Qanba EVO Dorone

Qanba EVO Dorone Arcade Stick User Manual

Model: EVO Dorone

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Qanba EVO Dorone Arcade Stick. Please read this manual thoroughly before using the product to ensure proper functionality and longevity.

SETUP GUIDE

Follow these steps to set up your Qanba EVO Dorone Arcade Stick for the first time.

1. **Unpacking:** Carefully remove the arcade stick from its packaging. Ensure all components are present: the arcade stick unit and any included cables.
2. **Connectivity:** Locate the USB cable attached to the arcade stick.
3. **Connecting to Console/PC:**

- For PlayStation consoles (PS4/PS3): Connect the USB cable directly to an available USB port on your console. The system should automatically detect the device.
 - For PC: Connect the USB cable to an available USB port on your computer. Drivers should install automatically. If not, visit the official Qanba website for driver downloads.
4. **Mode Selection:** The arcade stick may have a mode switch (e.g., PS4/PS3/PC). Ensure it is set to the correct mode for your system. Refer to the top panel for switch location.

OPERATING INSTRUCTIONS

Understanding the controls and functions of your arcade stick.

Button Layout

The Qanba EVO Dorone features a standard arcade button layout. The main action buttons are typically arranged in an 8-button Vewlix style configuration.

- **Joystick:** Used for directional input (Up, Down, Left, Right, and diagonals).
- **Action Buttons:** (X, O, Square, Triangle, L1, R1, L2, R2 for PlayStation; corresponding buttons for PC).
- **System Buttons:** PS Button, Share, Options (Start/Select), Turbo, Mode.

Mode Switch

The mode switch allows you to select the compatibility mode for your device. Ensure it is set correctly for your platform (e.g., PS4, PS3, PC).

Turbo Function

To activate the Turbo function for a specific button:

1. Press and hold the **TURBO** button.
2. While holding TURBO, press the desired action button (e.g., X, O) you wish to apply turbo to.
3. Release both buttons. The selected button will now rapidly register inputs when held down.

To deactivate Turbo for a button, repeat the process.

Figure 3: Top-down view of the Qanba EVO Dorone, providing a clear overview of all control elements including system buttons.

MAINTENANCE AND CARE

Proper care will extend the life of your arcade stick.

- **Cleaning:** Use a soft, dry cloth to wipe down the surface of the arcade stick. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the internal components. Avoid abrasive cleaners or solvents.
- **Storage:** Store the arcade stick in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Management:** Avoid sharp bends or kinks in the USB cable to prevent damage.
- **Joystick and Buttons:** These components are designed for durability, but excessive force or impact can cause damage.

TROUBLESHOOTING

Common issues and their solutions.

Problem	Possible Cause	Solution
Arcade stick not recognized by console/PC.	Incorrect mode selected; loose USB connection; driver issue (PC).	Check the mode switch on the arcade stick and set it to the correct platform. Ensure the USB cable is securely connected to both the arcade stick and the console/PC. Try a different USB port. For PC, try reinstalling drivers or checking Device Manager.
Buttons or joystick unresponsive.	Physical damage; internal connection issue; software conflict.	Test the arcade stick on another console/PC if possible. Ensure no debris is lodged under buttons. If the issue persists, contact customer support.

Problem	Possible Cause	Solution
Turbo function not working.	Incorrect activation; button not supported for turbo.	Re-read the Turbo activation steps in the Operating Instructions section. Ensure you are applying Turbo to an action button.

SPECIFICATIONS

- **Model:** Qanba EVO Dorone
- **ASIN:** B08F4GRFXH
- **Package Dimensions:** 15.47 x 10.51 x 6.69 inches
- **Item Weight:** 4.03 pounds
- **Connectivity:** USB Wired
- **Compatibility:** PlayStation (PS4/PS3), PC
- **Date First Available:** September 15, 2020
