## AM alphamount APTVS06

# AM alphamount Universal TV Stand Instruction Manual

Model: APTVS06

Brand: AM alphamount

## 1. INTRODUCTION

Thank you for choosing the AM alphamount Universal TV Stand APTVS06. This stand is designed to provide a stable and adjustable tabletop solution for flat-screen televisions ranging from 26 to 55 inches. It features a durable steel construction with a tempered glass base, offering both stability and a modern aesthetic. This manual provides detailed instructions for safe assembly, operation, and maintenance of your TV stand.

## 2. SAFETY INFORMATION

**WARNING: Read and understand all instructions before assembly and use. Failure to follow these instructions may result in serious personal injury or property damage.**

- **Weight Capacity:** Do not exceed the maximum weight capacity of 88 lbs (40 kg).
- **TV Size:** This stand is suitable for TVs between 26 and 55 inches.
- **VESA Compatibility:** Ensure your TV's VESA mounting pattern is within the range of 100x100mm to 400x400mm.
- **Anti-Tip Safety:** Always install the included anti-tip safety wire to prevent accidental tipping, especially in households with children or pets.
- **Stable Surface:** Place the TV stand on a stable, level, and sufficiently strong surface.
- **Assembly:** Two people are recommended for assembly and lifting the TV.

# We Make It Safer

## Never worry about tipping over

This image illustrates the safety features of the TV stand, including the anti-tip safety wire, the anti-drop design of the TV brackets, and the safety lock mechanism to secure the TV to the stand.

### 3. PACKAGE CONTENTS

Please check that all parts are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer support.

- Tempered Glass Base
- Support Pillar
- TV Plate (Main Bracket)
- TV Brackets (2 pcs)
- Anti-Tip Safety Wire
- Hardware Kit (various screws, washers, spacers, nuts, Allen key, wrench)
- Non-slip Pads

## The Alphamount Promise

If you run into a snag we've got caring customer team to solve your issue 7 days a week. At Alphamount, we've got your back.

This diagram provides an exploded view of the universal TV stand, illustrating all individual components included in the package for assembly.

### 4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your AM alphamount TV stand. It is recommended to have a second person assist with lifting the TV.

#### 1. Attach the Support Pillar to the Base:

Secure the support pillar to the tempered glass base using the provided screws and washers. Ensure the pillar is firmly attached and stable.

This image shows the connection point between the support pillar and the tempered glass base during assembly.

#### 2. Attach the TV Plate to the Support Pillar:

Mount the main TV plate to the support pillar using the designated screws. You can choose from multiple height positions on the pillar to set the initial TV height.

## Beautifully Your Space

TV Size: 26"-55"    VESA: 400x400    Weight: 88lbs

This diagram demonstrates how the TV plate connects to the support pillar, highlighting the adjustable height options.

### 3. Attach TV Brackets to your TV:

Carefully place your TV face down on a soft, clean surface. Attach the two TV brackets to the VESA mounting holes on the back of your TV using the appropriate screws, washers, and spacers from the hardware kit. Ensure the brackets are securely fastened and level.

## We'll Fit Them All

TV Size: 26"-55"

Weight: 88lbs

VESA: 100x100-400x400mm

SONY SAMSUNG  
VIZIO LG  
Hisense TCL

This image illustrates the process of attaching the TV brackets to the VESA mounting points on the back of a flat screen television.

### 4. Hang the TV onto the TV Plate:

With assistance, carefully lift the TV and hook the attached TV brackets onto the main TV plate. Ensure the brackets are fully seated and the TV is stable.

## 5. Secure the TV:

Use the safety locks on the TV brackets to secure the TV to the main plate, preventing accidental dislodgement. Additionally, attach the anti-tip safety wire from the TV to a secure point on the wall or furniture behind it, as shown in the safety section.

### Assembly Video Guide

Your browser does not support the video tag.

This official video from AM alphamount provides a visual guide on how to install the APTVS06 tabletop TV stand, demonstrating each step of the assembly process.

## 5. HEIGHT ADJUSTMENT

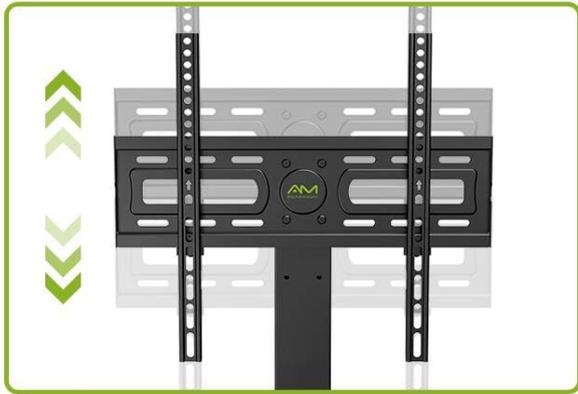

The AM alphamount TV stand offers multiple height adjustment options to optimize your viewing experience.

- **TV Plate Adjustment:** The main TV plate can be attached to the support pillar at 3 different vertical positions.
- **TV Bracket Adjustment:** The TV brackets themselves offer 2 additional positions for fine-tuning the TV's height relative to the main plate.

These options provide a total of 6 possible height settings. To adjust, you may need to partially disassemble the TV from the stand to access the mounting points on the pillar or brackets.

# Height Adjustable

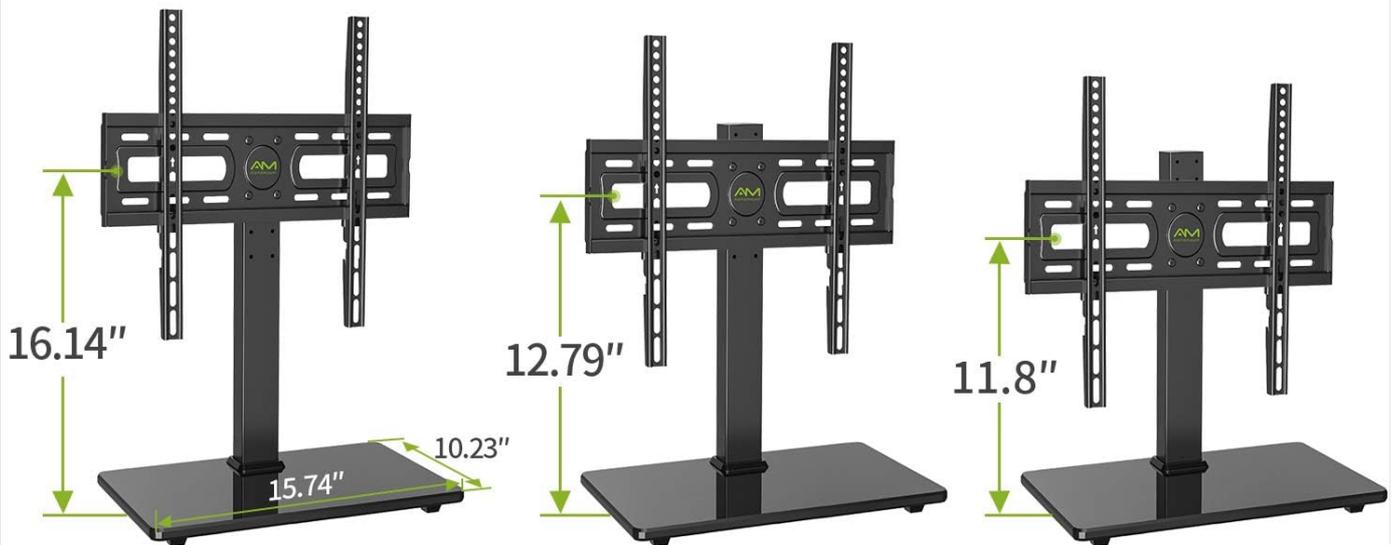

## 6 positions to customize your viewing height

1 3 options to adjust TV plate

2 2 positions to adjust TV bracket

This image illustrates the various height adjustment options available for the TV stand, showing how both the TV plate and the TV brackets can be positioned to achieve the desired viewing height.

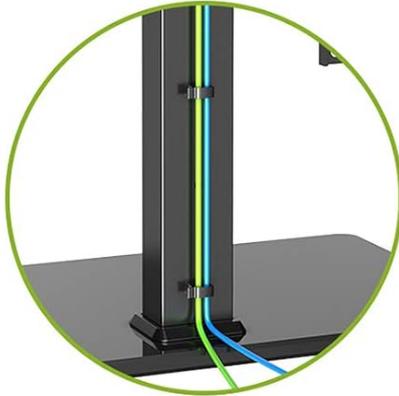

## 6. CABLE MANAGEMENT

The stand includes an integrated cable management system to help keep your cables organized and out of sight, contributing to a cleaner setup.

- Route your TV and device cables through the designated openings or clips on the support pillar.
- Use cable ties (not included) if necessary to bundle cables neatly along the pillar.

| Item Weight        | 10.14 pounds               |
| Package Dimensions | 17.76 x 11.5 x 1.93 inches |

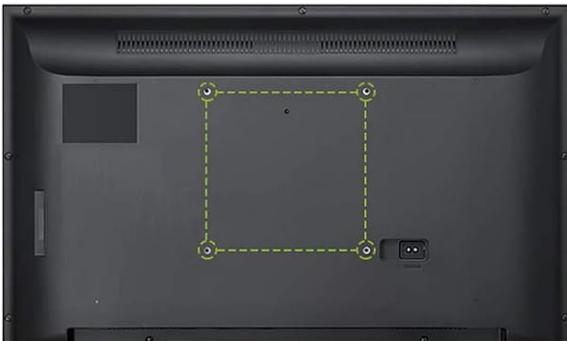

## Size Matters

### Must know before purchasing

TV Size: **26"-55"**

Weight: **88lbs**

**VESA:** 400x400mm  
 400x300mm/400x200mm  
 300x300mm/300x200mm  
 200x200mm/200x100mm

This image provides a visual summary of the stand's compatibility, including supported TV sizes (26-55 inches), maximum weight (88 lbs), and various VESA mounting patterns.

## 8. TROUBLESHOOTING

If you encounter any issues during or after assembly, please refer to the following common solutions:

- **TV is not level:** Check that the support pillar is securely attached to the base and that the TV plate is level. Ensure TV brackets are installed evenly on the TV back.

- **Stand feels wobbly:** Verify all screws are tightened according to the instructions. Ensure the stand is placed on a flat, stable surface. Re-check the anti-tip safety wire installation.
- **Missing parts:** Double-check the package contents against the parts list. If parts are genuinely missing, contact customer support for replacements.
- **TV does not fit:** Confirm your TV's size and VESA pattern are within the specified ranges (26-55 inches, VESA 100x100mm to 400x400mm).

## 9. CARE AND MAINTENANCE

- Clean the tempered glass base and metal parts with a soft, damp cloth. Avoid abrasive cleaners.
- Periodically check all screws and connections to ensure they remain tight and secure.
- Do not place heavy objects on the stand's base beyond its intended purpose.

## 10. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the product packaging or contact the manufacturer directly. Keep your purchase receipt as proof of purchase.
