2. KEY FEATURES

- **Real Mechanical Blue Switches:** Experience crisp, precise tactile feedback with an audible click sound. These switches offer a 50 million keystroke lifespan, 2.2mm distance to actuation, and 50g actuation force.
- **Colorful Rainbow LED Backlit:** Features 9 distinct lighting modes with adjustable brightness to enhance your gaming atmosphere. Laser UV carved characters ensure visibility in low-light conditions.
- **87 Keys Full Anti-Ghosting:** All 87 keys are conflict-free with N-key rollover, ensuring every keypress is registered accurately, even during rapid, complex commands.

- **Ergonomic Design:** Constructed with a durable metal-ABS frame, designed for comfort during extended gaming or typing sessions.
- **Multimedia Shortcuts:** Includes 11 multimedia key combinations for efficient control of media playback and system functions.
- **Durable Construction:** Features an aluminum alloy panel, making it wear-resistant, anti-corrosion, and easy to clean. The keycaps are removable for maintenance.

SUPERIOR PERFORMANCE BLUE SWITCHES

3. SETUP GUIDE

3.1 Connecting the Keyboard

1. Locate the Micro USB port on the keyboard.
2. Connect the provided removable USB cable to the keyboard's Micro USB port.
3. Plug the other end of the USB cable into an available USB port on your computer (PC, Laptop, Chromebook, etc.).
4. The keyboard is plug-and-play and should be automatically recognized by your operating system.

3.2 System Compatibility

The EDJO Mechanical Gaming Keyboard is widely compatible with the following operating systems:

- Windows XP
- Windows Vista
- Windows 7
- Windows 8
- Windows 10
- Windows X
- Mac OS
- Other operating systems (e.g., Chrome OS)

4. OPERATING INSTRUCTIONS

4.1 Backlight Modes and Adjustment

The keyboard features 9 distinct rainbow LED backlight modes. You can cycle through these modes and adjust their brightness using the function (Fn) key combinations:

- **Change Light Mode:** Press **Fn** + **Ins** (Insert key) to cycle through the 9 available lighting effects.
- **Adjust Light Brightness:** Press **Fn** + **↑** (Up Arrow) to increase brightness.
- **Adjust Light Brightness:** Press **Fn** + **↓** (Down Arrow) to decrease brightness.

9 ADJUSTABLE RAINBOW BACKLIGHT MODES

Change Light Mode

Adjust Light Brightness

Image: Visual guide demonstrating how to change backlight modes and adjust brightness using Fn key combinations.

4.2 Multimedia Shortcuts

The keyboard includes 11 multimedia function key combinations for quick access to common tasks:

Key Combination	Function
Fn + F1	My Computer
Fn + F2	Search
Fn + F3	Calculator
Fn + F4	Media Player
Fn + F5	Previous Track
Fn + F6	Next Track
Fn + F7	Play/Pause
Fn + F8	CD Stop
Fn + F9	Mute
Fn + F10	Volume Down
Fn + F11	Volume Up

BLUE SWITCH

Excellent tactile feedback, when you press it, It has a clear clicky "kacakaca" sound

BROWN SWITCH

Has version of the Blue Switch, but Its press force & sound are less than the Blue Switch

RED SWITCH

No paragraph sense, among the three switches, Its sound is the smallest and Its press force is the smallest

Image: Diagram illustrating the 11 multimedia shortcuts accessible via the Fn key combined with F1-F11.

4.3 Anti-Ghosting Feature

The EDJO 87-Key Mechanical Gaming Keyboard features full N-key rollover anti-ghosting. This means that all 87 keys can be pressed simultaneously without any conflicts or missed inputs, ensuring accurate registration of every command during intense gaming sessions.

Image: Illustration demonstrating the 87-key full anti-ghosting capability, showing multiple simultaneous key presses being registered.

5. MAINTENANCE

To ensure the longevity and optimal performance of your EDJO Mechanical Gaming Keyboard, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the keyboard surface with a soft, dry cloth. For deeper cleaning, you can use a can of compressed air to remove dust and debris from between the keycaps.
- **Keycap Removal:** The keycaps are removable, allowing for easier cleaning underneath. Use a keycap puller (if available) or gently pry them off. Ensure the keyboard is unplugged before removing keycaps.
- **Avoid Liquids:** While the keyboard has some water resistance, avoid direct exposure to large amounts of liquid. If spills occur, unplug the keyboard immediately and allow it to dry completely before reconnecting.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

6. TROUBLESHOOTING

If you encounter any issues with your EDJO Mechanical Gaming Keyboard, please refer to the following common problems and solutions:

- **Keyboard Not Responding:**

- Ensure the USB cable is securely connected to both the keyboard and the computer.
- Try plugging the keyboard into a different USB port on your computer.
- Restart your computer.
- Test the keyboard on another computer to determine if the issue is with the keyboard or the computer's USB port/drivers.

- **Backlight Not Working or Flickering:**

- Ensure the backlight is not turned off or set to the lowest brightness level using **Fn** + **↑/↓**.
- Try cycling through the backlight modes using **Fn** + **Ins**.

- **Keys Not Registering or Double-Typing:**

- Check for any debris or foreign objects stuck under the keycap. Gently remove the keycap and clean the switch area.
- Ensure the keyboard drivers are up to date (usually handled automatically by the operating system).

If you encounter any problems during use that are not resolved by the above steps, please contact EDJO customer support via Amazon email for a satisfactory solution.

7. SPECIFICATIONS

Attribute	Detail
Brand	EDJO
Manufacturer	EDJO
Model	XYUS-MK201
Part Number	XYUS-MK201
Operating System Compatibility	Windows XP/Vista/7/8/10/X, Mac, Chrome-book, etc.
Hardware Platform	PC
Compatible Devices	Laptop, Desktop Computer
Special Features	Backlit, Ergonomic, Anti-Ghosting, Multimedia Keys
