Package Contents

Verify that all items are present in your package:

- DUDAO U5Plus U5S Wireless Bluetooth Earphones
- Charging Cable
- User Manual (this document)

Product Features

- **High-Quality Sound:** Equipped with 10 mm drivers and a bio-cellulose diaphragm for clear treble. Features BassUp mode for enhanced bass.
- **Ergonomic Design:** Lightweight silicone neckband with a titanium alloy steel core for a secure and comfortable fit.

Adjustable cable length for personalized comfort.

- **Magnetic Earbuds:** Built-in magnetic suction allows the earbuds to clasp together when not in use, preventing tangling and loss.
- **Bluetooth 4.1 Connectivity:** Provides stable wireless transmission up to 10 meters. Supports automatic pairing and call-back features.
- **Long Playback Time:** Up to 7 hours of music playback on a single charge. Supports iOS power display.
- **TF Memory Card Support:** Integrated MP3 player functionality via TF card slot.
- **Noise Cancelling Microphone:** For clear call quality.
- **Water Resistant:** Designed to withstand splashes and sweat.

Setup

1. Charging the Earphones

Before first use, fully charge the earphones. Connect the charging cable to the charging port on the neckband and to a USB power source. The LED indicator will show charging status and turn off or change color when fully charged.

2. Bluetooth Pairing

1. Ensure the earphones are turned off.
2. Press and hold the Multi-function button (usually the power button) until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.

4. Select "DUDAO U5Plus" or "DUDAO U5S" from the list of found devices.
5. Once paired, the LED indicator will flash blue slowly or turn off, and you will hear a confirmation tone.

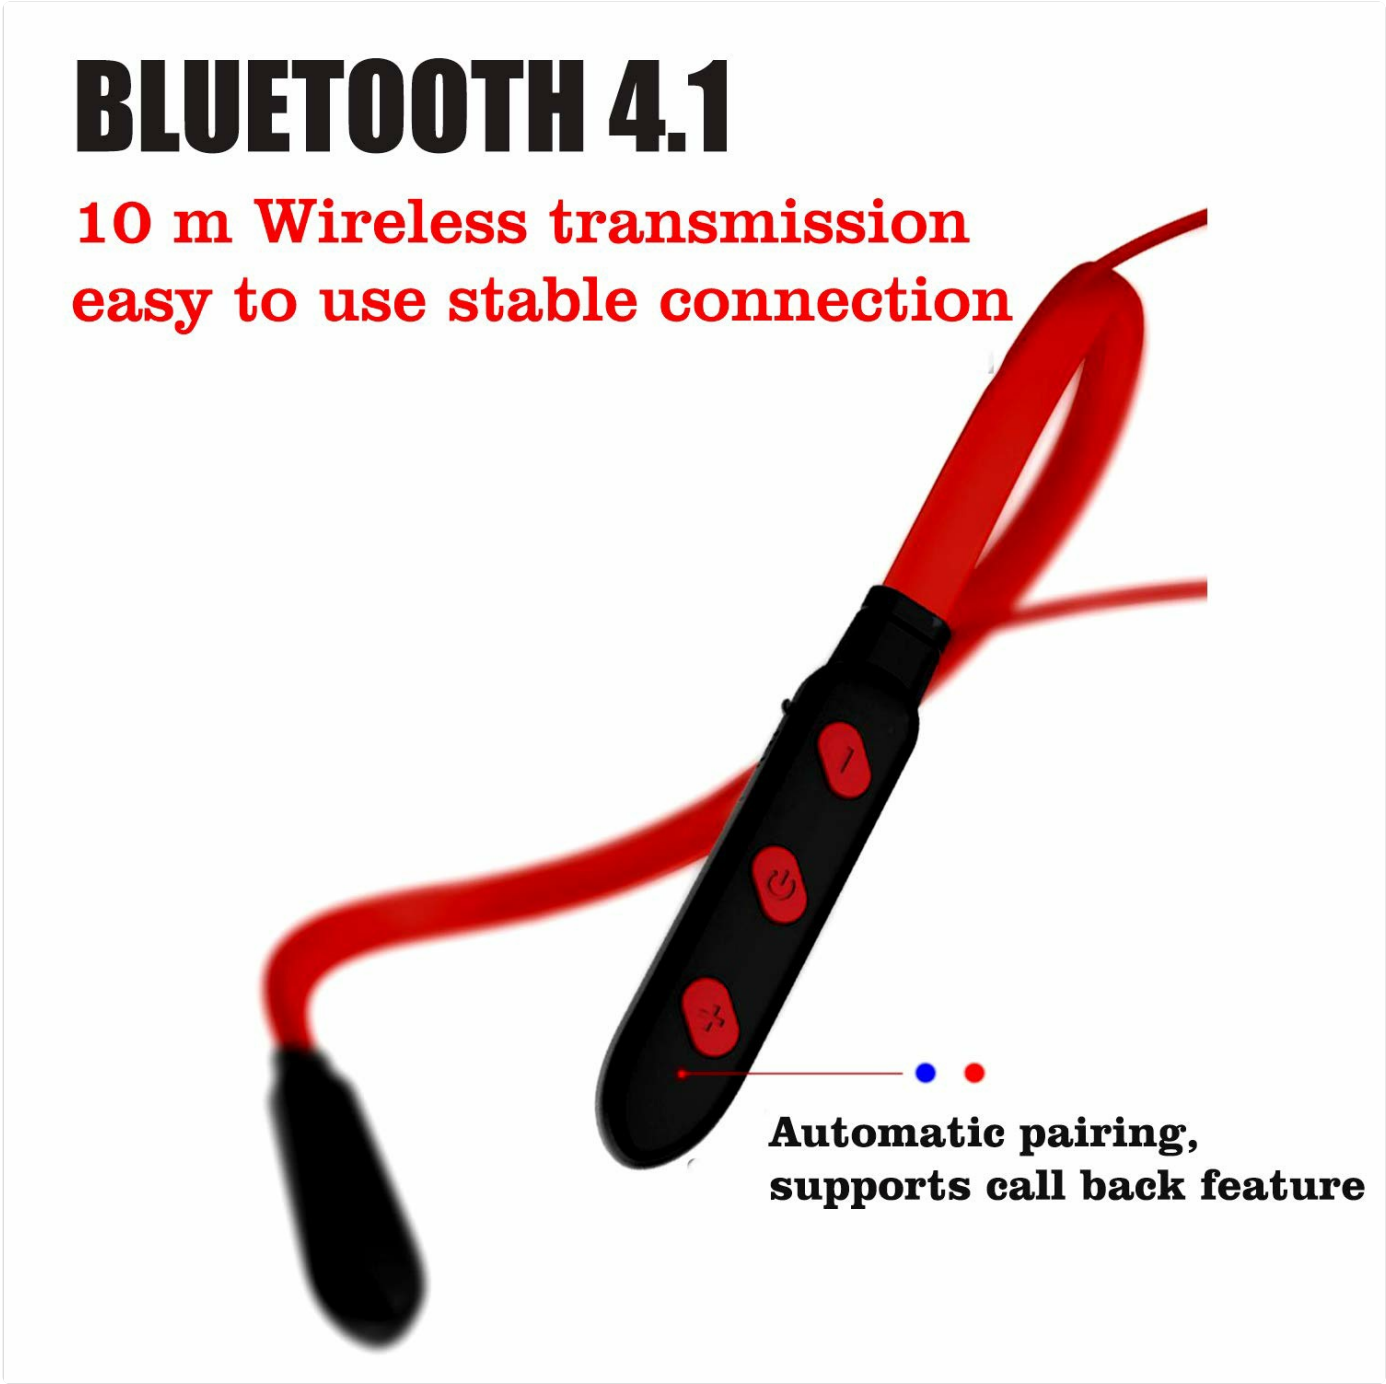

Image: Close-up of the control panel on the neckband, highlighting Bluetooth 4.1 and pairing features.

3. TF Card Insertion (Optional)

If you wish to use the MP3 player function, insert a TF (microSD) memory card with your music files into the designated slot on the neckband. The earphones will automatically switch to MP3 mode or allow you to select it.

Operating Instructions

Controls Overview

Button/Action	Function

Button/Action	Function
Power Button (Multi-function)	Press and hold: Power On/Off Short press (during call): Answer/End call Press and hold (incoming call): Reject call Short press (music): Play/Pause
Volume Up (+)	Short press: Increase volume Long press: Next track
Volume Down (-)	Short press: Decrease volume Long press: Previous track

Making and Receiving Calls

- **Answer Call:** Short press the Power/Multi-function button.
- **End Call:** Short press the Power/Multi-function button.
- **Reject Call:** Press and hold the Power/Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Power/Multi-function button.

Music Playback

- **Play/Pause:** Short press the Power/Multi-function button.
- **Next Track:** Long press the Volume Up (+) button.
- **Previous Track:** Long press the Volume Down (-) button.
- **Volume Adjustment:** Short press Volume Up (+) or Volume Down (-) buttons.

Switching Modes (Bluetooth/TF Card)

If a TF card is inserted, the earphones may automatically switch to MP3 mode. Refer to the specific button on your device (if available, often a dedicated mode button or a long press on a volume button) to switch between Bluetooth and TF card playback modes.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the earphones. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in a cool, dry place. The magnetic earbuds help prevent tangling.
- **Water Resistance:** While water resistant, avoid submerging the earphones in water or exposing them to heavy rain. Dry thoroughly if they get wet.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge regularly.

Troubleshooting

Problem	Solution
Earphones do not turn on.	Ensure the earphones are charged. Connect to a power source and try again.

Problem	Solution
Cannot pair with device.	Ensure earphones are in pairing mode (LED flashing red/blue). Make sure Bluetooth is enabled on your device. Move earphones closer to your device. Forget/remove the device from your phone's Bluetooth list and try pairing again.
No sound or low volume.	Check volume levels on both earphones and your connected device. Ensure earphones are properly paired and connected. Try playing a different audio source.
Call quality issues.	Ensure the microphone is not obstructed. Move to an area with less interference. Check your phone's network signal.
TF card not recognized.	Ensure the TF card is inserted correctly. Check if the TF card is formatted correctly and contains supported audio files. Try a different TF card.
