RCA RCD12BKA

RCA RCD12BKA Alarm Clock User Manual

Model: RCD12BKA

Brand: RCA

INTRODUCTION

The RCA RCD12BKA is a compact and portable digital alarm clock designed for reliability and ease of use. Featuring a 4-inch LCD display with a timed color backlight, it is encased in a durable, impact-proof silicone shell, making it suitable for various environments including bedrooms, dorms, and travel. This manual provides detailed instructions to help you set up and operate your alarm clock effectively.

KEY FEATURES

- **Durable Design:** Features an impact-proof silicone outer shell for protection against minor falls.
- **Clear Display:** Equipped with a 4-inch LCD easy-read display.

- **Timed Backlight:** Color backlight illuminates for 5 seconds when activated, conserving battery and preventing sleep disruption.
- **Easy Alarm Setting:** Simple controls for setting the alarm.
- **Snooze Function:** Large-button snooze for convenience.
- **Portability:** Compact design makes it ideal for travel, bedrooms, dorms, and workspaces.

SETUP

1. Battery Installation

The RCA RCD12BKA Alarm Clock operates on batteries (not included). To install batteries:

1. Locate the battery compartment on the back or bottom of the clock.
2. Open the battery compartment cover.
3. Insert the required batteries (e.g., AAA or AA, refer to the compartment markings) ensuring correct polarity (+ and -).
4. Close the battery compartment cover securely.

2. Initial Power On

Once batteries are installed, the clock should power on automatically. The display may show a default time or flash, indicating it's ready for time setting.

OPERATING INSTRUCTIONS

Familiarize yourself with the buttons on your alarm clock. Typically, these include Hour (H), Minute (M), Snooze/Light, and On/Off buttons.

Image: A detailed view of the top control panel of the RCA RCD12BKA Alarm Clock, clearly labeling the 'Hour Button', 'Snooze-Light Button', and 'Minute Button'.

1. Setting the Time

1. Press the 'SET' button (usually on the side or back) to enter time setting mode. The hour digits will likely flash.

2. Use the 'H' (Hour) button to adjust the hour. Pay attention to AM/PM indicators if present.

3. Press 'SET' again to move to minute setting. The minute digits will flash.

4. Use the 'M' (Minute) button to adjust the minutes.

5. Press 'SET' one more time or wait a few seconds for the clock to exit setting mode and save the time.

2. Setting the Alarm

1. Press the 'ALARM SET' button (or similar, often labeled with an alarm icon) to enter alarm setting mode. The alarm hour digits will flash.

2. Use the 'H' (Hour) button to set the desired alarm hour.

3. Press 'ALARM SET' again to move to alarm minute setting. The alarm minute digits will flash.

4. Use the 'M' (Minute) button to set the desired alarm minutes.

5. Press 'ALARM SET' again or wait for the clock to exit setting mode. An alarm icon will typically appear on the

display to indicate the alarm is active.

Image: A hand is shown pressing a button on the RCA RCD12BKA Alarm Clock, accompanied by a checkmark icon and the text 'Easy To Set', emphasizing its user-friendly setup.

3. Activating/Deactivating the Alarm

Look for an 'ON/OFF' switch or button specifically for the alarm. Toggle it to activate or deactivate the alarm. The alarm icon on the display will indicate its status.

4. Using the Snooze/Light Function

When the alarm sounds, press the large 'SNOOZE-LIGHT' button on top of the clock. This will temporarily silence the alarm for a few minutes (typically 5-9 minutes) and activate the backlight for 5 seconds. The alarm will sound again after the snooze period. To turn off the alarm completely, use the alarm ON/OFF switch.

MAINTENANCE

Cleaning

To clean your alarm clock, gently wipe the surface with a soft, dry cloth. For stubborn marks on the silicone casing, a

slightly damp cloth can be used, but ensure no moisture enters the electronic components. Do not use abrasive cleaners or solvents.

Battery Replacement

When the display dims or the clock functions become erratic, it's time to replace the batteries. Follow the battery installation steps outlined in the 'Setup' section. Always use fresh batteries of the specified type.

TROUBLESHOOTING

- **Clock display is blank or dim:**
  Check battery installation. Ensure batteries are fresh and inserted with correct polarity. Replace batteries if necessary.

- **Alarm does not sound:**
  Ensure the alarm is set and activated (check for the alarm icon on the display). Verify the alarm time is correctly set.

- **Backlight is too short:**
  The backlight is designed to illuminate for approximately 5 seconds to conserve battery life and avoid disrupting sleep. This is a normal function of the clock.

- **Time is incorrect:**
  Re-set the time following the 'Setting the Time' instructions. Ensure AM/PM is correctly selected if applicable.

SPECIFICATIONS

Feature	Detail
Brand	RCA
Model Number	RCD12BKA
Color	Black
Display Type	Digital
Style	Compact
Special Feature	Alarm, Backlight
Power Source	Battery Powered
Room Type	Bedroom
Shape	Rectangular
