ASSEMBLY INSTRUCTIONS

Follow these general steps to assemble your X Rocker Gaming Chair:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.

2. **Attach Base:** Securely attach the chair's base to the main seat unit using the provided hardware. Ensure all screws are tightened firmly.

3. **Connect Wiring:** If there are any internal wires for the audio system that need connecting during assembly, follow the specific diagrams provided in the physical manual (if applicable).

4. **Final Check:** Once assembled, gently test the chair's stability and ensure all connections are secure before use.

For detailed, step-by-step assembly instructions, please refer to the diagrammatic guide included with your product packaging.

OPERATING INSTRUCTIONS

Control Panel Overview

Image: Close-up of the X Rocker gaming chair control panel, showing volume dial, power switch, and input/output ports.

The control panel is located on the side of the chair and provides access to power, volume, and audio connections.

Powering On/Off

- Connect the power adapter to the chair's power input and then to a wall outlet.
- Locate the **ON/OFF** switch on the control panel. Flip it to the **ON** position to power on the chair's audio system.
- Flip the switch to the **OFF** position when not in use.

Wired Audio Connection

To connect your gaming console, TV, or other audio device via cable:

1. Ensure the chair is powered off.
2. Use the provided audio cables (e.g., 3.5mm to RCA) to connect the **AUDIO OUT** port of your device to the **INPUT** port on the chair's control panel.
3. Power on the chair and your audio device.
4. Adjust the volume using the dial on the control panel and your device's volume controls.

Wireless Bluetooth Connection

To connect your device wirelessly via Bluetooth:

1. Ensure the chair is powered on.

2. Activate Bluetooth on your mobile device (smartphone, tablet, etc.).

3. On your device, search for available Bluetooth devices. You should see "X Rocker" or a similar name appear in the list.

4. Select "X Rocker" to pair your device. A confirmation sound may play from the chair.

5. Once paired, audio from your device will play through the chair's 2.1 sound system.

Volume and Vibration Control

- **Volume:** Use the large dial on the control panel to adjust the overall volume of the chair's audio system.

- **Vibration:** The chair's vibration feature is linked to the bass output of the audio system. Ensure your audio source has sufficient bass for optimal vibration feedback.

MAINTENANCE

Cleaning

- Always disconnect the chair from the power source before cleaning.
- Wipe the synthetic leather surface with a soft, damp cloth.
- Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the material.
- For stubborn stains, use a mild soap solution and wipe immediately with a clean, damp cloth.

Storage

The X Rocker gaming chair can be folded for more compact storage when not in use.
