# Taurus Foodie Multifunction Food Processor Instruction Manual

Model: Foodie (925013000)

## 1. INTRODUCTION

The Taurus Foodie Multifunction Food Processor is designed to simplify your cooking experience with its extensive range of features. This appliance combines 31 cooking functions into a single unit, allowing you to prepare a wide variety of dishes efficiently. It includes an integrated scale for precise ingredient measurement and comes with a comprehensive recipe book to inspire your culinary creations.

This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your Foodie food processor. Please read it thoroughly before first use and keep it for future reference.

## 2. SAFETY INSTRUCTIONS

To ensure safe operation and prevent damage to the appliance or injury, please observe the following safety guidelines:

- Always ensure the appliance is placed on a stable, flat, and dry surface. The base is equipped with suction cups for enhanced stability.
- Do not immerse the main unit, power cord, or plug in water or any other liquid.
- Keep hands, hair, clothing, and utensils away from moving parts during operation to prevent injury.
- The appliance features an automatic safety stop and protection system. It will only activate when the bowl and all accessories are correctly placed and securely locked. Ensure all components are properly assembled before starting.
- Exercise caution when handling sharp blades. Always use the blade cover when removing or cleaning the blades.
- Unplug the appliance from the power outlet when not in use, before assembling or disassembling parts, and before cleaning.
- This appliance is intended for household use only. Do not use it outdoors or for commercial purposes.

- All components, including the bowl and accessories, are BPA-free.

### 3. PRODUCT COMPONENTS

---

The Taurus Foodie Food Processor comes with several components designed for various cooking tasks:

- **Main Unit:** The base of the appliance housing the motor and control panel.
- **Stainless Steel Bowl:** 3.5-liter total capacity (2-liter cooking capacity) for processing ingredients.
- **Lid:** Secures the bowl during operation.
- **Blades:** High-performance stainless steel blades for chopping, crushing, and pulverizing.
- **Steamer (2-level):** For steaming ingredients, with a capacity of up to 3 liters.
- **Basket:** For cooking delicate ingredients or straining.
- **Mixing Paddle:** Designed for stirring, emulsifying, and kneading soft doughs.
- **Blade Cover:** Used to protect ingredients from direct contact with blades, ideal for rice or delicate cooking.
- **Measuring Cup:** For precise liquid measurements.
- **Spatula:** For scraping and stirring.

**2 YEAR  
WARRANTY**

**1 YEAR RETAIL  
+1 YEAR EXTENDED**

## 4. SETUP

---

Before using your Taurus Foodie Food Processor for the first time, follow these setup steps:

### 4.1 Unpacking and Initial Cleaning

1. Carefully remove all components from the packaging.
2. Wash the stainless steel bowl, lid, blades, steamer, basket, mixing paddle, blade cover, measuring cup, and spatula with warm soapy water. Rinse thoroughly and dry. These parts are dishwasher safe.
3. Wipe the main unit with a damp cloth. Do not immerse the main unit in water.

### 4.2 Assembly

1. Place the main unit on a clean, stable, and dry surface. Ensure the suction cups on the base are firmly attached.
2. Insert the blades into the bottom of the stainless steel bowl. Ensure they are securely seated.
3. Place the stainless steel bowl onto the main unit, aligning it correctly until it clicks into place.
4. Add ingredients to the bowl.
5. Secure the lid onto the bowl. The appliance will not operate if the lid is not properly closed and locked.

## 5. OPERATING INSTRUCTIONS

---

The Taurus Foodie Food Processor offers a digital display and intuitive controls for various cooking functions.

### 5.1 Control Panel and Digital Display

The digital display shows current settings for speed, temperature, and time. The control panel features dedicated buttons for various functions and a central dial for adjustment.

Image 5.1: A detailed view of the Foodie food processor's control panel, highlighting the digital display for speed, temperature, and time, along with function buttons and the central adjustment dial.

## 5.2 Basic Operation

1. Plug the appliance into a suitable power outlet.
2. Use the central dial to adjust settings for speed (12 levels), temperature (30°C to 120°C), and cooking time (up to 90 minutes).
3. Press the corresponding function button or the start/pause button to begin operation. An end-of-function warning will sound upon completion.

## 5.3 Key Functions

- **Multifunction (31 functions):** Includes pulverizing, crushing, grating, kneading, boiling, frying, steaming, liquefying, simmering, fermenting, weighing, and bain-marie cooking.
- **Integrated Scale:** Weigh ingredients directly in the bowl with 5g precision.
- **Yogurt Maker Function:** Specific setting for preparing homemade yogurt.
- **Pulse Function:** Provides short bursts of maximum power for quick chopping or mixing.
- **Auto-cleaning Function:** Simplifies the cleaning process (see Section 6).
- **Butterfly Function:** Utilizes the butterfly whisk accessory for whipping, emulsifying, and stirring delicate

mixtures.

- **Keep Warm Function:** Maintains food at a warm temperature after cooking.
- **DIY Function:** Allows you to program and save your own custom cooking settings for quick access.

Image 5.3: The steamer basket accessory, used for steaming vegetables, fish, or other delicate foods, fitting securely within the food processor's bowl.

## 5.4 Using the Recipe Book

The included recipe book contains 200 recipes, covering appetizers, main courses, and desserts. Follow the instructions in the book, adjusting settings on your Foodie food processor as indicated.

# 6. MAINTENANCE AND CLEANING

Regular cleaning and maintenance will prolong the life of your Taurus Foodie Food Processor.

## 6.1 Auto-cleaning Function

For quick and easy cleaning of the bowl, use the auto-cleaning function. Add a small amount of water and a drop of dish soap to the bowl, then activate the auto-cleaning program.

## 6.2 Manual Cleaning

- Always unplug the appliance before cleaning.
- The stainless steel bowl, lid, blades, steamer, basket, mixing paddle, blade cover, measuring cup, and spatula are dishwasher safe. Alternatively, wash them by hand with warm soapy water, rinse, and dry thoroughly.
- Wipe the main unit with a soft, damp cloth. Do not use abrasive cleaners or immerse the main unit in water.
- Handle blades with extreme care due to their sharpness.

# 7. TROUBLESHOOTING

If you encounter issues with your Foodie food processor, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Appliance does not start	Bowl or lid not correctly assembled/locked.	Ensure the bowl is securely placed on the main unit and the lid is properly closed and locked.
Error Code E3 displayed	The lid of the bowl is not properly engaged.	Check and re-secure the lid, ensuring it is fully closed and locked into position.
Motor runs but blades do not turn	Blades not correctly inserted or food blockage.	Unplug, remove the bowl, check blade assembly, and clear any obstructions.
Inaccurate weighing	Appliance not on a flat surface or scale overloaded.	Ensure the appliance is on a stable, flat surface. Do not exceed maximum weighing capacity.

If the problem persists after attempting these solutions, please contact customer support.

## 8. SPECIFICATIONS

Detailed technical specifications for the Taurus Foodie Multifunction Food Processor:

Feature	Specification
Brand	Taurus
Model Number	925013000
Color	Black Inox
Product Dimensions (L x W x H)	41.8P x 30.8I x 50H cm
Total Capacity	3.5 Liters
Cooking Capacity	2 Liters
