

YOGASLEEP Duet 4001230

Yogasleep Duet White Noise Sound Machine & Night Light Instruction Manual

Model: Duet 4001230

INTRODUCTION

The Yogasleep Duet is a versatile device designed to enhance your sleep environment and provide soothing sounds for relaxation, concentration, and sleep aid. It combines a white noise sound machine, a warm amber night light, and a Bluetooth-enabled wireless speaker into one compact unit. This manual provides comprehensive instructions for setting up, operating, and maintaining your Duet device.

SAFETY INFORMATION

Always plug in the device to operate. Do not use in a wet environment. Not intended for use as a toy. Follow noise exposure limits for prolonged use.

SETUP

1. Unbox the Yogasleep Duet.
2. Connect the USB cord to power the device. (A USB power adapter wall plug is not included.)
3. The unit must be plugged in at all times to remain on and operating.

5ft 5V DC 1A USB power cable included

*Adaptor not included

OPERATING INSTRUCTIONS

Power and Sound Selection

The Yogasleep Duet offers 30 non-looping sounds, including 2 Dohm signature sounds, various fan sounds, white noise, brown noise, pink noise, 9 nature sounds, relaxation tracks, and calming classically-inspired lullabies.

1. Use the button interface on the top of the device to select a sound.
2. Adjust the volume to your preference using the dedicated volume controls. The device can reach a volume of up to 88.1dB, suitable for masking various ambient noises.

Night Light Function

The Duet features a soft amber night light with gradient brightness, ideal for nighttime feedings or as a comforting light source.

- Simply hold down the night light button to adjust its brightness.

NIGHT LIGHT IN WARM AMBER TONE

Bluetooth Speaker Functionality

The device includes wireless speaker functionality, allowing you to stream audio from your smartphone.

- Connect your smartphone to the Duet speaker wirelessly to stream your favorite sleep soundtrack, podcast, or music.

MAINTENANCE

To ensure the longevity and optimal performance of your Yogasleep Duet, follow these simple maintenance guidelines:

- Wipe the exterior of the device with a soft, dry cloth.
- Avoid using abrasive cleaners, solvents, or harsh chemicals.
- Do not immerse the device in water or expose it to excessive moisture.

- Keep the air vents clear of dust and debris to prevent overheating.

TROUBLESHOOTING

If you encounter any issues with your Yogasleep Duet, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the USB cord is securely connected to the device and a working power source. Remember, a USB power adapter wall plug is not included and must be provided separately.
- **No Sound:** Check that the device is powered on and the volume is turned up. Cycle through the sound options to ensure a sound is selected.
- **Bluetooth Connectivity Issues:** Ensure Bluetooth is enabled on your smartphone and the Duet is within range. Try restarting both the Duet and your smartphone.
- **Night Light Not Working:** Verify the device is powered on. If the night light is unresponsive, try adjusting the brightness by holding down the night light button.
- **Unusual Noises:** Ensure the device is placed on a flat, stable surface. Check for any obstructions in the air vents.
- If problems persist, please contact Yogasleep customer support for further assistance.
