## Stariver 718910447630

# Stariver Electric Hot Pot User Manual

Model: Stariver Rice Cooker (718910447630)

## Introduction

Thank you for purchasing the Stariver Electric Hot Pot. This multi-functional appliance is designed for convenient cooking of various dishes such as noodles, soup, porridge, dumplings, eggs, and pasta. Its compact design and safety features make it ideal for dorms, small apartments, or travel. Please read this manual thoroughly before use to ensure safe and efficient operation.

## Important Safety Precautions

To reduce the risk of fire, electric shock, or injury, always follow these basic safety precautions:

- Read all instructions before using the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or the appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.
- The appliance is equipped with boil-dry protection and overheat protection. If the pot runs dry or overheats, it will automatically shut off.

## Product Overview

Familiarize yourself with the components of your Stariver Electric Hot Pot.

**Figure 1:** Stariver Electric Hot Pot, showing the main unit, two stainless steel food containers, and the detachable power cord. The main unit is light blue with a grey trim and a dark transparent lid. The power input port is visible on the side.

**A. Main Unit:** The primary heating element and housing, featuring a distinctive vertical stripes pattern in blue and white.

**B. Glass Lid:** Transparent lid allowing visibility of contents during cooking.

**C. Cool-Touch Handle:** Ergonomically designed handle for safe handling, preventing scalding.

**D. Power Input Port:** Located on the side of the main unit for connecting the power cord.

**E. Detachable Power Cord:** For connecting the appliance to a power outlet.

**F. Stainless Steel Interior:** The inner pot made of 304 stainless steel, highly rust-resistant and safe for food contact.

**G. Separate Heating Base:** The base of the unit that contains the heating element, designed for easy cleaning and maintenance.

## Setup

1. **Unpacking:** Carefully remove all packaging materials and inspect the appliance for any damage. Retain packaging for future storage or transport if needed.
2. **Initial Cleaning:** Before first use, wash the stainless steel interior and glass lid with warm soapy water. Rinse thoroughly and dry completely. Wipe the exterior of the main unit with a damp cloth. Do not immerse the main unit or power cord in water.
3. **Placement:** Place the electric hot pot on a stable, flat, heat-resistant surface, away from flammable materials and out of reach of children. Ensure there is adequate ventilation around the unit.
4. **Power Connection:** Insert the detachable power cord firmly into the power input port on the side of the main unit. Ensure the plug is fully inserted before connecting to a wall outlet.

**Figure 2:** Detail of the power input port and connected power cord. Ensure a secure connection for safe operation.

## Operating Instructions

The Stariver Electric Hot Pot is designed for simple operation. Follow these steps for cooking:

1. **Add Ingredients:** Place your desired ingredients and water into the stainless steel interior pot. Do not exceed the maximum fill line (if present) or overfill to prevent boiling over. The capacity is 2.0 Liters.
2. **Secure Lid:** Place the glass lid securely on top of the pot.
3. **Connect to Power:** Plug the power cord into a standard 110V AC electrical outlet. The appliance will begin heating automatically.
4. **Cooking Process:** The 300-watt heating element will quickly bring the contents to a boil. The appliance is designed to maintain a consistent temperature.
5. **Automatic Keep Warm:** Once the contents reach boiling point, the appliance will automatically switch to a "keep warm" function, maintaining the food temperature without continuous boiling. This function will cycle on and off as needed.
6. **Boil Dry Protection:** The hot pot is equipped with boil-dry protection. If the water level becomes too low or the pot runs dry, the appliance will automatically shut off to prevent damage and ensure safety.
7. **Overheat Protection:** In case of excessive temperature, the overheat protection will activate, shutting down the unit to prevent damage.
8. **Serving:** Once cooking is complete, carefully unplug the appliance from the wall outlet. Use the cool-touch handle to safely transport the pot. Exercise caution as contents will be hot.

### Cooking Suggestions:

- **Noodles/Pasta:** Add water and bring to a boil. Add noodles/pasta and cook until desired tenderness.
- **Eggs:** Place eggs in the pot with enough water to cover them. Cook to desired doneness (soft, medium, or hard-boiled).
- **Soup/Porridge:** Add ingredients and water. Allow to simmer until cooked through. The keep warm function will maintain serving temperature.

## Care and Maintenance

Proper care ensures the longevity and performance of your Stariver Electric Hot Pot.

1. **Unplug and Cool:** Always unplug the appliance from the power outlet and allow it to cool completely before cleaning.
2. **Cleaning the Interior:** The stainless steel interior pot can be hand washed with warm soapy water. Use a soft sponge or cloth to avoid scratching the surface. Rinse thoroughly to remove all soap residue.
3. **Cleaning the Exterior:** Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners or scouring pads, as they may damage the finish. Never immerse the main unit in water or any other liquid.
4. **Cleaning the Lid:** The glass lid can be washed with warm soapy water and rinsed clean.
5. **Drying:** Ensure all parts are completely dry before storing or next use.
6. **Storage:** Store the appliance in a cool, dry place. Do not wrap the power cord tightly around the appliance, as this can damage the cord over time.

## Troubleshooting

If you encounter issues with your Stariver Electric Hot Pot, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---|---|---|
| Appliance does not turn on. | ◦ Not plugged in correctly.<br>◦ Power outlet is not functioning.<br>◦ Boil-dry protection activated.<br>◦ Overheat protection activated. | ◦ Ensure the power cord is securely plugged into both the appliance and the wall outlet.<br>◦ Test the outlet with another appliance.<br>◦ Add water to the pot and allow the unit to cool down before attempting to use again.<br>◦ Unplug the unit and allow it to cool completely before attempting to use again. |
| Food is not heating sufficiently. | ◦ Insufficient water/liquid.<br>◦ Lid not properly sealed.<br>◦ Too much food in the pot. | ◦ Ensure adequate liquid is present for heating.<br>◦ Check that the lid is seated correctly on the pot.<br>◦ Reduce the amount of food to allow for proper heating. |
| Water boils over. | ◦ Pot is overfilled. | ◦ Do not fill the pot beyond the maximum fill line. Reduce the amount of liquid. |

If the problem persists after trying these solutions, please contact Stariver customer support.

## Specifications

| | |
|---|---|
| **Brand** | Stariver |
| **Model Name** | Stariver Rice Cooker |
| **Model Number** | 718910447630 |
| **Capacity** | 2 Liters |
| **Power Source** | Corded Electric |
| **Wattage** | 300 watts |
| **Voltage** | 110 Volts |
| **Color** | Blue, White |
| **Material** | Stainless Steel (Interior), Glass (Lid) |
| **Special Feature** | Automatic Keep Warm, Boil Dry Protection, Overheat Protection |
| **Product Dimensions** | 9.8 x 4.7 x 7.9 inches |
| **Item Weight** | 2.53 pounds |
| **Included Components** | Power cord, Instruction Manual |
