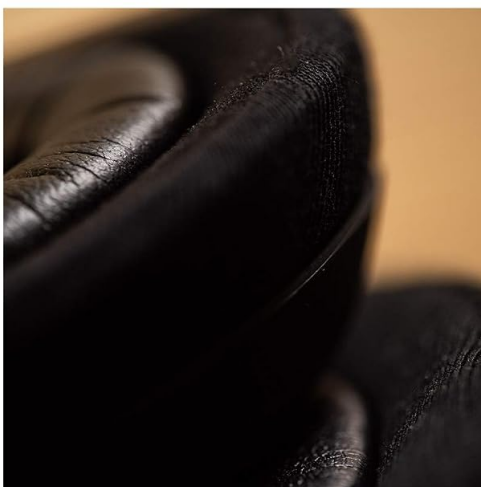

- **Audio Library:** Access a curated library of meditation exercises, soundscapes, and relaxing music developed with sleep scientists.
- **Adaptive Audio:** The app uses the headphone's built-in sensors to detect when you fall asleep and automatically fades out audio, introducing masking white noise to protect your sleep.
- **Biofeedback Tracking:** Monitor your brainwave activity (EEG) to understand your relaxation and sleep patterns. The app provides insights and personalized recommendations over time.
- **Personalized Programs:** Engage with guided sessions for relaxation, mindfulness, and sleep improvement.

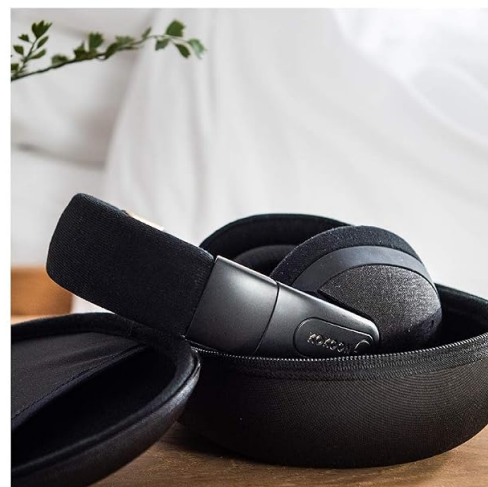

Noise Protection

MAINTENANCE AND CARE

Proper care will extend the life of your Kokoon headphones.

Cleaning

- **Ear Pads:** The ear pads are washable and detachable. Gently remove them and hand wash with mild soap and water. Allow them to air dry completely before reattaching.
- **Headphones Body:** Wipe the exterior surfaces with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or spray directly onto the headphones.

Storage

- Store the headphones in their provided carrying case when not in use to protect them from dust and damage.
- Avoid storing in extreme temperatures or high humidity.

Battery Care

- To maintain battery health, avoid fully discharging the battery frequently.
- If storing for an extended period, charge the headphones to about 50% before storage.

TROUBLESHOOTING

If you encounter issues with your Kokoon headphones, refer to the following common solutions.

Problem	Possible Cause	Solution
Headphones not turning on	Low battery	Charge the headphones fully.
Cannot pair via Bluetooth	Headphones not in pairing mode; Device Bluetooth off; Interference	Ensure headphones are in pairing mode. Turn device Bluetooth off/on. Move closer to device. Forget device and re-pair.
No sound or low volume	Volume too low; Incorrect audio source; App settings	Increase volume on headphones and device. Check audio output settings on device. Verify app audio settings.
Active Noise Cancellation not effective	Improper fit; Extreme noise levels	Ensure ear pads form a good seal around your ears. ANC is designed to reduce consistent low-frequency noise, not eliminate all sounds.
App not connecting to headphones	Bluetooth issue; App permissions; Outdated app	Ensure Bluetooth is enabled and headphones are connected. Check app permissions (e.g., location access). Update the app to the latest version.
