6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your sofa.

- **Cleaning:** For general cleaning, lightly brush and/or vacuum the fabric to remove dust and loose debris.

- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading.

7. TROUBLESHOOTING

- **Sofa feels too firm:** The cushions are designed to be firm for support. They will naturally soften with regular use over time.
- **Missing parts or hardware:** Carefully check all packaging and inside the sofa compartments. If parts are still missing, contact customer support.
- **Color variation:** Slight color differences may occur between the product and what is displayed on your monitor due to lighting and screen settings.
