GOWIN RED-2102

GOWIN Dual Wall Charger (USB-C, USB) with Fast Charging - Model RED-2102 User Manual

1. Product Overview

Thank you for choosing the GOWIN Dual Wall Charger. This charger is designed to provide efficient and fast charging for a wide range of devices, featuring multiple USB ports for simultaneous charging. It includes a USB-C port, a USB QC 3.0 port, and a standard USB 2.0 port, delivering a total power output of 33W.

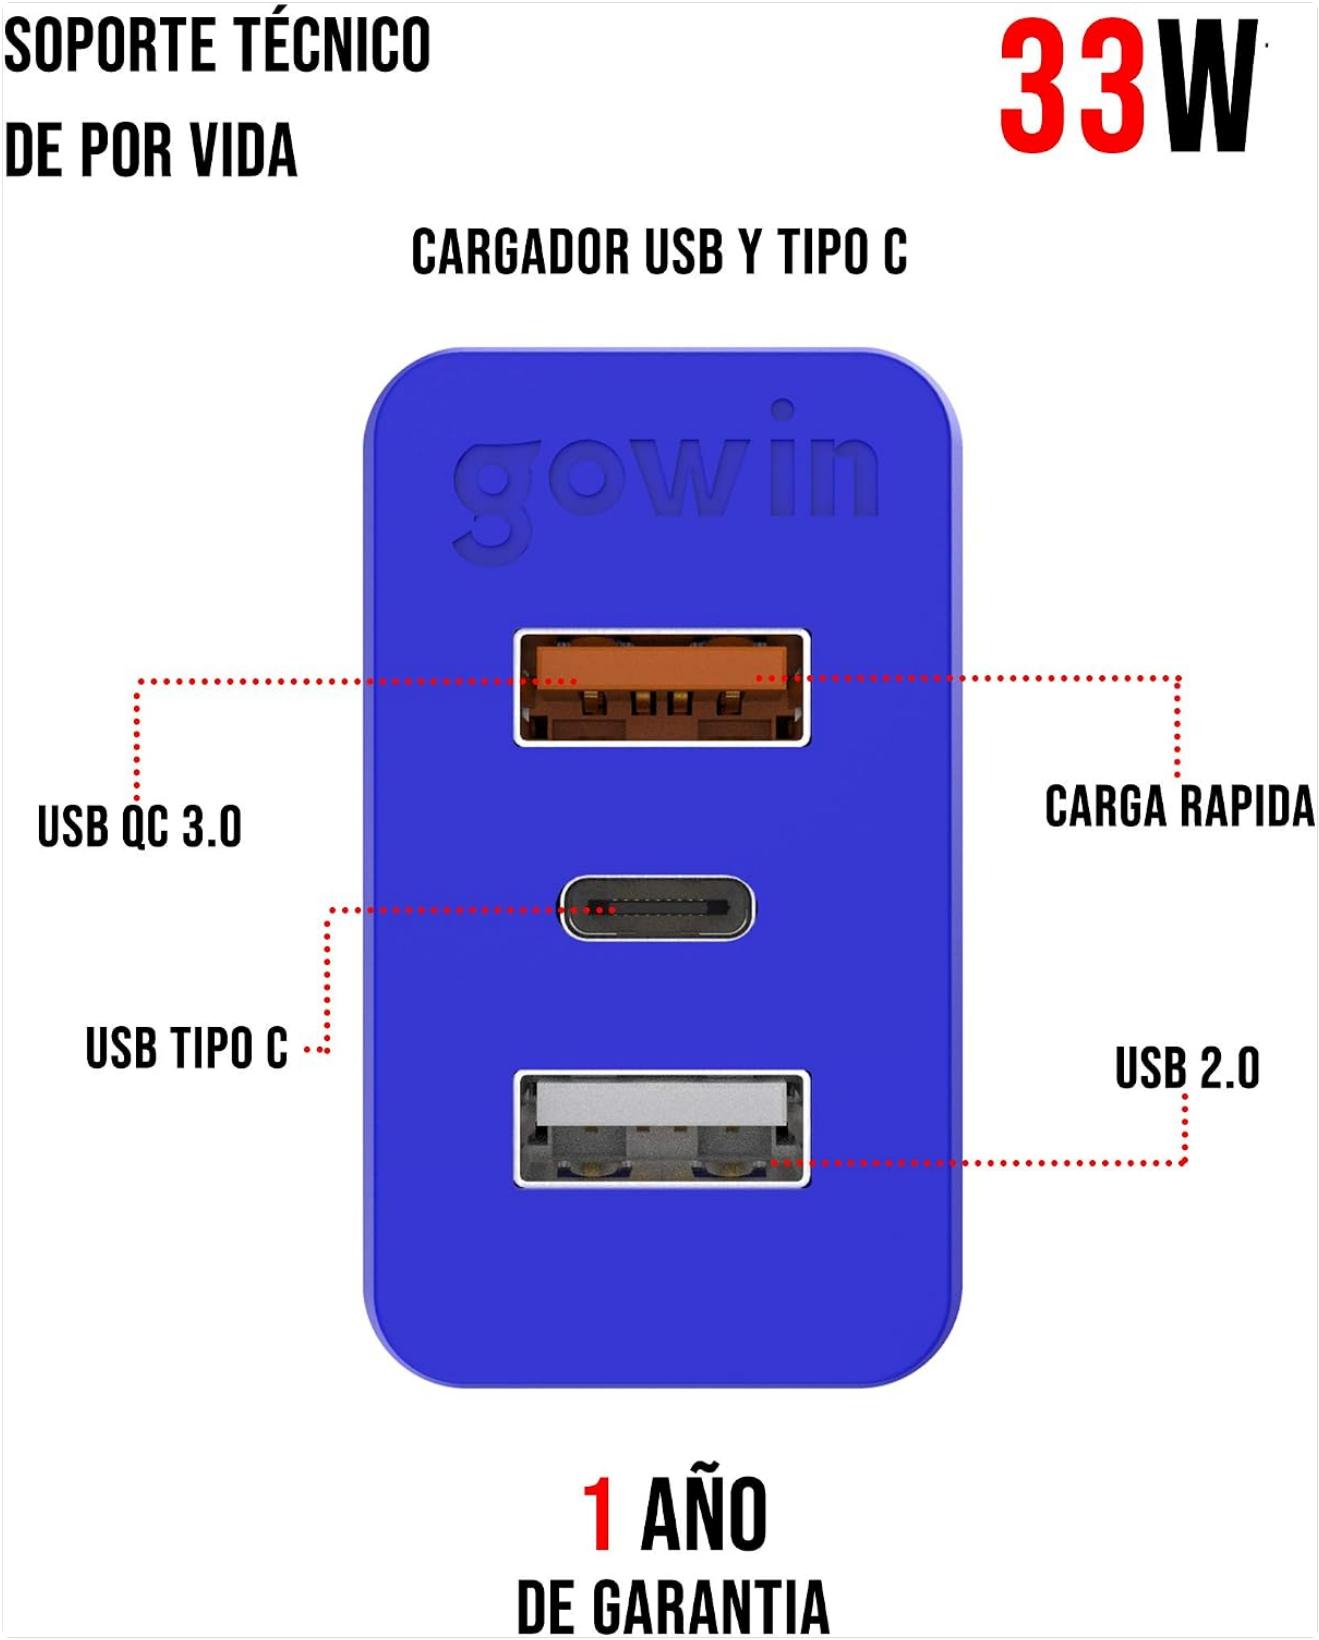

Figure 1: GOWIN Dual Wall Charger Port Layout. This image illustrates the three distinct charging ports: one USB QC 3.0 port, one USB Type-C port, and one USB 2.0 port, highlighting their positions on the charger.

2. Setup Instructions

1. **Unpack the Charger:** Carefully remove the GOWIN Dual Wall Charger from its packaging.
2. **Plug into Power Outlet:** Insert the charger's prongs into a standard wall power outlet (compatible with 100-220V). Ensure it is securely plugged in.
3. **Connect Your Devices:** Use appropriate USB cables (not included) to connect your devices to the desired

charging ports on the GOWIN charger.

- For fast charging compatible devices, use the USB QC 3.0 port or the USB Type-C port.
- For standard charging, use the USB 2.0 port.

Figure 2: Simultaneous Charging. This image shows the GOWIN charger connected to a power source, with three cables plugged into its USB ports, demonstrating its capability to charge multiple devices concurrently.

3. Operating Instructions

Once connected, the GOWIN Dual Wall Charger will automatically begin charging your devices. The charger is designed for optimal power delivery to each connected device.

- **Fast Charging:** The USB QC 3.0 and USB Type-C ports support fast charging protocols. For best results, ensure your device and charging cable are also fast charging compatible.
- **Universal Compatibility:** This charger is compatible with a wide range of devices, including smartphones, tablets, headphones, and other USB-powered gadgets.
- **Safe Charging:** The charger incorporates safety features to protect against overcharging, overheating, and short

circuits.

Figure 3: Fast Charging in Action. This image depicts a smartphone being rapidly charged by the GOWIN charger, with visual cues for Quick Charge 3.0 technology.

4. Care and Maintenance

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a dry, soft cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the charger or subjecting it to strong impacts. Do not attempt to disassemble or modify the charger.
- **Safety:** Do not expose the charger to water or high humidity. Keep out of reach of children.

5. Troubleshooting

- **Charger Not Working:**

- Ensure the charger is securely plugged into a functional wall outlet.
- Try a different wall outlet.

- **Device Not Charging:**
  - Check if the USB cable is properly connected to both the charger and your device.
  - Try using a different USB cable.
  - Ensure your device is compatible with the charger's output.
- **Slow Charging:**
  - Verify that your device and cable support fast charging if you are using the QC 3.0 or Type-C port.
  - Charging multiple devices simultaneously may slightly reduce the charging speed for each device, depending on their power requirements.

6. Technical Specifications

Feature	Specification
Brand	GOWIN
Model Number	RED-2102
Input Voltage	100-220 Volts
Output Voltage	5 Volts (DC)
Total USB Ports	3 (1x USB QC 3.0, 1x USB Type-C, 1x USB 2.0)
Total Wattage	33 Watts
