SETUP

Charging the Device

Before first use, fully charge the massager. The device is battery-powered and rechargeable.

1. Locate the charging port on the side of the massager.
2. Connect the provided charging cable to the massager and a suitable power adapter (not included) or USB port.
3. The charging indicator light will illuminate (color may vary) to show that the device is charging.
4. Once fully charged, the indicator light will change or turn off. Disconnect the charger.

Positioning the Massager

The ergonomic design allows for versatile placement. Position the massager comfortably on the desired area of your body, such as your lower back, upper back, or neck.

Power On/Off and Mode Selection

- Power On & Initial Mode:** Press the power button once to turn on the massager. It will typically start with a default kneading direction and heat function activated.
- Change Kneading Direction:** Press the power button a second time to reverse the kneading direction.
- Deactivate Heat:** Press the power button a third time to turn off the heat function while the massage continues.
- Power Off:** Press the power button a fourth time to turn off the massager completely.

Auto-Timer Function

For your safety and to prevent overuse, the OTO Handy Spa HS-900V is equipped with a 15-minute auto-timer. The device will automatically shut off after approximately 15 minutes of continuous operation. If you wish to continue your massage, simply press the power button again to restart the cycle.

MAINTENANCE AND CARE

Cleaning

- Ensure the massager is turned off and unplugged before cleaning.
- Wipe the surface of the massager with a soft, slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the device.
- Do not immerse the massager in water or any other liquid.
- Allow the massager to air dry completely before storing or next use.

Storage

- Store the massager in a cool, dry place, away from direct sunlight and extreme temperatures.
- Avoid placing heavy objects on top of the massager.
- Keep the charging cable neatly coiled to prevent damage.
