# Mega Bloks Pull-Along Puppy Preschool Building Set (GNW63) Instruction Manual

Model: GNW63

Brand: Mega

---

## INTRODUCTION

The Mega Bloks Pull-Along Puppy Preschool Building Set (GNW63) is an interactive toy designed for toddlers aged 12 months and older. This set combines the fun of a pull-along toy with the developmental benefits of building blocks. Children can feed the puppy with blocks, pull it along to see the blocks released, and build directly on the puppy's various surfaces.

## IMPORTANT SAFETY INFORMATION

---

- **Age Recommendation:** This toy is suitable for children aged 12 months to 5 years.
- **Adult Supervision:** Always ensure adult supervision during play to prevent potential hazards.
- **Choking Hazard:** While blocks are large, always ensure children do not place any parts in their mouth.
- **Leash Safety:** The pull-along leash is designed for play. Do not wrap it around a child's neck.
- **Inspection:** Regularly inspect the toy for any damage or loose parts. Discontinue use if any damage is found.

## PACKAGE CONTENTS

---

The Mega Bloks Pull-Along Puppy set includes the following items:

- 1 x Pull-Along Puppy with rolling wheelbase
- 15 x Big Building Blocks (various colors)

## SETUP AND ASSEMBLY

---

The Mega Bloks Pull-Along Puppy (GNW63) comes pre-assembled and ready for play. No additional

assembly is required. Simply remove the toy and blocks from the packaging.

## OPERATING INSTRUCTIONS

### 1. Feeding the Puppy

To 'feed' the puppy, place the big building blocks into its open mouth. The blocks will be stored inside the puppy's body, ready for the next play action.

## 2. Pull-Along Function and Block Release

Hold the red leash attached to the puppy's collar. Gently pull the puppy along a flat surface. As the puppy moves, the blocks previously stored inside will be released from its rear, simulating a 'pooping' action. This encourages cause-and-effect learning and gross motor skill development.

### **3. Building with Blocks**

The included big building blocks are compatible with all Mega Bloks building toys. Children can use these blocks to construct directly on the puppy's head, back, and nose, which feature building surfaces. This activity promotes creativity, fine motor skills, and problem-solving.

## CARE AND MAINTENANCE

- **Cleaning:** Wipe the puppy and blocks with a damp cloth using mild soap if necessary. Rinse thoroughly with clean water and air dry completely before storage or next use.
- **Storage:** Store the toy and blocks in a clean, dry place away from direct sunlight and extreme temperatures.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or solvents, as these can damage the toy's finish and materials.

## TROUBLESHOOTING

**Issue: Blocks are not releasing smoothly from the puppy.**

**Solution:** Check the internal mechanism for any obstructions. Ensure the blocks are inserted correctly and are not jammed. If the issue persists, ensure the puppy is being pulled on a flat, even surface.

**Issue: Puppy wheels are not rolling smoothly.**

**Solution:** Inspect the wheels for any debris, hair, or foreign objects that might be impeding their movement. Clean as necessary.
