eufy Security SoloCam E20 Wireless Outdoor Security Camera User Manual

Your guide to setting up, operating, and maintaining your eufy Security SoloCam E20.

INTRODUCTION

The eufy Security SoloCam E20 is a wireless, standalone outdoor security camera designed for easy installation and reliable surveillance. It captures video in crisp 1080p resolution, features on-device AI for person detection, and offers local storage without any monthly fees. Its IP65 weatherproof rating ensures durability in various outdoor conditions, and it includes night vision for clear monitoring after dark.

WHAT'S INCLUDED

Your eufy Security SoloCam E20 package includes the following items:

- SoloCam E20 Camera
- Micro USB Charging Cable
- Screw Mount
- Screw Pack
- Owner's Manual (this document)

SETUP

1. Easy Installation

The SoloCam E20 is designed for straightforward installation. It takes just minutes to screw in the rotatable mount. Once the mount is secured, simply snap the camera into place. The 100% wire-free design allows for flexible placement anywhere in your home's exterior.

Easy to Install

2. App Setup and Pairing

To set up your SoloCam E20, download the eufy Security App on your smartphone. Follow the in-app instructions to add your device. You will be prompted to use the camera's lens to scan a QR code displayed in the app to initiate the pairing process.

OPERATING THE CAMERA

1. Video Resolution

The SoloCam E20 captures all activity around your home in clear 1080p Full HD resolution, ensuring you see every detail.

3. Night Vision

The SoloCam E20 provides clear sight at night, allowing you to monitor your property effectively even in low-light conditions. Its night vision capabilities ensure that important details are not missed.

4. Two-Way Audio

Communicate with anyone approaching your home using the built-in two-way audio feature. You can talk and hear their response in real-time from up to 8 meters away.

5. Voice Assistant Integration

Control your SoloCam E20 hands-free by integrating it with Amazon Alexa or Google Assistant. Requires a Google Hub, Echo Show, or other compatible devices.

Control via Alexa or the Google Assistant

"Alexa, show me the backyard"

6. Security Alarm

Deter unwanted visitors with the integrated 90dB alarm, which can be activated to warn off intruders.

MAINTENANCE

1. Weatherproof Design

The SoloCam E20 boasts an IP65 weatherproof rating, making it resilient against rain, sleet, snow, and extreme temperatures. This ensures continuous operation regardless of harsh weather conditions.

2. Battery Life & Charging

The camera is 100% wire-free, offering flexible placement. It is compatible with eufy solar panels for continuous charging, reducing the need for manual recharges.

3. Local Storage

The SoloCam E20 features 8GB of built-in local storage, allowing you to store up to 60 days of footage without any monthly fees or hidden costs. All data processing is done on-device for enhanced security and privacy.
