Yaheetech 5013177

Yaheetech 146cm Cat Tree with Stable Base, Light Grey

Model: 5013177

Brand: Yaheetech

Introduction

This instruction manual provides important information for the safe assembly, operation, and maintenance of your Yaheetech 146cm Cat Tree. Please read this manual thoroughly before assembly and retain it for future reference. This multi-level cat tree is designed to provide a dedicated space for your cats to play, scratch, climb, and rest, promoting their physical and mental well-being.

Safety Information

- Keep the cat tree away from fire and other heat sources to prevent damage and fire hazards.
- Ensure all components are securely fastened during assembly and periodically check for loose parts.
- Use the provided anti-tip kit to secure the cat tree to a wall for enhanced stability, especially if you have active or multiple cats.
- This cat tree is designed for small to medium-sized cats, typically weighing up to 5 kg per cat.
- Do not allow children to climb or play on the cat tree.

Features

- **Selected Materials:** Constructed with solid particle board and soft velvet, providing a comfortable and durable structure. The wooden components are FSC Mix certified (FSC-C208252).
- **Multi-level Design:** Features various levels, including two spacious condos, three perches, and a cozy basket, offering ample space for play, rest, and sleep.
- **Sisal Scratching Posts and Ramp:** Equipped with robust and durable sisal-wrapped posts and a sisal-covered ramp to satisfy your cat's natural scratching instincts and protect your furniture.
- **Hanging Plush Balls:** Includes two hanging plush balls with bells to stimulate your cat's hunting instinct and provide endless entertainment.
- **Stable and Solid Construction:** Features a wide square base and sturdy boards for enhanced stability. An anti-tip kit is included for additional security.

Setup and Assembly

Assembly of the Yaheetech Cat Tree requires careful attention to detail. Please follow the included graphical instructions step-by-step. All necessary parts and tools are provided.

1. Unpack all components and verify against the parts list (usually found in the separate assembly guide).
2. Begin by attaching the base plate to the lowest support posts.
3. Proceed to assemble the lower condo, ensuring all screws are tightened.
4. Continue building upwards, attaching platforms, additional posts, the upper condo, basket, and perches in sequence.
5. Attach the sisal ramp and hanging plush balls.
6. Once fully assembled, position the cat tree in its desired location.
7. Secure the cat tree to a wall using the anti-tip kit for maximum stability.

Operating Instructions

The Yaheetech Cat Tree is designed for intuitive use by your feline companions. No specific 'operation' is required beyond providing access to the structure.

- Encourage your cat to explore the different levels and features. You can use treats or toys to entice them.
- The sisal posts and ramp are for scratching. Redirect your cat to these areas if they attempt to scratch furniture.
- The condos and basket provide secure and cozy spots for resting and sleeping.
- The hanging plush balls are interactive toys. Periodically check their attachment for safety.

Maintenance

- **Cleaning:** Use a lint roller or a vacuum cleaner with a brush attachment to remove pet hair and dust from the velvet surfaces. For minor stains, spot clean with a damp cloth and mild pet-safe cleaner. Avoid excessive moisture.
- **Sisal Care:** The sisal scratching surfaces are durable but will show wear over time. Replace the sisal posts if they become heavily frayed or damaged.
- **Stability Check:** Periodically check all screws and connections to ensure they are tight. Re-tighten if necessary. Verify the anti-tip kit remains securely fastened to the wall.
- **Toy Inspection:** Inspect the hanging plush balls for any signs of damage or detachment. Replace if broken to prevent choking hazards.

Troubleshooting

- **Cat not using the tree:** Try placing treats, catnip, or familiar toys on different levels to encourage exploration. Ensure the tree is in a location your cat frequents.
- **Tree feels wobbly:** Double-check all screws and connections for tightness. Ensure the anti-tip kit is properly installed and secured to a sturdy wall.
- **Sisal posts are worn out:** Sisal is a natural fiber and will wear with use. Replacement sisal posts may be available from the manufacturer or compatible third-party sellers.
- **Condos too small for my cat:** This model is designed for small to medium-sized cats (up to 5 kg). If your cat is larger, they may prefer the open perches or a larger model.

Specifications

Brand	Yaheetech
Model Number	5013177
