Merax WF194887AAK

Merax Wooden Daybed with Trundle User Manual

Model: WF194887AAK

1. INTRODUCTION

Thank you for choosing the Merax Wooden Daybed with Trundle. This versatile furniture piece is designed to provide a comfortable sleeping solution and flexible space utilization, easily transforming from a twin-sized daybed to a king-sized bed. Its sturdy construction ensures durability and long-lasting use. Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

2. SAFETY INFORMATION

Please adhere to the following safety guidelines to prevent injury or damage to the product:

- **Weight Capacity:** Do not exceed the stated weight capacities of 275 lbs for the main bed and 175 lbs for the trundle. Overloading can cause structural failure and injury.
- **Assembly:** Ensure proper assembly according to the instructions provided. All bolts and screws must be securely tightened before use. Periodically check and re-tighten all connections.
- **Mattress Thickness:** For optimal fit and safe operation, the recommended maximum mattress thickness is 4 inches for both the upper bed and the trundle. Thicker mattresses may interfere with the trundle mechanism or cause gaps.
- **Trundle Operation:** Use caution when operating the trundle mechanism. Ensure clear path and avoid placing hands or feet in pinch points.

- **Children Safety:** Keep small parts and assembly hardware out of reach of children. Do not allow children to play on or around the bed unsupervised, especially during extension or retraction.
- **Placement:** Place the daybed on a flat, level surface. Avoid placing it near heat sources or in direct sunlight, which can cause wood warping or discoloration.
- **Chemical Warning:** This product may expose you to chemicals including Formaldehyde, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov/furniture.

3. COMPONENTS AND PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed in your package contents are present and undamaged. If any parts are missing or damaged, please contact customer support.

Typical Components:

- Headboard and Footboard Panels
- Side Rails
- Bed Slats (Main Bed and Trundle)
- Trundle Frame and Wheels
- Support Legs
- Hardware Pack (screws, bolts, nuts, Allen wrench)

Image 3.2: Detail of the bed slats, illustrating their sturdy construction and connection method.

4. SETUP AND ASSEMBLY

Assembly of the Merax Wooden Daybed requires careful attention to detail. It is recommended that two adults perform the assembly. Please follow the step-by-step instructions provided in the separate assembly guide included with your package.

General Assembly Steps:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratching.
2. Identify all parts and hardware using the provided list.
3. Assemble the main daybed frame by connecting the headboard, footboard, and side rails.
4. Install the bed slats onto the main frame, ensuring they are securely fastened.
5. Assemble the trundle unit, including its frame and wheels.

6. Install the trundle slats.
7. Slide the assembled trundle unit under the main daybed frame.
8. Place mattresses (not included) on both the main bed and the trundle.

Tools Required: Typically, an Allen wrench (provided) and a Phillips head screwdriver (not provided) are needed for assembly.

Image 4.1: Close-up of the trundle's rolling mechanism, highlighting the wheels for easy movement.

5. OPERATING INSTRUCTIONS

The Merax Wooden Daybed is designed for easy conversion between twin and king sizes, and convenient use of the trundle bed.

5.1. Twin to King Size Expansion:

1. To expand the daybed from twin to king size, gently pull the trundle unit out from under the main bed.
2. Once fully extended, the trundle frame will align with the main bed frame, creating a larger sleeping surface.
3. Place a second twin-sized mattress (or adjust existing mattresses) to cover the expanded area, effectively forming a king-sized bed.

5.2. Retracting to Twin Size:

1. Remove any additional mattresses or bedding from the expanded area.
2. Gently push the trundle unit back under the main daybed frame until it is fully stored.

5.3. Using the Trundle Bed:

The trundle bed can be used independently or as part of the king-size expansion.

- To use the trundle, simply pull it out from under the main daybed.
- Ensure the trundle is on a flat surface and clear of obstructions.
- When not in use, push the trundle back into its stored position under the main bed.

Image 5.1: The daybed with the trundle fully extended, demonstrating its capability to expand the sleeping surface.

Image 5.2: The daybed in its compact twin configuration, with the trundle neatly stored beneath.

6. MAINTENANCE

Proper care and maintenance will extend the life of your Merax Wooden Daybed.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the wood finish.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain stability and safety.
- **Wood Care:** Protect the wood from extreme temperature changes and humidity. Use coasters or protective pads if placing items on the frame.
- **Trundle Wheels:** Keep the trundle wheels clean and free of debris to ensure smooth operation.

7. TROUBLESHOOTING

If you encounter issues with your Merax Wooden Daybed, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware connections.	Check and tighten all bolts and screws. Ensure all parts are correctly aligned.
Trundle does not slide smoothly.	Debris in wheels or on floor; misaligned trundle.	Clean wheels and floor. Ensure trundle is aligned properly before pushing/pulling. Check for any obstructions.
Mattress does not fit properly.	Incorrect mattress size or thickness.	Ensure mattresses are twin size (39" x 75") and no thicker than 4 inches for the trundle.
Missing parts or damaged components upon arrival.	Shipping damage or packaging error.	Do not proceed with assembly. Contact Merax customer support immediately with your purchase details.

8. SPECIFICATIONS
