5. MAINTENANCE

Proper care will ensure the longevity and appearance of your SoBuy bathroom cabinet.

5.1. Cleaning

The lacquered surface of the cabinet is resistant and easy to clean. Use a soft, damp cloth with a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish. Wipe dry immediately after cleaning to prevent water spots.

5.2. Water Protection

The protective caps on the feet are designed to minimize water damage. However, avoid prolonged exposure to standing water. If spills occur, wipe them up promptly.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your cabinet.

6.1. Doors Not Sliding Smoothly

- Check the tracks for any debris or obstructions. Clean them thoroughly.
- Ensure the doors are correctly seated in their tracks.
- Verify that all assembly screws are tightened appropriately, as loose connections can affect alignment.

6.2. Cabinet Instability

- Ensure the cabinet is placed on a flat, level surface.
- Check that all assembly screws are securely tightened.
- Verify that the protective caps on the feet are fully installed.
