Yale 05/401C00/WH

Yale Connect Wi-Fi Bridge (Model 05/401C00/WH) - Instruction Manual

Brand: Yale | Model: 05/401C00/WH

1. INTRODUCTION

The Yale Connect Wi-Fi Bridge extends the functionality of your LINUS Smart Lock, enabling remote access, control, and integration with various smart home systems and voice assistants. This manual will guide you through the setup, operation, and maintenance of your device to ensure optimal performance and security.

2. PACKAGE CONTENTS

Please ensure all items are present in the package:

- 1x Yale Connect Wi-Fi Bridge (Model 05/401C00/WH)
- Quick Start Guide
- Safety and Warranty Information

3. SETUP AND INSTALLATION

Follow these steps to set up your Yale Connect Wi-Fi Bridge:

1. **Power On:** Plug the Yale Connect Wi-Fi Bridge into a power outlet within close proximity to your LINUS Smart Lock. Ensure it is within Wi-Fi range of your home network.
2. **Download Yale Home App:** Download the latest version of the Yale Home app from your smartphone's app store (available for iOS and Android).
3. **Create Account/Log In:** Open the app and create a new account or log in if you already have one.

- Add Device:** In the Yale Home app, navigate to "Set up a new device" or tap the '+' icon to add your Yale Connect Wi-Fi Bridge.
- Pair with Smart Lock:** Follow the on-screen instructions to pair the Wi-Fi Bridge with your existing LINUS Smart Lock. This typically involves activating pairing mode on both devices.
- Connect to Wi-Fi:** The app will guide you through connecting the Wi-Fi Bridge to your home Wi-Fi network. Enter your Wi-Fi credentials when prompted.
- Firmware Update:** The app may prompt you to update the device firmware. Ensure the update is completed for optimal performance and security.

4. OPERATING INSTRUCTIONS

Once installed, the Yale Connect Wi-Fi Bridge enables the following functionalities:

- Remote Access:** Lock or unlock your LINUS Smart Lock from anywhere using the Yale Home app.
- Digital Key Management:** Grant or revoke access to guests, family, or service providers by sending virtual keys through the app, even when you're away.
- Real-time Notifications:** Receive instant alerts on your smartphone about door activity, such as when the door is locked, unlocked, or left ajar (requires DoorSense™).
- Voice Assistant Integration:** Connect your LINUS Smart Lock to popular voice assistants (e.g., Amazon Alexa, Google Assistant) for hands-free control.
- DoorSense™ Technology:** Monitor the status of your door (open/closed, locked/unlocked) directly from the app.

5. FEATURES

- Enables remote integration with voice assistants and remote functionalities for your LINUS Smart Lock via smartphone.
- Provides remote access history, allowing you to know who enters and when.
- Allows granting permanent or temporary virtual keys and blocking user access remotely.
- Innovative DoorSense™ technology provides real-time security status of your door.
- Sends real-time notifications for door activity, including entry/exit and lock status.
- Compatible with major Home Systems, voice assistants, and rental platforms for effortless remote access control.

6. MAINTENANCE

- Cleaning:** Use a soft, dry cloth to clean the device. Avoid abrasive cleaners or solvents.
- Firmware Updates:** Regularly check the Yale Home app for available firmware updates to ensure your device remains secure and performs optimally.

device has the latest features and security enhancements.

- **Network Stability:** Ensure your home Wi-Fi network is stable and the bridge is within optimal range for consistent connectivity.

7. TROUBLESHOOTING

- **Device Not Connecting:**

- Ensure the bridge is plugged into a working power outlet.
- Verify your home Wi-Fi network is active and the signal is strong where the bridge is located.
- Restart the bridge by unplugging and re-plugging it.
- Check if the LINUS Smart Lock is powered on and within Bluetooth range of the bridge.

- **App Issues:**

- Ensure your Yale Home app is updated to the latest version.
- Restart your smartphone.
- Clear the app cache or reinstall the app if issues persist.

- **Remote Access Problems:**

- Confirm the bridge is connected to the internet (check indicator light on the device).
- Ensure your smartphone has an active internet connection.

8. SPECIFICATIONS

Attribute	Value
Brand	Yale
Model Number	05/401C00/WH
Product Dimensions	6 x 6 x 6 cm
Item Weight	87 grams
Color	White
Material	Plastic
Power Type	Manual Operation (referring to plug-in)
Special Features	Access Code Unlock (via app functionality)
Included Components	Wi-Fi Bridge
Plug Type	C Plug
