Philips TAA1105BK/00 Sports In-Ear Headphones Instruction Manual

Model: TAA1105BK/00

INTRODUCTION

The Philips TAA1105BK/00 In-Ear Headphones are engineered for individuals with active lifestyles, providing clear audio and stimulating bass. Designed for comfort and durability, these headphones feature a secure fit with flexible ear hooks and an in-line remote for convenient control during physical activities.

KEY FEATURES

- **15 mm Neodymium Drivers:** Deliver clear sound with enhanced bass performance.
- **Bass Beat Vents:** Optimize airflow for improved bass response.
- **IPX2 Sweat-Resistant:** Protects against dripping sweat, suitable for workouts.
- **Flexible Ear Hooks:** Provide a secure and adjustable fit for stability during movement.
- **In-Line Remote Control:** Allows for easy management of music playback and calls.
- **Integrated Microphone:** Enables hands-free communication.
- **Voice Assistant Activation:** Access your device's voice assistant with ease.
- **Wired Connectivity:** Standard 3.5 mm jack for broad device compatibility.

SETUP

Wearing the Headphones

1. Identify the left (L) and right (R) earpieces.
2. Gently place each earpiece into your ear canal.
3. Adjust the flexible ear hooks over the top of your ears to ensure a snug and secure fit. The ear hooks are designed to keep the headphones in place during vigorous activity.

Connecting to Your Device

1. Locate the 3.5 mm audio jack on your smartphone, tablet, MP3 player, or other compatible audio device.
2. Insert the 3.5 mm connector of the headphones firmly into the device's audio jack.
3. Ensure the connection is secure to prevent audio interruptions.

OPERATING INSTRUCTIONS

Using the In-Line Remote

The in-line remote control allows you to manage your audio and calls without needing to access your connected device directly.

- **Play/Pause Music:** Press the central button once.

- **Skip to Next Track:** Press the central button twice quickly.
- **Go to Previous Track:** Press the central button three times quickly.
- **Answer/End Call:** Press the central button once during an incoming call or to end an active call.
- **Reject Call:** Press and hold the central button for approximately 2 seconds during an incoming call.
- **Activate Voice Assistant:** Press and hold the central button for approximately 1 second when no call is active.

MAINTENANCE

Cleaning Your Headphones

- Regularly wipe the earpieces and ear hooks with a soft, dry cloth.
- For deeper cleaning, use a slightly damp cloth with mild soap, then wipe dry immediately.
- Do not use abrasive cleaners or solvents, as these can damage the materials.
- Ensure the 3.5 mm jack is clean and free of dust or debris for optimal connection.

Sweat Resistance (IPX2)

The headphones are IPX2 sweat-resistant, meaning they can withstand dripping sweat. However, they are not waterproof and should not be submerged in water or exposed to heavy rain. After intense workouts, it is recommended to gently wipe the headphones dry to prolong their lifespan.

TROUBLESHOOTING

- **No Sound:**
 - Ensure the 3.5 mm jack is fully inserted into your device.
 - Check the volume level on your audio device.
 - Test the headphones with another device to rule out a device-specific issue.
- **Microphone Not Working:**
 - Verify the 3.5 mm jack is securely connected.
 - Check your device's audio input settings to ensure the external microphone is selected.
- **Uncomfortable Fit / Falling Out:**
 - Re-adjust the flexible ear hooks to better conform to your ear shape.
 - Ensure the earpieces are properly seated in your ear canal.

SPECIFICATIONS

Feature	Detail
Brand	Philips
