4. Setup

4.1. Initial Charging

Before first use, fully charge your KXT Stylus Pen. A full charge takes approximately 1 hour and provides up to 10 hours of continuous usage time.

- Connect the provided USB-C charging cable to the charging port on the stylus.
- Plug the other end of the cable into a compatible USB power source.
- The indicator light on the stylus will show charging status (e.g., red for charging, green/blue for fully charged).

4.2. Power On/Off

The KXT Stylus Pen is designed for immediate use with a single click. There is no need to connect via Bluetooth or wireless pairing for basic functionality.

- To turn on: Press the power button located on the side of the stylus. An indicator light will illuminate.
- To turn off: Press and hold the power button. The indicator light will turn off.
- The stylus will automatically turn off after a period of inactivity to conserve battery.

5. Operating Instructions

5.1. General Use

Simply touch the stylus tip to your iPad screen to begin writing, drawing, or navigating. The stylus offers a smooth and responsive experience.

5.2. Utilizing Tilt Sensitivity

For artistic applications, experiment with different angles to achieve varied line weights and shading. The stylus will respond to your tilt, providing a natural drawing feel.

5.3. Palm Rejection

Feel free to rest your hand on the screen as you would with traditional paper. The palm rejection

technology will prevent accidental touches from interfering with your work.

5.4. Undo Function

Some applications may support an 'Undo' function via a button on the stylus, typically requiring a Bluetooth connection with your iPad for this specific feature.

6. Maintenance

6.1. Replacing the Pen Nib

The stylus nib is replaceable. If the nib becomes worn or damaged, it can be easily replaced to maintain optimal performance.

- Gently twist the old nib counter-clockwise to remove it.
- Align a new replacement nib and twist it clockwise until it is securely in place.
- Replacement nibs can be purchased separately (search B08Q7TRXPC on amazon.com).

6.2. Cleaning

Wipe the stylus body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the finish.

7. Troubleshooting

- **Stylus not responding:** Ensure the stylus is charged and powered on. Check iPad compatibility and iOS version. If previously paired with an Apple Pencil, ensure Bluetooth is off on the iPad.
- **Inaccurate tracking:** Ensure the nib is securely attached and not worn. Clean the iPad screen.
- **Accidental touches:** Verify that palm rejection is functioning correctly. This feature is typically automatic.
