DOOGEE DOOGEE S58 PRO

DOOGEE S58 PRO Rugged Smartphone User Manual

Model: DOOGEE S58 PRO

INTRODUCTION

Thank you for choosing the DOOGEE S58 PRO Rugged Smartphone. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. Please read it carefully to ensure optimal performance and longevity of your smartphone.

The DOOGEE S58 PRO is designed for durability, featuring IP68/IP69K water and dust resistance, and a robust build to withstand challenging environments.

PACKAGE CONTENTS

Ensure all items are present in your product package:

- DOOGEE S58 PRO Rugged Smartphone
- Type-C USB Cable
- Type-C to 3.5mm Headphone Adapter
- Charger
- Anti-explosion Film (Screen Protector)
- Card Slot Opener
- Sling
- User Manual (this document)

DEVICE OVERVIEW

The DOOGEE S58 PRO is built with a rugged design for enhanced durability. Its construction includes multiple rigid layers and a silicone liner for exceptional shock absorption, similar to materials used in off-road vehicle tires.

Tougher Than Ever Reliable Rugged Phone

S58 Pro adopts industry-leading rugged rubber, which is usually seen on top off-road vehicle tires. It includes multiple rigid layers & silicone liner for exceptional shock absorption.

SETUP GUIDE

1. Charging the Battery

Before first use, fully charge the device. Connect the Type-C USB cable to the phone's charging port and the other end to the provided charger. Plug the charger into a power outlet. The 5180mAh battery typically provides 2-3 days of normal use on a full charge.

5180mAh Large Battery Longer Standby Time

Equipped with 5180mAh high-capacity battery, it can ensure your normal use for 2-3 days. DOOGEE S58 Pro can eliminate the anxiety of insufficient battery power.

Image: Diagram illustrating the internal 5180mAh battery of the DOOGEE S58 PRO, with indicators for standby, music, video, calling, and gaming durations.

2. Installing SIM Cards and MicroSD Card

Locate the SIM card tray on the side of the phone. Use the provided card slot opener to eject the tray. Insert your Nano-SIM cards and/or a MicroSD card (for expandable storage up to 256GB) into the designated slots. Ensure the cards are correctly oriented. Carefully reinsert the tray until it clicks into place. The SIM card slot is protected by an O-ring for water resistance.

3. Powering On/Off

- To power on: Press and hold the Power button until the DOOGEE logo appears.
- To power off: Press and hold the Power button, then select "Power off" from the options on the screen.

4. Initial Setup

Upon first power-on, follow the on-screen instructions to set up your device. This includes selecting your language, connecting to a Wi-Fi network, setting up your Google account, and configuring security features.

OPERATING INSTRUCTIONS

1. Android 10 Operating System

Your DOOGEE S58 PRO runs on Android 10.0, offering a user-friendly interface and access to a wide range of applications via the Google Play Store. Navigate using gestures or the traditional navigation bar.

2. Performance and Storage

Equipped with 6GB RAM and 64GB ROM, powered by an efficient MediaTek Helio P22 octa-core CPU, the S58 PRO ensures smooth operation for browsing, video playback, and 3D gaming. The internal storage can be expanded up to 256GB using a MicroSD card.

3. Camera Features

The S58 PRO features a versatile camera system:

- **Rear Camera:** 16MP AI Triple Camera (SONY IMX298 main sensor) with additional 2MP Portrait and 2MP Macro lenses.
- **Front Camera:** 16MP (SAMSUNG sensor).
- **Underwater Camera Mode:** Utilize this mode for capturing photos and videos in aquatic environments, leveraging the phone's IP68 rating.

4. Navigation and Connectivity

- **Global Navigation Systems:** The S58 PRO supports GPS, Galileo, Glonass, and Beidou for precise positioning, ensuring you can find your way anywhere.
- **Wireless NFC:** For convenient contactless payments and data exchange.
- **Connectivity:** Supports 4G and 3G cellular networks, Wi-Fi, and Bluetooth.

5. Custom Key and Utility Tools

The device includes a customizable physical key for quick access to frequently used apps or functions. Additionally, a suite of outdoor utility tools is pre-installed, including Compass, Sound meter, Pic hanging, Gradienter, Height measure, Magnifier, Protractor, Plumb bob, and Warning.

MAINTENANCE AND CARE

1. Water and Dust Resistance

The DOOGEE S58 PRO is IP68 and IP69K certified, meaning it is resistant to submersion up to 1 meter underwater for 24 hours and can withstand high-pressure, high-temperature water jets. It also meets MIL-STD-810G standards for durability.

- Ensure all port covers (USB-C, SIM tray) are securely closed before exposing the phone to water or dust.
- If the phone gets wet, wipe it dry with a clean cloth before charging or opening any ports.

- Avoid exposing the phone to extreme temperatures outside its operating range (-55°C to 70°C).

Image: Visual demonstration of the DOOGEE S58 PRO's IP68 waterproof and dustproof capabilities, including resistance to drops, water immersion, and extreme temperatures ranging from -55°C to 70°C.

2. Cleaning

Clean the device with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which can damage the phone's protective coatings.

3. Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Charge the phone using only the provided charger and cable. Extreme temperatures can affect battery performance and lifespan.

TROUBLESHOOTING

If you encounter issues with your DOOGEE S58 PRO, refer to the following common solutions:

- **Device not powering on:** Ensure the battery is charged. Connect the charger and wait a few minutes before

attempting to power on again.

- **Apps crashing or freezing:** Close the problematic app and reopen it. If the issue persists, restart the phone. Ensure your apps are updated to their latest versions.
- **Poor network signal:** Check if your SIM card is properly inserted. Move to an area with better network coverage.
- **Water or dust ingress:** If you suspect water or dust has entered the device despite its ratings, power off the phone immediately and allow it to dry completely. Do not attempt to charge it while wet.
- **Screen issues:** If the screen is unresponsive, try restarting the device. Ensure the anti-explosion film (screen protector) is correctly applied and not interfering with touch sensitivity.

For more complex issues, consider performing a factory reset (back up your data first) or contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	DOOGEE
Model	DOOGEE S58 PRO
Operating System	Android 10.0
Processor	MediaTek Helio P22 Octa-core CPU
RAM	6 GB
