## POLTI PTNA0022

# POLTI Vaporetto Smart 100 Steam Cleaner User Manual

Model: PTNA0022

## INTRODUCTION

This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your POLTI Vaporetto Smart 100 Steam Cleaner. Please read it thoroughly before first use and keep it for future reference. The POLTI Vaporetto Smart 100 is an all-in-one steam cleaner designed for sanitizing various surfaces, including floors, carpets, and other household items, using high-pressure, high-heat steam without the need for harsh chemicals.

## SAFETY INFORMATION

Always observe the following safety precautions to prevent injury or damage to the appliance:

- Do not direct steam at people, animals, or electrical appliances.
- Ensure the appliance is unplugged before filling or cleaning.
- Keep the appliance out of reach of children and pets.
- Use only distilled or demineralized water to prevent mineral buildup.
- Do not open the boiler cap while the appliance is hot or under pressure.
- Always allow the appliance to cool down completely before storing.
- Refer to the full safety guidelines in the official product documentation.

## PRODUCT OVERVIEW

Familiarize yourself with the components of your POLTI Vaporetto Smart 100 Steam Cleaner.

Figure 1: POLTI Vaporetto Smart 100 Steam Cleaner main unit with handle and floor brush attached.

## Included Accessories

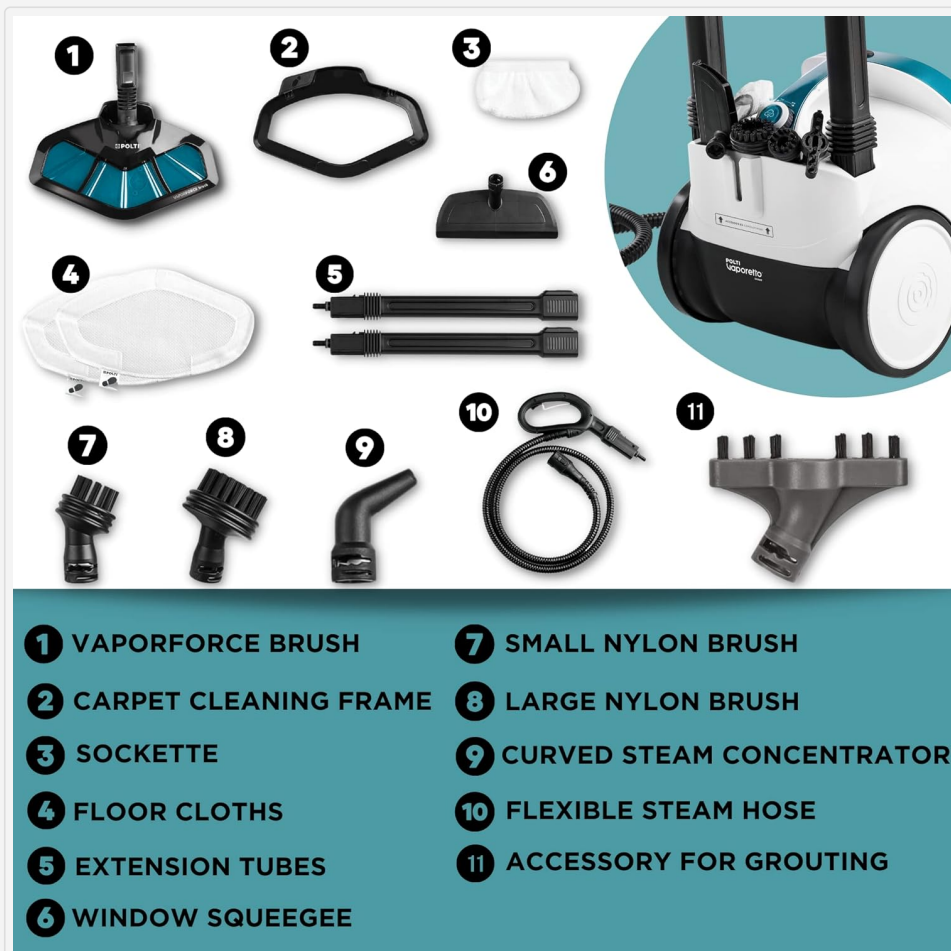

Figure 2: Overview of the 10 multi-purpose attachments included with the steam cleaner.

1. Vaporforce Brush: For deep cleaning floors.
2. Carpet Cleaning Frame: Attaches to the Vaporforce brush for carpet use.
3. Sockette: Cloth cover for various tools.
4. Floor Cloths: Microfiber cloths for floor cleaning.
5. Extension Tubes: For extended reach.
6. Window Squeegee: For streak-free window cleaning.
7. Small Nylon Brush: For detailed cleaning of small areas.
8. Large Nylon Brush: For larger detailed cleaning tasks.
9. Curved Steam Concentrator: For focused steam application.
10. Flexible Steam Hose: Connects handheld tools to the main unit.
11. Accessory for Grouting: Specialized tool for grout lines.

## SETUP

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for storage or future transport.
2. **Water Filling:**

Figure 3: Filling the water tank.

Locate the water tank cap. Unscrew it and fill the tank with clean, cold tap water up to the MAX level indicated. The large 67-ounce tank provides a minimum of one hour of steam use. For optimal performance and to prevent mineral buildup, it is recommended to use distilled or demineralized water.

3. **Assembly:**
  - Attach the desired accessory (e.g., Vaporforce brush, extension tubes) to the steam gun or hose. Ensure it clicks securely into place.
  - Connect the steam hose to the main unit's steam outlet.
4. **Power Connection:** Plug the power cord into a suitable electrical outlet (120 Volts).

## OPERATING INSTRUCTIONS

## 1. Power On and Heating:

Figure 4: Control panel with power and steam readiness indicators.

Press the power button. The indicator light will illuminate. The appliance will heat up in approximately 4 minutes. The steam ready indicator light will turn on when the unit is ready for use.

Your browser does not support the video tag.

Video 1: Demonstrates the quick heat-up time and various cleaning applications of the POLTI Vaporetto Smart 100.

## 2. Adjusting Steam Flow:

Figure 5: Steam flow adjustment dial.

Rotate the steam flow dial to select your desired steam intensity: low, medium, or high. Use higher settings for heavily soiled areas and lower settings for delicate surfaces or carpets.

## 3. Cleaning Surfaces:

Direct the steam gun or attached accessory towards the surface to be cleaned. Press the steam activation button on the handle to release steam. Move the accessory slowly over the surface to allow the steam to penetrate and loosen dirt.

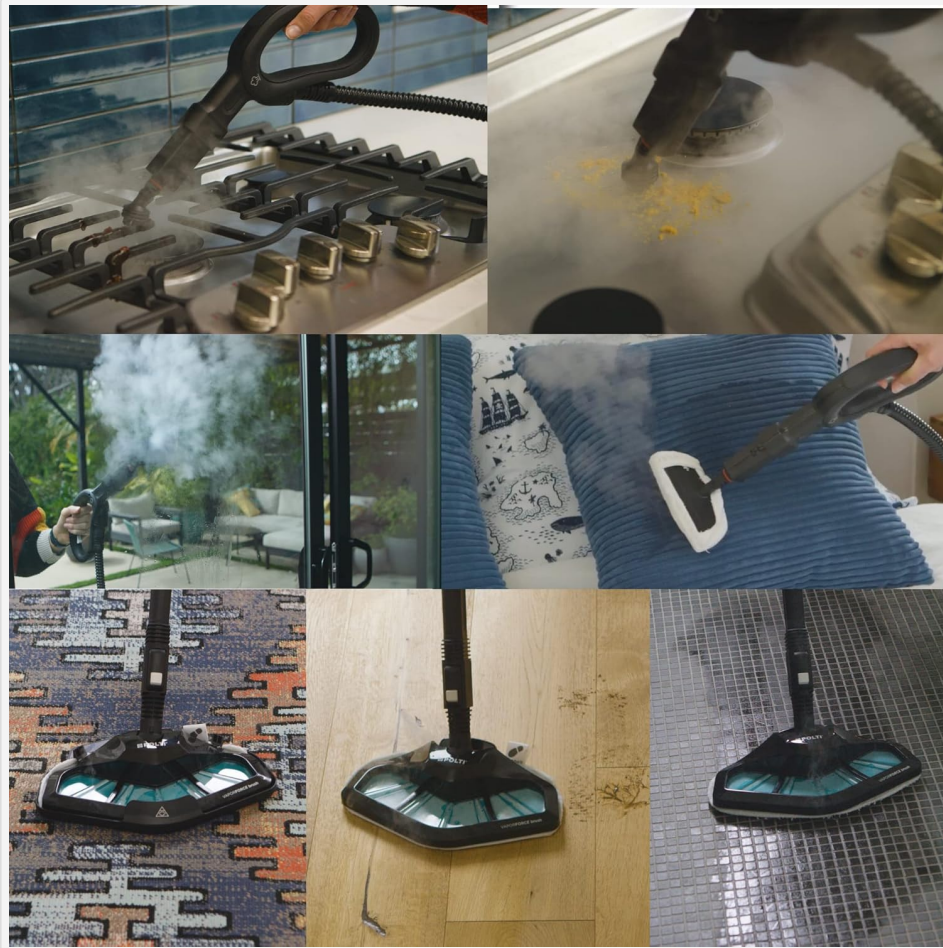

Figure 6: Examples of steam cleaner application on different surfaces.

### Floor Cleaning with Vaporforce Brush:

Figure 7: The Vaporforce brush for efficient floor cleaning.

Attach the Vaporforce brush with a clean floor cloth. For carpets, use the carpet glider. Move the brush back and forth over the floor. The flexible design allows for effective cleaning in various directions.

### Sanitizing and Odor Removal:

The steam cleaner effectively sanitizes surfaces by eliminating 99.99% of common germs, bacteria, and viruses without chemicals. It can also be used to refresh fabrics and remove odors from items like upholstery and stuffed

toys.

4. **Continuous Steam (Unlimited Steam Technology):**

The Smart 100 features continuous autofill technology. If the water level in the tank becomes low during operation, you can refill it without waiting for the boiler to cool down. This allows for extended, uninterrupted cleaning sessions.

5. **Finishing Cleaning:** Release the steam activation button. Unplug the appliance from the power outlet.

## MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your steam cleaner.

- **Emptying and Cleaning the Tank:** After each use, allow the appliance to cool down. Empty any remaining water from the tank. Clean the tank with a soft cloth.
- **Descaling:**

Figure 8: Location of the descaling cap.

Periodically descale the boiler to prevent mineral buildup, especially if using hard water. Refer to the full instruction manual for detailed descaling procedures and recommended descaling solutions.

- **Accessory Care:** Clean all accessories after use. Microfiber cloths can be machine washed.
- **Storage:** Store the appliance in a cool, dry place, away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

If you encounter issues with your POLTI Vaporetto Smart 100, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No steam output.	No water in tank; appliance not heated; steam button not pressed.	Fill water tank; wait for steam ready light; press steam button.
Low steam pressure.	Insufficient water; mineral buildup in boiler.	Refill water tank; descale the boiler.
Water leaking from accessories.	Accessory not properly attached; condensation.	Ensure accessory is securely attached; this is normal during initial use.

For more detailed troubleshooting, please refer to the official [Troubleshooting Guide \(PDF\)](#).

## SPECIFICATIONS

- **Brand:** POLTI
- **Model Name:** Smart 100
- **Item Model Number:** PTNA0022
- **Power Source:** AC/DC
- **Voltage:** 120 Volts
- **Wattage:** 7.2E+3 (7200 Watts)
- **Tank Volume:** 67.6 Fluid Ounces (approx. 2 liters)
- **Heat Time:** 4 minutes
- **Maximum Temperature:** 280 Degrees Fahrenheit
- **Pressure:** Up to 58 PSI
- **Item Weight:** 20.7 pounds
- **Package Dimensions:** 21 x 13.5 x 13 inches
- **Surface Recommendation:** Floor, Windows, Carpets, Upholstery
- **Special Feature:** Unlimited Steam Technology, 10 Multi-purpose Attachments
