

iRobot Roomba s9+ (9550) & Braava Jet m6 (6112)

iRobot Roomba s9+ (9550) Robot Vacuum and Braava Jet m6 (6112) Robot Mop Bundle User Manual

Brand: iRobot | Models: Roomba s9+ (9550) & Braava Jet m6 (6112)

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your iRobot Roomba s9+ Robot Vacuum and Braava Jet m6 Robot Mop Bundle. This system is designed to work together, utilizing Imprint Link Technology to vacuum and then mop your floors automatically. For optimal performance and longevity of your devices, please read these instructions carefully.

SETUP

Before using your iRobot Roomba s9+ and Braava Jet m6, follow these steps for initial setup:

1. **Unpacking:** Carefully remove all components from the packaging. Ensure you have the Roomba s9+ robot, Braava jet m6 robot, Clean Base Automatic Dirt Disposal, Home Base charging station, power cords, and any included accessories.
2. **Placement:** Place the Clean Base for the Roomba s9+ and the Home Base for the Braava jet m6 in areas with good Wi-Fi coverage, on a level surface, and against a wall. Ensure there is adequate clear space around each base (e.g., 1.5 feet on each side and 4 feet in front).
3. **Charging:** Connect the power cords to their respective bases and plug them into a wall outlet. Place both robots on their bases to charge fully before first use. The battery indicator will show charging status.

4. **iRobot Home App Installation:** Download the iRobot Home app from your device's app store. Follow the in-app instructions to connect both your Roomba s9+ and Braava jet m6 to your home Wi-Fi network. The app will guide you through naming your robots and initial mapping runs.
5. **Initial Mapping:** Allow the robots to complete several mapping runs to learn the layout of your home. This process is crucial for efficient cleaning and smart navigation.

OPERATING INSTRUCTIONS

Your iRobot Roomba s9+ and Braava Jet m6 are designed for intelligent, automated cleaning. Here's how to operate them:

Smart Mapping and Navigation

Both robots use vSLAM navigation to learn your home's layout and create Smart Maps. These maps allow for

efficient cleaning in neat rows and enable advanced features like Keep Out Zones and targeted room cleaning.

Image: The Roomba s9+ robot vacuum navigating a floor plan, illustrating its ability to map and clean specific rooms like the Living Room, Kitchen, Entryway, and Dining Room.

A top-down view of an iRobot vacuum cleaner in a dimly lit room. The robot is black with a prominent copper-colored circular top. From the robot, several green laser lines radiate outwards, creating a grid-like pattern on the floor and walls. Small green dots are placed at the intersections of these lines, representing data points gathered by the vSLAM technology. The background shows a modern interior with a large window, a table, and chairs, all rendered in a dark, semi-transparent style to emphasize the laser mapping process.

iRobot® vSLAM® Technology gathers
over 230,400 data points per second

Cleaning Modes and Scheduling

- **Automatic Cleaning:** Use the iRobot Home app to initiate a full cleaning cycle for your home.
- **Imprint Link Technology:** The Roomba s9+ and Braava jet m6 can be linked in the app to automatically vacuum then mop in sequence.
- **Targeted Room Cleaning:** Select specific rooms to clean via the Smart Map in the app.
- **Spot Cleaning:** For the Roomba s9+, place the robot over a specific dirty area and press the CLEAN button. For the Braava jet m6, use the Precision Jet Spray feature for sticky messes.
- **Scheduling:** Set recurring cleaning schedules through the iRobot Home app. The app can also suggest personalized schedules based on your cleaning habits.

Image: The Braava jet m6 robot mop in action, with the iRobot Home App displaying a recommendation to increase cleaning frequency during "Allergy Season."

Advanced Features

- **Keep Out Zones:** Define areas on your Smart Map that the robots should avoid, such as pet bowls or delicate furniture.
- **Voice Assistant Integration:** Control your robots using voice commands with compatible devices like Amazon Echo.
- **Power Boost Technology (Roomba s9+):** Automatically increases suction power on carpets for deeper cleaning.
- **Precision Jet Spray (Braava jet m6):** Helps tackle sticky messes and kitchen grease.

MAINTENANCE

Regular maintenance ensures your robots continue to perform effectively. The iRobot Home app will often provide reminders for maintenance tasks.

Roomba s9+ Vacuum Maintenance

- **Emptying the Clean Base:** The Clean Base automatically empties the robot's bin for up to 60 days. Replace the disposable bag in the Clean Base when full.
- **Cleaning the Robot's Bin:** Periodically remove and clean the robot's internal dust bin and filter.
- **Cleaning Brushes:** Remove and clean the Dual Rubber Brushes regularly to prevent hair tangles and maintain cleaning efficiency. The Corner Brush should also be cleaned.
- **Cleaning Sensors:** Wipe the robot's sensors (cliff sensors, optical sensors) with a clean, dry cloth to ensure

proper navigation.

- **Filter Replacement:** Replace the high-efficiency filter as recommended by the app or every few months, depending on usage.

Automatically empties the robot's bin

Braava Jet m6 Mop Maintenance

- **Filling the Tank:** Fill the Braava jet m6's tank with water or Braava jet Hard Floor Cleaning Solution. Do not use other cleaning solutions.
- **Attaching/Ejecting Pads:** Use disposable or washable mopping pads. Attach a clean pad before each mopping cycle. Eject used pads directly into the trash using the pad eject button to avoid touching dirty pads.
- **Cleaning Wheels and Sensors:** Periodically clean the wheels and sensors to ensure smooth movement and accurate navigation.

Add Braava jet™ Hard Floor
Cleaning Solution for
long-lasting, fresh scent

TROUBLESHOOTING

If you encounter issues with your iRobot Roomba s9+ or Braava Jet m6, refer to the following common solutions:

- **Robot Not Starting/Returning to Base:** Ensure the robot is fully charged and its charging contacts are clean. Check for any obstructions around the base station.
- **Navigation/Mapping Issues:** If the robot gets stuck frequently or creates incorrect maps, ensure all sensors are clean. Perform a reboot of the robot and the app. Ensure adequate lighting during mapping runs.
- **Poor Cleaning Performance:** For the Roomba s9+, check and clean the brushes, filter, and dust bin. For the Braava jet m6, ensure the tank is filled and a clean pad is attached.
- **Robot Getting Stuck:** Clear the cleaning area of loose cables, small objects, or thick rugs that might impede movement. Use Keep Out Zones in the app for problematic areas.
- **App Connectivity Issues:** Ensure your Wi-Fi network is stable and the robots are within range. Try restarting

your router, the robots, and the iRobot Home app.

- **Battery Life Concerns:** Battery performance can vary with floor type and cleaning mode. Ensure the robot is fully charged before each cycle. If battery life significantly degrades, contact customer support.
- **Dirty Sensors/Battery Contacts:** If the robot behaves erratically or fails to charge, inspect and clean all visible sensors and the battery charging contacts on both the robot and its base. Fine dust can sometimes interfere with these components.

For persistent issues, consult the iRobot Home app for specific error messages or visit the iRobot support website.

SPECIFICATIONS

Feature	Specification
Brand	iRobot
Model Name	Roomba s9+ Combo
Special Features	Automatic Dust Collection, Programmable, Self-Cleaning Brushroll, Smart Mapping
Color	Black
Product Dimensions	22.64"L x 16.53"W x 20.87"H
Included Components	Braava Jet M6, Roomba S9+
Filter Type	Cartridge
Battery Life	120 minutes
Power Source	Battery Powered
Batteries Included	Yes (1 Lithium Ion battery required, included)
Control Method	Voice
Lithium Battery Voltage	14.4 Volts
Compatible Devices	Amazon Echo
Form Factor	Robotic
UPC	885155025920
Item Weight	8.15 pounds
Item Model Number	4720096
Number of Pieces	2

WARRANTY AND SUPPORT

Your iRobot Roomba s9+ and Braava Jet m6 Bundle comes with a**1-year limited warranty**. For detailed warranty information, please refer to the official warranty document.
