## Galanz GLDW12TS2A5A

# Galanz GLDW12TS2A5A Built-in Dishwasher User Manual

Model: GLDW12TS2A5A

## INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your Galanz GLDW12TS2A5A Built-in Dishwasher. Please read this manual thoroughly before using the appliance to ensure safe and efficient operation. Keep this manual for future reference.

## IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury. This includes:

- Read all instructions before using the dishwasher.
- Use the dishwasher only for its intended function.
- Do not touch the heating element during or immediately after use.
- Do not allow children to play in or on the dishwasher.
- Ensure proper grounding for electrical connections.
- Do not operate the dishwasher if it has a damaged power cord or plug.

## PRODUCT OVERVIEW

The Galanz GLDW12TS2A5A is a 24-inch built-in dishwasher designed for efficient dish cleaning. It features 12 place settings, 6 wash cycles, and 3 additional options.

## Exterior View

### SETUP AND INSTALLATION

The Galanz GLDW12TS2A5A is designed for built-in installation. Professional installation is recommended. Ensure the installation area meets the required dimensions and electrical specifications.

#### Installation Dimensions

**Ultra-Quiet**

**Delay Wash Option**

**Stainless Steel**

Image: The Galanz GLDW12TS2A5A dishwasher seamlessly integrated into a kitchen cabinet setup, demonstrating its built-in form factor.

- **Dimensions (W x D x H):** 23.62" x 22.68" x 32.28"
- **Voltage:** 120 Volts / 60Hz
- Ensure adequate space and proper water/drain connections are available.

Refer to the detailed installation guide provided with your appliance for specific plumbing and electrical connection instructions.

## OPERATING INSTRUCTIONS

This section details how to operate your dishwasher for optimal cleaning performance.

### Loading the Dishwasher

Image: An overhead view of the dishwasher's interior, demonstrating proper loading of various dishes, glasses, and cutlery in the baskets.

- Scrape off large food particles before loading.
- Place larger items in the lower basket and smaller items, glasses, and cups in the upper basket.
- Utilize the removable cutlery basket for silverware.
- Adjust the upper basket height to accommodate taller items if needed.

## Selecting a Wash Cycle

The dishwasher offers 6 wash cycles to suit different cleaning needs:

- **Heavy:** For heavily soiled dishes and pots.
- **Normal:** Standard cycle for everyday dishes.
- **Delicate:** For fragile items and lightly soiled dishes.
- **Light:** For lightly soiled dishes.
- **Express:** A quicker wash for lightly soiled items.
- **Rinse:** For rinsing dishes that will be washed later.

## Additional Options

Enhance your wash cycle with these options:

- **24h Delay:** Delays the start of the wash cycle by up to 24 hours.
- **Sanitize:** Increases the rinse temperature for improved drying and sanitization. Available with any cycle except Rinse.
- **Half Load:** Reduces energy and water consumption when washing a smaller load.

Indicator lights will illuminate when the dishwasher is low on softener, rinse aid, or detergent, prompting you to refill.

## CARE AND MAINTENANCE

---

Regular maintenance ensures the longevity and optimal performance of your dishwasher.

- **Cleaning the Exterior:** Wipe the stainless steel exterior with a soft, damp cloth and mild detergent. Avoid abrasive cleaners.
- **Cleaning the Interior:** Periodically clean the interior with a dishwasher cleaner or a mixture of vinegar and baking soda.
- **Filter Maintenance:** Regularly check and clean the dishwasher filters to prevent blockages and ensure efficient cleaning.
- **Rinse Aid Dispenser:** Refill the rinse aid dispenser when the indicator light illuminates to ensure spot-free drying.
- **Water Softener:** If your water supply is hard, ensure the water softener is adequately supplied with salt (if applicable to your model) to prevent mineral buildup.

## TROUBLESHOOTING GUIDE

---

Before contacting service, review these common issues and solutions:

- **Dishwasher not starting:** Check if the door is fully closed and latched. Ensure the power cord is securely plugged in and the circuit breaker has not tripped.
- **Dishes not clean:** Verify that dishes are loaded correctly and not blocking spray arms. Check detergent levels and ensure filters are clean. Select an appropriate wash cycle.
- **Water not draining:** Inspect the drain hose for kinks or blockages. Clean the filter system.
- **Excessive noise:** Ensure dishes are not rattling against each other or the spray arms. Check for foreign objects in the pump area.
- **Spots or film on dishes:** Refill the rinse aid dispenser. Check water hardness and adjust water softener settings if necessary.

For issues not resolved by this guide, please contact customer support.
