Operating Instructions

Once the stand is set up, follow these guidelines for safe and effective use:

- **Storage:** When not in use, fold the stand into its compact form and store it in a dry, cool place away from direct sunlight or extreme temperatures.

Troubleshooting

If you encounter any issues with your GUITTO GGS-01 Guitar Stand, consider the following:

- **Stand Instability:** Ensure the stand is fully unfolded and the internal locking mechanism is engaged. Check that the support arms are evenly adjusted and the stand is on a level surface.

- **Instrument Slipping:** Verify that the instrument is properly seated on the padded support arms. Ensure the non-slip rubber feet are clean and making full contact with the floor.
- **Difficulty Folding/Unfolding:** Check for any obstructions in the joints. Apply gentle, even pressure when folding or unfolding. Do not force the mechanism.
